UPDATES (6/5/20)**

(HONOLULU) – There are no confirmed cases of COVID-19 in the prisons or jails.

PSD Population Report

Please see the March 2 to June 5 population decrease report below. The jail reductions are due to the up-front diversion efforts made by county police departments, PSD’s Intake Services Center Division and the State Judiciary. Additional recent reductions are due to the collaborative efforts of the state public defender’s office, county prosecutors, the Hawai’i Supreme Court and the Supreme Court appointed Special Master, Judge Dan Foley. As the focus has shifted to the sentenced prison population, reports now include the prisons.
