Section 354D-3.5; Hawaii Revised Statutes

Fiscal Year 2012

ANNUAL REPORT
OF
HAWAII CORRECTIONAL INDUSTRIES

"Building Great Products & Services through the Building of Great People!"

October 2012

This report is in response to Section 354D-3.5, Hawaii Revised Statutes, "The department shall submit to the legislature an annual report at least twenty days prior to the convening of each regular session, which shall include:

- (1) A listing by position number and title of all positions established under section 354D-3;
- (2) The salaries paid to the employees in these positions;
- (3) A description of the duties and responsibilities of each employee; And
- (4) The usual work site of each employee."

I. WHO WE ARE...

A Rich History Since 1935!

As a division of the Department of Public Safety, **Hawaii Correctional Industries (HCI)** provides work related skills for offenders, which increase their employment prospects upon release. Qualified, able-bodied inmates are utilized in the manufacturing or production of goods and services needed for the construction, operation and maintenance of any office, department, institution or agency supported in whole or in part by the state, cities, or counties of Hawaii.

Current programs located at Halawa Correctional Facility include the Department of Public Safety Canteen, which services the Oahu institutions with their inmate stores, a printing plant with products ranging from business cards to instant document reproduction; a sewing plant currently manufacturing Adult Correctional Officer uniforms for all Department of Public Safety institutions; and installation of panel systems; and maintenance labor forces out of the Oahu Community Correctional Center, Hawaii Community Correctional Center, Waiawa Correctional Facility and Women's Community Correctional Center. We are in the process of reopening our furniture plant at the Halawa Correctional Facility specializing in furniture refurbishing and assembly of modular furnishings.

II. OUR VALUES... At HAWAII CORRECTIONAL INDUSTRIES, our product is People!

Our Vision:

Building Great Products and Services through the Building of Great People.

Our Mission:

Correctional Industries is a self-sustaining entity that provides all able-bodied inmates of the State of Hawaii with real-world work opportunities that develop trade and personal skills ensuring the individual's ability to be productive citizen upon release.

Our Mantra:

"Work That Changes Lives!"

Our Values:

Character: *doing everything with sound integrity and a positive attitude!*

Capabilities: *increasing in our strengths and performance.*

Collaborating: *working with, building new relationships and strengthening existing ones.*

Commitment: *being committed to the [3-C's]*

- *The **Cause** (The Vision & Mission of HCI)*
- *The **Community** (External)*
- *The **Company** (Internal)*

Correctional Industries Exempt Positions

Hawaii Correctional Industries is authorized forty two (42) exempt positions within the Correctional Industries Division, Department of Public Safety. These positions are required to staff all of the Correctional Industries programs and all expansion plans.

While Correctional Industries has a total of 42 exempt positions authorized, 25 positions have been filled as of June 30, 2012. The remaining 17 established positions are in active recruitment. We are currently developing new revenues streams with State, County, and private sector agencies. Once in place, the new revenue streams will provide additional work opportunities to more inmates. The exempt positions currently filled and utilized in the following areas: PSD Canteen, Light Construction Operations, Sewing, Mattress, PSD/DOE Partnership – Playground Installations, Business Office/Marketing and Sales, Distribution/Warehouse, HCCC outside workline, and a Joint Venture Program on the island of Hawaii.

Although Correctional Industries has had a slight decrease in inmate employment, 360 in FY 2011 compared to 268 in FY 2012, we are still able to acquire inmates from Waiawa Correctional Facility and Women's Community Correctional Center to work with our supervisors. The pool of inmates that we employ is staying on the job for longer spans of time and with fewer turnovers. Correctional Industries will continue to expand its current programs and will continue looking for new programs to increase sales and inmate employment. These programs provide quality products at cost savings to the State of Hawaii. They also provide inmates with vocational training, keep inmates productive, and/or redirect inmates to have a trade and or work ethic when released.

IV. GOALS, & FUTURE ENDEAVORS...

Hawaii Correctional Industries also, provides external work lines for The Department of Transportation highway maintenance and other state agencies providing construction, renovations, demolitions, installation and moving needs.

Expansion is planned for the Department of Transportation to add an additional external work-line for highway landscaping maintenance, which will increase the total number to 6. We also have plans to expand our services to other state and city agencies as well as non-profits.

HCI is hoping to continue efforts with the Department of Education to renovate and install brand new playgrounds for Hawaii's children. More than 260 playgrounds throughout the State of Hawaii were completed during a three-year partnership.

Correctional Industries currently has a joint venture with a private sector company on the Big Island, where a workforce of approximately eight inmates at a time is employed to assist with fruit picking or packing. Offenders receive minimum wage up to prevailing wages. HCI hopes to increase inmate work opportunities on the Big Island.

Purpose of Appropriation

Correctional Industries is a field division under the Deputy Director of Corrections, Department of Public Safety. Hawaii Revised Statutes Section 354-D requires that Correctional Industries programs be expanded to provide comprehensive work programs for all qualified, able-bodied inmates. These programs are mandated to: generate revenue to sustain their operation and allow for capital investment; provide specific training skills for offenders which increase their employment prospects when they return to their community; provide a maximum level of work for all qualified, able-bodied inmates; provide an environment for the operation similar to that of a private business operation; encourage

cooperative training ventures with the private sector; and provide low-cost construction, renovations, and repairs of facilities for government agencies and non-profit organizations.

Correctional Industries operates programs using sound fundamental business practices to provide quality goods and services on time to customers, whether those customers be the public, governmental agencies, non-profit organizations or the correctional system itself.

Correctional Industries is mandated by law to be self-sufficient. A Correctional Industries revolving fund was created and is administered by the Department. All monies collected by the Department from the sale or disposition of goods and services produced in accordance with Chapter 354D HRS are deposited into the Correctional Industries' revolving fund. The proceeds in the Correctional Industries' revolving fund are utilized for: The purchase or lease of supplies, equipment, and machinery; the construction, lease, or renovation of buildings used to carry out the purposes of Correctional Industries; the salary of personnel necessary to administer the enterprises established; payment of inmates for worker assignments and all other necessary expenses. Correctional Industries does not receive any general fund monies. The Correctional Industries revolving fund appropriation is developed based on a forecast of revenues expected as a result of manufacturing products and providing services.

Growth of Correctional Industries programs is necessary to attain the mandate to provide a maximum level of work for all qualified, able-bodied inmates. The salaries of personnel necessary to administer the enterprises are required to come out of the Correctional Industries revolving fund and not the state general fund.
