COMMUNITY RESOURCE GUIDE

Department of Public Safety
State of Hawaii

Since the late 1990s, the Department of Public Safety has published a list of agencies and community service providers available to assist offenders transitioning back into the community. With each passing year, these resources, both within government and in the community, experience change. While there have been continuous improvements to the types of services available, this year's publication remains focused on updating the existing lists in each of the individual counties statewide.

The 2023 Community Resource Guide continues to be maintained by the Department's Reentry Coordination Office whose mission is, to establish a process of transition for those incarcerated, to utilize available and known resources, both in-facility and in collaboration with community service providers, our partners, and other stakeholders to create a realistic but sustainable model for successful transition from incarceration back into the community. The purpose of this guide is to provide offenders and their families, a listing of contact information for programs, services, and resources as up to date as possible at the time of publication, as they work towards a successful reentry and reunification.

The latest version of the Community Resource Guide can be located on our website at www.dps.hawaii.gov.

BACKGROUND

The Hawai'i state Department of Public Safety (PSD) oversees the state's jails and prisons as well as a sheriffs division that provides law enforcement at state facilities, including court houses and airports. Our Mission Statement: To uphold justice and public safety by providing correctional and law enforcement services to Hawaii's communities with professionalism, integrity, and fairness.

Administration: Handles everything from training and staff development, personnel management, management of the operating budget, and capital improvements program budget.

Corrections: Oversees the state's jails and prisons. Represents 85 percent of the department's annual operating costs.

Law Enforcement: Includes the sheriff's division and narcotics enforcement division.

The department oversees four (4) jails and four (4) prisons in Hawai'i that imprison roughly 5,300 of the state's citizens. That includes approximately 1,450 prisoners in mainland facilities.

Jails: Hawai'i Community Correctional Center, Kaua'i Community Correctional Center, Maui Community Correctional Center, and the O'ahu Community Correctional Center.

Prisons: Hālawā Correctional Facility, Kūlani Correctional Facility, Waiawa Correctional Facility, and the Women's Community Correctional Center. All four prisons are located on the island of O'ahu.

The department submits annual reports to the Hawai'i Legislature on its various programs.

The Directory:

The creation of this directory was influenced by an Offender Workforce Development Specialist (OWDS) Training Initiative which promoted collaboration between criminal justice agencies and community organizations to increase positive offender employment outcomes. In addition to the training, specific workgroups were created to address barriers related to offender reentry. Hence, the workgroup that laid the groundwork for this directory is called, "Pacific Resource." This directory is one of many strategies that will assist individuals in making a successful transition from prison/jail to the community. The development of this directory would not have been possible without the partnerships of and collaboration with many government and community agencies. Therefore, we would like to thank all those involved who worked tirelessly on this effort.

This updated 2023 version, has added a description of many of the agencies in order to promote better usage of this directory. In addition, there has been great effort to list services across all counties.

Please note that this information is being provided for your convenience and for informational purposes only. While we aim to provide you with accurate information, please contact the respective organization(s) for the most up-to-date information on their programs and services. PSD does not endorse or guarantee these organizations, their programs, or their services, and isn't liable for any errors in their delivery.

Maintaining accurate and updated information is a difficult task. If you locate information that is inaccurate or out of date, or would like your agency to be added, please contact our Reentry Coordination Office at (808) 587-2566, and leave a message. Aloha, and we hope you find this guide helpful.

Financial Aid

Visit your school counselor for help in applying for financial aid.

To receive federal student aid, you must meet the eligibility requirements listed on the Free Application for Federal Student Aid (FAFSA) website. If you were convicted for the possession or sale of illegal drugs before you enrolled in school and were not receiving federal student aid, you are NOT automatically ineligible to receive financial aid. However, if the offense took place while you were enrolled in school and receiving federal financial aid, your eligibility will be suspended.

OLA

In Hawaiian ola means life, but there is more, such as: health, well-being, living, livelihood, means of support, salvation; alive, living; curable, spared, recovered; healed; to live; to spare, save, heal, grant life, survive, thrive. Inspired by the deepest meaning of the word, Pū'ā Foundation works toward making a difference in the lives of families affected by trauma and incarceration.

OLA STRATEGY / TARGET / GOAL

STRATEGY:

O – Organize Community and Resources.

L – Learn about Trauma, How to Address it and How to Help.

A – Act in Alignment – Provide Connected, Comprehensive and Consistent Support and Resources.

TARGET:

Native Hawaiian women represent 20% of the general population in Hawaii, but are 40% of the prison population. The target is a 20% reduction.

GOAL:

To end the over-representation of Native Hawaiians incarcerated & break the generational cycle – starting with women & children. Inspiring new life!

COMMUNITY EDUCATIONAL RESOURCES

– UNDERSTANDING HAWAII'S HISTORY AND HISTORICAL TRAUMA

Ua Mau Ke Ea – The Ua Mau Ke Ea (UMKE) Collection, a textbook, the historical documentary and a theatrical film version, developed by the Foundation in 2011, are community educational resources on the political and legal history of the Hawaiian Islands. UMKE helps with the understanding of historical traumatic events and its long-term effects on individuals and society. UMKE chronicles Hawaii's history through storytelling, interviews, archival images and Hawaiian-language newspaper articles. It takes the reader and viewer on a journey from 18th century Hawaii under the rule of King Kamehameha I, through the 19th century of the Hawaiian Kingdom to present day Hawaii. The materials are used at WCCC in the Cultural Healing and Well-being course.

See link, "[Transcribing Means Healing](http://www.midweek.com/transcribing-means-healing/)" or <http://www.midweek.com/transcribing-means-healing/> - transcriptions of Hawaiian Newspapers at WCCC (former project) and Ua Mau Ke Ea/Ike Ku'oko'a. Ua Mau Ke Ea continues with materials used in the Cultural Healing and Well-being course at WCCC.

FINANCIAL

Banking & Financial Institutions

A Bank is a safe place to put your money. Research your options. Sometimes banks don't explain fees clearly. Credit Unions often have less fees than regular banks, but often have membership limits. Here are some questions to ask:

- Do they offer free checking accounts? If not, what is the minimum balance to avoid service charges? Are there other costs? Do you get free checks?
- How much is the overdraft fee? (This is the fee charged if you write a check that you don't have enough money in your account to cover.)
- What are the ATM fees?

OBTAINING COPIES OF VITAL RECORDS

Births, Deaths, Marriage or Divorce Certificates

State of Hawai'i Documents

Go to the Office of Health Status Monitoring's Vital Records homepage: <https://health.hawaii.gov/vitalrecords/>:

- To order certified copies of birth certificates or marriage certificates online.
- To apply for a marriage license in the state of Hawaii.
- To apply for a certified copies of death certificates.

HELPFUL TIPS:

- Applying online is the quickest way to order certified copies of birth certificates and marriage certificates.
- To avoid delays, pay for your order by credit card. The name on the credit card should match the name of the person making the request.
- Double-check and make sure all of your information is filled out correctly and you provided the correct payment amount. Incorrect information or payment amounts will result in delayed processing times.
- Include a copy of a valid government-issued photo ID with your order (e.g., Driver's license, State ID, Passport).
- Include mother's or bride's birth certificate surname (given name before her first marriage) on requests for birth and marriage records.
- When ordering marriage certificates, include the full names of both marriage partners.
- If you are ordering a certified copy of a vital record for someone other than yourself, you must provide proof of your relationship to the named registrant of the record (e.g., parent, spouse, son, daughter, etc.) by including a copy of your birth or marriage certificate so that a "tangible interest" can be established.
- Provide correct payment by credit card (for birth and marriage certificates: \$12.50 for the first copy and \$4.00 for each additional copy).
- Orders by mail will take longer because the postal service is outside of the DOH's Office of Health Status Monitoring control and most mail orders are missing information needed to complete the order (e.g., missing copy of valid government-issued photo ID, proof of relationship to person's record being ordered, incorrect payment, etc.).
- DOH's Office of Health Status Monitoring does not have access to all divorce records. Divorce records are kept in the court where the divorce took place. Requests for divorce certificates should be directed to the court in which the divorce occurred.
- Death certificates are normally ordered through the mortuary handling funeral arrangements.

WAIT TIMES FOR VITAL RECORD ORDERS

Processing times vary depending on the type of record ordered and the method used to make the order. Your completed request is handled as soon as it is received with the necessary documentation that establishes your relationship to the person you are requesting the certificate for. Please expect up to 6-8 weeks for requests to be processed.

Electronic Funds Transfer (EFT) for the Employer

Employers can send support-related withholding payments to the Child Support Enforcement Agency (CSEA) via Electronic Funds Transfer/Electronic Data Interchange (EFT/EDI) through the Automated Clearing House (ACH) network.

EFT/EDI offers your business with long-term financial savings by:

Increasing accuracy and efficiency;

Increasing reliability – no lost checks or mail delays;

Reducing paperwork;

Eliminating postage costs; and

Eliminating theft or fraud.

If your business is interested in remitting payments via EFT/EDI, please:

Review the [User Guide for Electronic Child Support Payments](#). CSEA accepts payments in CCD+ or CTX format.

Contact your financial institution or third-party service provider to determine its capabilities and requirements.

Complete an ACH credit request form, which can be obtained by contacting the CSEA's EFT Coordinator at (808) 692-7013. Upon receipt of the completed form, the CSEA's banking info will be provided. *(This step need not be completed if your company is using a third-party service provider.)*

Provide the CSEA's EFT Coordinator with a list of employees for which support-related withholding payments would be transmitted to the CSEA. This list should contain each employee's name, social security number and case number. The CSEA will review the list and provide the employer with changes, if any.

The following companies are capable of remitting electronic payments using a format that has been approved by CSEA:

Value Payment Systems – make payment using a credit/debit card (American Express®, Discover®, MasterCard® or Visa®) by going to www.childsupportbillpay.com/hawaii.

ExpertPay – make payment from a bank account or using a credit/debit card (Discover®, MasterCard® or Visa®) by going to www.expertpay.com.

If you have any questions regarding EFT/EDI payments, please contact the CSEA's EFT Coordinator at (808) 692-7013.

Criminal Records

The public has access to criminal history records through the Hawai'i Criminal Justice Data Center (HCJDC) and the statewide criminal history record information system (DIS-Hawai'i). The Criminal History Records Check is commonly referred to as a "rap sheet" or "police abstract".

Available to the public: Arrest records which have resulted in adult convictions (found guilty) or acquittals or dismissals by reason of physical or mental disease, disorder or defect.

Not available to the public: Non-convictions that are still pending. You have the right to access your own record and to challenge the completeness and accuracy of the information. This is done through a fingerprint check.

Traffic Cases

https://www.courts.state.hi.us/self-help/traffic/traffic_cases

Most traffic cases in Hawai'i begin when a law enforcement officer issues a citation, commonly called a "traffic ticket." The citation, which is filed with a state court, charges a motorist, pedestrian, or the registered owner of a parked vehicle (the defendant) with committing a traffic offense and requires the defendant to respond to the allegations in the citation.

For more serious traffic offenses where the defendant is physically arrested and taken into police custody, the defendant's court case begins when a prosecutor orally charges the defendant in court or files a written complaint or information against the defendant, or when a grand jury returns an indictment charging the defendant with committing a traffic crime.

TO PAY TRAFFIC VIOLATIONS

- **OPTION 1: ADMIT AND PAY** – You can admit the infraction and pay the amount written on the citation, either by mail, using the pre-addressed envelope or in person at any district court. *Please do not send cash.* Imprinted checks or money orders (U.S. dollars only, payable to “DISTRICT COURT”) and credit or debit cards (MasterCard & VISA) are accepted. A \$25 service charge will be assessed for dishonored payments.
- **OPTION 2: PAY BY PHONE** – You may pay by telephone by calling [\(800\) 679-5949](tel:8006795949). You must pay the total of the amounts stated on a citation within 21 days after receiving the citation. Please have your traffic or parking citation number; license plate number; and VISA or MasterCard ready before dialing this number.

This phone payment system is NOT available if:

More than 21 days have elapsed since you received your citation;

Your citation indicates that you must appear in court for the offense(s) charged;

You have appeared in court and were ordered to pay fines, fees, costs, or other monetary assessments; or

Your ticket has not been entered into the system. It may take 13 days or longer after the violation occurred for your ticket or case to be entered into the court’s system.

If you are unable to make a payment online after the 13-day period or would like to make a payment before the ticket has been entered into the system, you always have the option of paying by mail using the pre-addressed envelope that accompanied the citation or in person at the District Court. *Please do not send cash.* Imprinted checks or money orders (U.S. dollars only, payable to “DISTRICT COURT”) and credit or debit cards (MasterCard & VISA) are accepted. A \$25 service charge will be assessed for dishonored payments.

- **OPTION 3: PAY ONLINE**– [eTraffic Hawai‘i](#) is a fast, secure, and convenient way to pay for traffic or parking infractions that are payable without going to court and for which you admit responsibility. Do not use this system if you deny committing the offense(s) you were cited for or wish to explain circumstances mitigating the offense(s).

To use eTraffic Hawai‘i, you must pay the total of the amounts stated on a citation within 21 days after receiving the citation. You may pay by VISA or MasterCard.

This on-line payment system is NOT available if:

More than 21 days have elapsed since you received your citation;

Your citation indicates that you must appear in court for the offense(s) charged;

You have appeared in court and were ordered to pay fines, fees, costs, or other monetary assessments; or

Your ticket has not been entered into the system. It may take 13 days or longer after the violation occurred for

your ticket or case to be entered into the court's system.

If you are unable to make a payment online after the 13-day period or would like to make a payment before the ticket has been entered into the system, you always have the option of paying by mail using the pre-addressed envelope that accompanied the citation or in person at the District Court. *Please do not send cash.* Imprinted checks or money orders (U.S. dollars only, payable to "DISTRICT COURT") and credit or debit cards (MasterCard & VISA) are accepted. A \$25 service charge will be assessed for dishonored payments.

Your traffic or parking citation;
Your license plate number; and
Your VISA or MasterCard

- **OPTION 4: PAY IN PERSON** at any district court. Imprinted checks or money orders (U.S. dollars only, payable to "DISTRICT COURT") and credit or debit cards (MasterCard & VISA) are accepted. A \$25 service charge will be assessed for dishonored payments.

Traffic Abstracts & Traffic Court Reports

The Judiciary has two types of certified documents that report a person's traffic case history: traffic abstracts and traffic court reports. Traffic abstracts, traffic court reports, and driver history records are all available for purchase at the Traffic Violations Bureau located at [Honolulu District Court](#) and at all other [District Court locations](#).

For a list of District Court locations statewide:

What is a Traffic Abstract?

Pursuant to Hawai'i Revised Statutes (HRS) [Section 287-3](#), a certified traffic abstract shows "all alleged moving violations and any convictions resulting therefrom, arising from the operation of a motor vehicle and any administrative license revocation. Since parking and equipment violations do not appear on the traffic abstract so it is sometimes called an "abbreviated" abstract.

Traffic abstracts are usually used for insurance, employment, and other such purposes.

Traffic abstracts are available at [District Courts](#) on all islands.

To obtain an abstract, provide the individual's full name. The date of birth and driver's license number should also be submitted. Providing the date of birth and driver's license number assists the clerk in providing the correct abstract or report, especially when individuals have the same name. If only the name is provided and the search results in more than one record with the same name, the requestor may have to purchase all records with the same name. A release form is required to obtain an abstract of a juvenile's record.

Traffic abstracts may be requested by mail. Include a self-addressed stamped envelope, along with a money order or cashiers check for \$20 (payable to District Court), and the individual's full name, date of birth and driver's license number. The request should be mailed to the District Court in your circuit. Personal checks are not accepted.

Each traffic abstract costs \$20.

What is a Traffic Court Report?

A traffic court report (sometimes called a "complete" abstract) is provided as a convenience to individuals who want a case record history that includes equipment and parking citations in addition to the information contained in the traffic abstract.

The traffic court report is provided only to the individual in person at District Court, after verification of identity with a picture ID. Traffic court reports may not be ordered by mail.

Each traffic court report costs \$1.00 for the first page and 50¢ for each additional page.

Bulk Electronic Traffic Abstracts

[Bulk Electronic Traffic Abstracts](#) are available via a service provided by the state Internet Portal.

How long will the case information stay on my record?

HRS Section 287-3 requires that Traffic Violations Bureau abstracts contain "all alleged moving violations." In addition, for state sanctioning purposes, Hawai'i courts must retain at least ten years of information about certain moving violations.

Federal commercial driver's license regulations require that the State be able to report information about drivers from the time the federal law became effective in the mid-1990s. See Federal commercial driver's license regulations require that the State be able to report information about drivers from the time the federal law became effective in the mid-1990s. 49 U.S.C. 31301 et seq. Some of the reportable information must be kept for 55 years.

Here are a few tips to increase your chances of getting assistance & some places with internet access:

- **Get & organize your vital documents.** Keep them in an easy-to-find place. Most programs require documents that prove your name, address, income, and other information. Call ahead to find out what documents you need to bring.
- **Call ahead to find out the program's eligibility requirements.**
- **Be polite on the phone and in-person.** Greet the person, introduce yourself, state your request, take notes, ask questions if you need clarification, and thank them when done. Dress appropriately (clean and neat) when you go to your appointment.
- **Maintain communication.** Follow through with your appointments. Inform the service provider beforehand if you cannot make an appointment or will not be using their services.
- **Be professional and stay calm.** If you feel you have been mistreated or are not getting the appropriate help, stay calm, and ask to speak to someone who can help you (example: a supervisor or manager).
