Name of Fund:	PROGRAM FOR NEGLECTED & DELINQUENT CHFund type (MOF)		N
Legal Authority	Act 49, SLH 2017	Appropriation Acct. No.	S-18-221-V1

Intended Purpose:

Prevention and Intervention Programs for Children and Youth who are Neglected, Delinquent, and At Risk. Title 1 Part D, N& D program is for inmates who are aged 21 and younger.

Source of Revenues:

Title I Part D Negligent and Delinquent Grant

Current Program Activities/Allowable Expenses:

Instruction to support CPS program, Supplies and Equipment. Current program activities include: Teaching academic classes, Pathways to Success Program, Explorations program

Purpose of Proposed Ceiling Increase (if applicable): N/A

Variances:

An E-4 extended the grant period for this account. The amounts of the award depend on the number of inmates who were reported to be qualified for the grant. CPS-E has not been spending the grant awarded because of the difficulty in meeting the 15 hour instructional time per week requirement. Some of the expenditure for FY 2021 is due to the acquisition of the online Learning Management System that was recommended by the HIDEOE Title I Coordinator and is an allowable expense. There was a delay in expending the funds due to COVID-19 and practicing social distance.

Intended Purpose:

This project's purpose is to continue supporting the operations of the Bridge Program so that inmates can continue to receive critical substance abuse reentry services. Program services are designed to assist inmates with their recovery, reduce recidivism and relapse by providing them with the necessary tools to help prepare for successful reintegration into the community.

Source of Revenues:

U.S. Department of Justice. Subgrant from State of Hawaii, Office of the Attorney General

Current Program Activities/Allowable Expenses:

The acquisition of curriculum, equipment, and supplies to support the learning process are important. Equipment to support a living environment conducive to transitioning into the community will include furniture, televisions, and the common use areas of the dormitories. Materials such as paint for common use areas, pens, pencils, paper, legal pads, etc. help to create an environment conducive to achieve the goals and objectives of the program. Current program activities include: Inmates are in the Bridge program for a targeted six months and a maximum of 12 months. During their Bridge program stay, they are assisted with cognitive behavioral interventions in a social learning environment utilizing evidence based curriculum for transitioning populations developed by the Change Companies. This will enable the staff working at the Bridge Program sites to work with the program participants and develop an understanding of the unique challenges that they face. The staff facilitating these groups will help the participants develop their skills to effectively navigate and manage their lives during their transition through their transition through role-playing real-life situations before it occurs outside in the community to better prepare themselves to respond as opposed to react. Program participants are also provided opportunities to practice prosocial skills learned and developed as they earn increasing furlough hours based on their performance.

Purpose of Proposed Ceiling Increase (if applicable):N/A

Variances:

In regard to our Residential Substance Abuse Treatment (RSAT) grant, PSD is the recipient or sub-grantee of Federal Grant money that passes through the Attorney General's Office. The amounts are predetermined and calculated dependent on how much money Federal allots for various programs around the country. The expenditure and revenues occurred during the account's grant period.

Legal Authority:	<u>Act 124, SLH 2016</u>	Appropriation Acct. No.:	<u>S-17-264-V1</u>

Intended Purpose:

The VOCA Grant provides financial assistance and reimbursements to violent crime victims and their surviving family members for the costs associated with being a victim or survivor of a violent crime, and to encourage victim cooperation and participation in the criminal justice system.

Source of Revenues:

Federal fund proceeds from the VOCA Grant.

Current Program Activities/Allowable Expenses:

Funds are primarily used to pay compensation to victims of violent crimes. The grant allows the Crime Victim Compensation Commission to use 5% of the grant for administrative purposes such as personnel costs and office supplies.

Purpose of Proposed Ceiling Increase (if applicable): N/A

Variances:

The Commission's revenue fluctuates as it is dependent upon the federal Victims of Crime Act (VOCA) grant award the Commission receives. The Commission receives a 60% match of state funds expended for direct victim compensation. The Commission's expenditures for this federal grant account are between 95% - 100% for direct victim compensation claims. The expenditures are limited by the grant award amounts received as revenue. The Commission is limited to spending 5% of its grant award on administrative costs which it did in FY2017 to cover the travel cost for an employee to attend the VOCA National Training Conference which is a requirement of the grant award. The expenditure and revenues occurred during the account's grant period.

Variances:

For FY20 / FY21 - In FY20 HCI restructured and closed the Print Shop, KCF Furniture Shop and Special Projects due to them being unproductive and draining our resources. HCI has expanded its labor-based contract with the DOT Highways Division. We had also added Maui DOT in FY20 but due to COVID-19 pandemic we had to shut it down. Even with the shutdown of these shops we were still able to increase revenue due to additional work from DOT and increase sales in our commissary. Also, a special project of making face masks by inmates during the shutdown of the state help generate some revenue. In FY21 we are adding Fogging and Modular Furniture to help us increase our revenue for the year. With the elimination of shops in FY20 expenditures were reduced, but in FY21, we do expect it to again increase in relationship to the new business that we are bringing in.

Legal Authority:	<u>Act 9, SLH 2020</u>	Appropriation Acct. No.:	<u>S-323-V1</u>

Intended Purpose:
Act 206, SLH 1998 established this account and a system of compensation fees to generate revenue to fund the operation of the Crime Victim Compensation Commission (CVCC).

Source of Revenues:
Funds received pursuant to Section 354D-12(b)(1), 351-35, 351-62.6, 351-63, 706-605, and 853-1.

Current Program Activities/Allowable Expenses:
Moneys received are used for compensation payments, operating expenses, and to fund positions as authorized by the legislature.

Purpose of Proposed Ceiling Increase (if applicable): N/A

Variations:
The increase in revenue for FY2017 is related to an increase in restitution reimbursed to the Commission for cases in which the Commission previously paid the victim. Restitution collection increased due to the Justice Reinvestment (JRI) project and the focus by the Commission's JRI section on restitution collection. The increase also included an increase in compensation fees collected by the Commission's JRI section. The decrease in revenue for FY2018 is related to a significant decrease in compensation fee collections by the Judiciary as well as a decrease in restitution collection. FY2019 revenue collections show an additional decrease in compensation fee collections from the Judiciary which was somewhat offset by an increase in restitution collections. FY2020 revenue collections show a continued decline in compensation fee collections by the Judiciary as well as decreased restitution collections. The Commission's expenditures for victim compensation, operational expenses, and payroll generally track closely to the Commission's revenue. In FY2019, the Commission's increase in expenditures is attributed to an increase in compensation awards from state funds for crime victims, pay increases to staff awarded by the Commissioners, and the payment of administrative fees for two fiscal years were paid during the one fiscal year. In FY2020, the Commission's expenditures for payroll were higher due to the previously awarded pay increases, state funded victim compensation awards and operational expenses did slightly decrease.

Name of Fund:	LAW ENFORCEMENT SERVICES - AIRPORT	Fund type (MOF):	U
Legal Authority:	Act 9, SLH 2020	Appropriation Acct. No.:	S-334-V1

Intended Purpose:
To fund the Deputy Sheriffs stationed at the Honolulu International Airport.

Source of Revenues:
DOT Airport

Current Program Activities/Allowable Expenses:
Funds are used to pay for expenses incurred by the Deputy Sheriffs assigned in Airport. 24/7 Personnel operation (salaries/overtime/holiday overtime/other payroll)

Purpose of Proposed Ceiling Increase (if applicable): N/A

Variations:
Starting in FY21 there is an increase the appropriated ceiling by \$1M (ACT 9, SLH 2020). FY18-19 increase for expenditure and revenues is due to increase in fringe benefit rate, collective bargaining, and obtaining more positions at the airport. Sheriff Airport only source of revenues comes from Department of Transportation Airport. Security at the Airport have had multiple unforeseen emergency incidents. Expenditure can vary from year to year, depending on the activities and security requirements at Honolulu International Airport. The reason the expenditures in FY17 & FY19 are more than the appropriate ceiling is because the collective bargaining was allotted in the middle of the years.

Purpose of Proposed Ceiling Increase (if applicable): N/A

Variances:
In reviewing the expenditures of FY17, the APPRISS contract was renegotiated and reduced to approximately \$75,000/in the 1st year and \$77,250 the following year. Prior to this, we were paying approximately \$126,000. In FY18, there was no payroll costs attached to the SAVIN budget/expenditure. This may be due to other staff members having to cover the position while fulfilling their primary job duties. In FY19, the SAVIN Coordinator position was filled during the 3rd quarter FY19. This has resulted in a slight increase to the expenditures. In addition, travel expenses from the SAVIN Governance committee were being received late and reimbursements were delivered toward the end of the FY19. FY20 increase in revenues even during the shutdown of services/visits from COVID-19 restrictions, as funds received were from the inmates' commissary purchases and telephone tax.. While the increase in expenditure in FY20 was due to SAVIN Coordinator position being filled and an increase in marketing including a TV ad.
