

Department of Public Safety COVID-19 Update for 4/29/21

2 MCCC Staff Test Positive, MCCC Inmate Population Clear of COVID-19

COVID-19 testing is continuously being conducted statewide at all facilities. Two (2) employees from the Maui Community Correctional Center (MCCC) have reported positive test results. The first employee last worked April 16 and the second last worked April 22. Although no other staff have reported symptoms, five (5) employees were instructed to quarantine at home as a precaution. The one (1) remaining active positive inmate at MCCC has recovered, which means there are currently no active COVID-19 cases in the inmate population. MCCC also reports 22 negative staff results and 26 negative inmate results.

All other facilities statewide are clear of COVID-19 cases. There were 16 negative inmate test results received for the O'ahu Community Correctional Center, eight (8) negative inmate results received for the Women's Community Correctional Center, and one (1) negative inmate test result for the Hawaii Community Correctional Center.
