Wardens,

As mentioned and discussed earlier, please adhere to DIR's directive. Thank you

June 8, 2020

TO: Warden
FROM: 
Nolan P. Espinda, Director
SUBJECT: New Admissions Quarantine Process

In response to PSD's Pandemic Response Plan and CDC's Interim Guidance on Management of Coronavirus Disease 2019 (COVID-19) in Correctional and Detention Facilities, the quarantine of all new intakes for 14 days before they enter the facility's general population is imperative in an effort to prevent the potential introduction, spread, and mitigation of the virus.

The interim guidance will not necessarily address every possible custodial setting and may need to be adapted based on our statewide facilities' physical space, staffing, population, operations, and other resources and conditions.

As such, depending on your facility and its capability of quarantining all intakes for the entire 14-day period, you are directed to follow your facility pandemic plan protocols.
