In situations where temporary structures have been erected (e.g., tents) the auditor should use their discretion to determine whether to include the structure in the overall count of buildings. As a general rule, if a temporary structure is regularly or routinely used to hold or house inmates, or if the temporary structure is used to house or support operational functions for more than a short period of time (e.g., an emergency situation), it should be included in the overall count of buildings.</p>	26
<p>Number of inmate housing units:</p> <p>Enter 0 if the facility does not have discrete housing units. DOJ PREA Working Group FAQ on the definition of a housing unit: How is a "housing unit" defined for the purposes of the PREA Standards? The question has been raised in particular as it relates to facilities that have adjacent or interconnected units. The most common concept of a housing unit is architectural. The generally agreed-upon definition is a space that is enclosed by physical barriers accessed through one or more doors of various types, including commercial-grade swing doors, steel sliding doors, interlocking sally port doors, etc. In addition to the primary entrance and exit, additional doors are often included to meet life safety codes. The unit contains sleeping space, sanitary facilities (including toilets, lavatories, and showers), and a dayroom or leisure space in differing configurations. Many facilities are designed with modules or pods clustered around a control room. This multiple-pod design provides the facility with certain staff efficiencies and economies of scale. At the same time, the design affords the flexibility to separately house inmates of differing security levels, or who are grouped by some other operational or service scheme. Generally, the control room is enclosed by security glass, and in some cases, this allows inmates to see into neighboring pods. However, observation from one unit to another is usually limited by angled site lines. In some cases, the facility has prevented this entirely by installing one-way glass. Both the architectural design and functional use of these multiple pods indicate that they are managed as distinct housing units.</p>	17

Audit Findings

Audit Narrative (including Audit Methodology)

The auditor's description of the audit methodology should include a detailed description of the following processes during the pre-onsite audit, onsite audit, and post-audit phases: documents and files reviewed, discussions and types of interviews conducted, number of days spent on-site, observations made during the site-review, and a detailed description of any follow-up work conducted during the post-audit phase. The narrative should describe the techniques the auditor used to sample documentation and select interviewees, and the auditor's process for the site review.

Amanda van Arcken, a U.S. Department of Justice (USDOJ) Certified PREA Auditor for Adult Facilities, conducted the Prison Rape Elimination Act (PREA) on-site audit of Oahu Community Correctional Center (OCCC) in Honolulu, Hawaii from December 13-16, 2021. This audit was conducted under a contract between the State of Hawaii Department of Public Safety (PSD) and the Oregon Department of Corrections (ODOC) in conjunction with the Western States PREA Circular Auditing Agreement. The PSD, ODOC and nine other agencies (California, Colorado, Los Angeles County, Nevada, New Mexico, North Dakota, Montana, Washington and Wisconsin) are members of the Western States PREA Circular Auditing Agreement. The audit was conducted with the assistance of one support staff – Jeremy Wagner. Wagner is a USDOJ Certified PREA Auditor for Adult Facilities. The audit team conducted the site review together. Amanda van Arcken conducted the documentation review for staff and inmates; informal interviews with random staff and inmates; formal interviews with specialized staff and targeted inmates; and, authored this report. Wagner conducted informal and formal interviews of random staff, specialized staff, random inmates, and targeted inmates.

The agency PREA Coordinator developed a Notification of Audit in English that was posted in the facility on October 22, 2021. A notice was not posted in any other language, as the facility did not have any inmates with limited-English proficiencies. The auditor verified the posting with 48 dated and time-stamped photographs. The notification contained information about the upcoming audit and stated that any inmate or staff member with pertinent information should send a letter containing this information to the auditor. The auditor instructed the facility to post this notification in all housing units and throughout the facility for the six weeks prior to the onsite review, on a brightly colored piece of paper that would stand out among other postings in these areas. The notice contained a reminder about the confidential nature of communication with the auditor, and possible exceptions to confidentiality. During the facility tour, the auditor observed the posting in all housing areas and throughout the facility in inmate-accessible areas. The notice was observed to be posted in areas only accessible to staff and areas accessible to visitors, providing them with the opportunity to contact the auditor. Prior to the onsite review, this auditor did not receive any letters from inmates at OCCC.

The Pre-Audit Questionnaire (PAQ) was initiated by the facility and was received by this auditor on October 23, 2021. The PAQ was formatted on a password-protected thumb drive and included all relevant documentation pertaining to the audit, including, but not limited to policies, procedures, memorandum of understanding and training documents. The auditor reviewed the questionnaire and all documentation. The audit documentation period on the thumb drive was for November 2019 through November 2020. This auditor reviewed the Annual PREA Reports for 2011-2018, which were posted on the agency website. The 2019 Annual PREA Report was provided to this auditor by the agency PREA Coordinator. This was the third PREA audit conducted at OCCC. The most recent final audit report for OCCC was provided to the agency on October 14, 2019.

News articles referencing OCCC were reviewed online. Nothing related to the sexual safety of the facility within the last three years was located.

On December 1, 2021, this auditor sent an email to OCCC's PREA Compliance Manager (PCM) requesting the following documents prior to the audit team's arrival at the facility:

- A complete inmate roster, sorted by housing unit
- A list of inmates with mobility disabilities
- A list of inmates who are hard of hearing or deaf
- A list of inmates who have vision impairment or are blind
- A list of inmates who have reported sexual abuse

The following documents were requested to be available on the first day of the onsite review:

- A complete listing of all staff, contractors, and volunteers
- Custody staff assignment rosters for all shifts of the onsite review
- Copies of any PREA-related grievances filed in the last 12 months
- A list of all inmates who have been at OCCC prior to August 2012
- A list of all inmates who identify as lesbian, gay, bisexual, transgender or intersex
- A list of all inmates who disclosed prior sexual victimization during risk screening (in community and/or in confinement)

This auditor conducted outreach to Just Detention International (JDI), and the Sexual Assault Treatment Center (SATC) to learn about issues of sexual safety at the facility.

- JDI is a health and human rights organization that seeks to end sexual abuse in all forms of detention by advocating for laws and policies that make prisons and jails safe and providing incarcerated survivors with support and resource referrals. JDI advised this auditor that they have not received any correspondence from incarcerated survivors at OCCC within the last 12 months.
- SATC has provided a continuum of sexual assault services to individuals and families impacted by sexual violence for nearly thirteen years, serving the state of Hawaii. They provide support to victims and their families through critical, acute moments of crisis and their entire process of healing. The SATC provides a 24-hour crisis helpline, crisis stabilization and outreach services, as well as supportive, short-term therapy and psycho education and long-term clinical treatment. SATC advised this auditor they provide services to incarcerated survivors over the phone, in writing and in person, at forensic medical exams. SATC had contact with incarcerated survivors at OCCC over the last year and did not have any specific concerns related to the sexual safety of the facility or the agency. During and since the pandemic, services were restricted to phone contact.

On the morning of December 13, 2021, the audit team met with the agency PREA Coordinator and facility leadership for introductions and an overview of the audit team's anticipated activities over the week.

The audit team began conducting the physical plant review of OCCC on the first day. The audit team was provided access to all areas of the facility, including outlying buildings where inmates may be assigned for work. This auditor observed the facility configuration, locations of cameras and security mirrors, the level of staff supervision, the housing unit layout (including shower/toilet areas), placement of posters and other PREA informational resources, security monitoring, and search procedures. Cross-gender announcements were consistently observed when the audit team entered housing units. The audit notice was visible in all inmate areas. Inmate phones were tested to ensure the ability to contact the PREA Hotline. Locked boxes were in each housing unit or common areas for inmates to deposit grievance and discrimination forms. Unit logbooks were checked to ensure the completion of unannounced supervisory rounds.

During the physical plant review, the audit team looked for potential blind spots in areas accessible to inmates, and areas where cross-gender viewing may occur. The audit team identified the following area of concern – inmates on suicide watch are subject to video monitoring by an officer who is posted at a viewing station on the tier. The monitor was situated in a manner that permitted others in the unit to view the video feed. The cell cameras did not have any manner of obstruction over the toilet area of the cell. Each housing unit varied in design and layout. Units had showers with either doors or curtains that allowed inmates to shower without being viewed by staff of the opposite gender. Unit rules require that inmates close shower curtains when in use, and inmates are required to be clothed upon exit.

After the completion of the physical plant review on the first day and for the duration of the second and third days onsite, the audit team conducted staff and inmate interviews. Staff were interviewed using the DOJ

protocols that question their PREA training and overall knowledge of the agency's zero tolerance policy, reporting mechanisms available to staff and inmates, response protocols when allegations of sexual abuse and/or sexual harassment are made, first responder duties, data collection processes and other pertinent PREA requirements. All interviews were conducted one at a time, in a private and confidential manner.

OCCC employs 450 staff who may have contact with inmates. Security staff are assigned daily to eight-hour shifts. Shift hours run from 0600-1400 hours; 1400-2200 hours; 2200-0600 hours. There are 208 line officers, 43 sergeants, 13 lieutenants, and six captains assigned to OCCC. Non-security/civilian staff include maintenance, food services, administration, education, medical and mental health staff. Intake Service Center staff are onsite at the facility, but do not report to the facility administration.

The March 2021 edition of the PREA Auditor Handbook requires at least 12 random security staff be interviewed. A total of 20 random interviews were conducted.

A total of 29 specialized staff interviews were conducted, Interviews with the following specialized staff:

- Agency head designee
- Acting Warden
- Agency PREA Coordinator
- Facility PREA Compliance Manager
- Agency contract administrator
- Two Intermediate or higher-level facility staff
- Medical Services staff
- Mental Health Services staff
- Human Resource manager
- Investigative staff
- SANE
- Confidential, community-based advocate
- Staff on the sexual abuse incident review team
- Designated staff member charged with monitoring retaliation
- Mailroom staff
- Grievance Coordinator
- Food Services Staff
- Maintenance Staff
- Inmate Disciplinary Officer
- Volunteer Coordinator
- Two Contractors/Two Volunteers

The PAQ indicated the average daily population for audit period was 900 inmates. The inmate population on the first day of the onsite review was 944. The March 2021 edition of the PREA Auditor Handbook requires at least 15 random inmate interviews and at least 15 targeted inmate interviews for an adult prison population of 501-1000 inmates. The audit team planned to interview at least one random inmate from each housing unit (18 in total), in addition to any targeted inmates. After selecting targeted inmates for interview, this auditor used an inmate roster sorted by housing unit to select the fifth inmate of each unit. The identified inmate names were selected for both file reviews and random interviews. In larger housing units and female housing units, this auditor selected an additional inmate for interview, using the fifth to last inmate in the unit. At the time of the onsite review there were three male inmates assigned to Module 7 who tested positive for COVID-19 and could not be interviewed. A total of 23 random inmates were interviewed. No inmates declined to be interviewed. Files were reviewed to evaluate screening and intake procedures, documentation of inmate education and medical or mental health referrals when required.

The Oahu Community Correctional Center did not have any inmates who were youthful, with cognitive impairments, or who were placed in segregated housing for high risk of sexual victimization. A total of 19 targeted inmate interviews were conducted. Interviews were conducted with the following targeted inmates:

- Three inmates experiencing physical disabilities
- One inmate who was blind

- One inmate with limited-English proficiencies
- One inmate who identified as bi-sexual
- Six inmates who identified as transgender
- Two inmate who reported sexual abuse
- Five inmates who reported sexual victimization during risk screening

There were no inmates at OCCC who were admitted to the facility prior to August 20, 2012. OCCC is a jail and only holds pre-trial inmates, sentenced misdemeanants with less than a year, probation violators with pending reviews, sentenced inmates that have new, pending charges and must stay at OCCC, court programs, etc. Any sentenced felons with more than a year are transferred to the prisons on Oahu (Women's Community Correctional Center & Halawa Correctional Facility). Male inmates at HCF are transferred to Saguaro in Arizona if they have more than four years. Male inmates that have completed programs and are nearing the ending of their minimum sentence and qualify for work furlough or parole are then sent from Arizona back to HCF. Inmates from HCF, if eligible and accepted for work furlough or work programs get transferred from HCF to OCCC Module 20 or Laumaka for work furlough or to Waiawa Correctional Facility (a minimum work facility). Female inmates stay at WCCC as it is the only women's prison. OCCC transfers women to WCCC who have been sentenced for more than a year or have violated parole. If OCCC transfers a pre-trial or sentenced misdemeanant to WCCC is usually for medical reasons or a management issue.

A review of investigative files indicated there were three allegations of staff sexual abuse and nine allegations of staff sexual harassment reported to date during the audit period. There were 15 allegations of inmate/inmate sexual abuse and three allegations of inmate/inmate sexual harassment during the audit period.

An exit meeting was held in the morning of December 16, 2021. Members of agency and facility leadership were in attendance. The auditor provided a summary of the audit through the on-site phase and provided information on what to expect during the Corrective Action Period (CAP).

OCCC has medical staff onsite 24 hours each day. Mental Health services are offered during business hours, seven days each week.

The auditor spoke with a local Sexual Assault Nurse Examiner (SANE) with UnityPoint Health, to discuss and confirm the agreement in place with PSD to provide SANE/SAFE services. They verified that all SANEs receive training that meets the national training standards.

After the onsite audit, the auditor utilized the Auditor Compliance Tool for Adult Prisons and Jails as a guide in determining compliance with each standard. To determine compliance, the auditor used the information and documentation provided during the pre-audit, information obtained through staff and inmate interviews, and observations during the onsite review.

After the onsite review and prior to the submission of the interim audit report, this auditor requested the remaining documentation or information via email on December 29, 2021 and again January 18, 2022. A response from the agency PREA coordinator on January 20th indicated the request was being processed. The information had not yet been received as of the deadline for the interim report, January 30, 2022. The interim report was provided to the agency PREA coordinator on January 30, 2022, finding the standards with missing information as non-compliant.

During the corrective action period, this auditor received documentation and photographic evidence to support compliance with standards, and met remotely with the Agency PREA Coordinator and facility PCM to discuss concerns. The facility was found to be compliant with all standards on July 29, 2022. The final audit report was provided to the facility on August 22, 2022.

Facility Characteristics

The auditor's description of the audited facility should include details about the facility type, demographics and size of the inmate, resident or detainee population, numbers and type of staff positions, configuration and layout of the facility, numbers of housing units, description of housing units including any special housing units, a description of programs and services, including food service and recreation. The auditor should describe how these details are relevant to PREA implementation and compliance.

The State of Hawaii Department of Public Safety (PSD) operates four jails and four prisons in the state of Hawaii, incarcerating approximately 3500 adult offenders. Hawaii jails provide for the secure incarceration of pretrial and short-term sentence misdemeanor populations and are situated on each major island. The jails also provide for the transitional sentence felon population, those who have almost completed their felony sentences and those returning to the community. Three prisons are located on the island of Oahu, and one is located on the Big Island of Hawaii. The Saguaro Correctional Center houses Hawaii inmates on the mainland, through a contract with CoreCivic. The mission statement of PSD is *to uphold justice and public safety by providing correctional and law enforcement services to Hawaii's communities with professionalism, integrity, and fairness.*

Oahu Community Correctional Center is a state-operated jail and the largest jail facility in the state of Hawaii. OCCC houses minimum-, medium-, and maximum-custody male and female inmates that have been sentenced or are in pre-trial status. OCCC's population is approximately 89% male and 11% female. Proper housing and program assignments are determined through the intake process, available records, bail study, PREA risk screenings and classification.

The racial/ethnic composition of the inmate population is as follows –

- The Holding Unit houses male inmates on disciplinary or administrative segregation housing in single occupancy cells.
- The Infirmary can house male and female inmates in hospital beds.
- Laumaka is a male housing unit used for furloughed inmates but was closed at the time of the onsite review due to COVID-19. Inmates assigned to LWFC are either actively seeking employment or working in the community. Project Bridge, which occupies one of the buildings, is the transitional

program for offenders who have completed their primary substance abuse treatment. Laumaka is located approximately two blocks away from the main jail.

- Modules 1 and 11 house male inmates experiencing symptoms of mental illness in multiple occupancy cells.
- Modules 13 and 17 house male inmates on general population status in multiple occupancy cells.
- Module 18 houses male inmates assigned to the work line in multiple occupancy cells.
- Module 19 houses newly admitted, quarantined male inmates in multiple occupancy cells.
- Module 2 houses male inmates who experience disabilities or who are considered geriatric in multiple occupancy cells.
- Module 20 houses work furlough male inmates participating in a step-down program in dormitory-style housing.
- Module 3 houses newly admitted, quarantined female inmates in multiple occupancy cells.
- Module 4 houses general population female units in multiple occupancy cells, as well as those who experience disabilities or who are considered geriatric.
- Module 7 houses male inmates who have tested positive for COVID-19 in multiple occupancy cells.
- Module 8 houses female inmates experiencing symptoms of mental illness in multiple occupancy cells.
- Pan Makai and Pan Mauka house male inmates in dormitory-style housing.

Each housing unit is monitored by surveillance cameras with storage capacity for up to 30 days.

The pre-trial population at OCCC is offered educational, self-improvement, and religious programs. The sentenced inmate population is offered programs in substance abuse, domestic violence, cognitive skills, parenting, community service work lines, work furlough, and extended furlough. In addition to programs, there are work opportunities through Correctional Industries, with most jobs in light construction (i.e. office wall panel construction and installation).

Due to COVID-19, all volunteers and volunteer led programs were placed in abeyance by order of the Director of Public Safety on March 20, 2020.

- Interview with the PREA Compliance Manager
- Interviews with specialized and random staff

(a) The purpose of PSD Policy ADM.08.08 is to outline the Department of Public Safety's (PSD) approach to ensure compliance with the Prison Rape Elimination Act ("PREA") of 2003, through the application of a zero-tolerance policy toward all forms of sexual abuse, sexual harassment, and retaliation for reporting incidents in prisons, jails, lockups, and community correctional centers. The policy has an effective date of September 22, 2017. PSD Policy ADM.08.08 states on page 11, "PSD has a zero-tolerance policy concerning all forms of sexual abuse, sexual harassment, and retaliation for reporting such incidents;)1) an offender by another offender, or (2) a staff member on an offender, in a PSD prison, jail, lockup, community correctional center, and privately contracted prison operating under the direct control of PSD or under contract with PSD." This policy outlines the agency's comprehensive approach to preventing, detecting, and responding to sexual abuse and sexual harassment, including definitions of prohibited behaviors and consequences for those found to have participated in prohibited behaviors.

Facility training also points back to agency policy. This auditor reviewed the OCCC lesson plan and training curriculum for *Prison Rape Elimination Act of 2003 Corrections & Law Enforcement Training*. Slide 53 states, "A 'zero-tolerance' policy means that sexual abuse and sexual harassment is strictly prohibited and all allegations of such conduct will be investigated...PSD has a zero-tolerance policy concerning all forms of sexual abuse, sexual harassment, and retaliation for reporting incidents." Slides 30, 42, 54, 55, 96, and 97 contain reminders about the zero-tolerance policy.

During interviews with specialized and random staff, all interviewees indicated they were aware of and trained on the agency's zero-tolerance policy.

(b) PSD employs an upper-level, agency-wide PREA Coordinator. PSD Policy ADM.08.08 states on page 12, "PSD has designated the Litigation Coordination Office, a branch of the Director's Office, to manage PREA. One of the Litigation Coordination Officer's functions is to fulfill the role of the upper-level staff member designated to serve as the Department PREA Coordinator. The Department PREA Coordinator shall have sufficient time and authority to develop, implement, and oversee PSD's efforts to comply with the PREA standards in all PSD facilities, lockups, inclusive of monitoring at privately contracted facilities and community correctional centers. The Department PREA Coordinator reports directly to the Director of the Department of Public Safety." This position is reflected in agency organizational charts. When interviewed, the PREA Coordinator indicated they have the time, resources, and authority required to manage their responsibilities.

(c) PSD Policy ADM.08.08 states on page 12, "Each facility shall have a designated Facility PREA Compliance Manager with sufficient time and authority to coordinate the facility's efforts to comply with

the PREA Standards, which may be part of their other related duties. The Department PREA Coordinator will monitor the relevant PREA duties of the Facility PREA Compliance Managers in conjunction with the Warden or Sheriff.” OCCC has designated a sergeant as the facility PREA Compliance Manager (PCM). When interviewed, the facility PCM indicated they have the time, resources, and authority required to manage their responsibilities.

After the onsite review, this auditor did not receive any communication from the facility PCM. At the issuance of the interim report, this auditor received information from the agency PREA Coordinator that the facility had returned the facility PCM back to working on the line, due to staffing shortages. While working on the line, the facility PCM is unable to respond to email communication or coordinate the facility's efforts regarding compliance.

As part of corrective action, this auditor required the facility to determine how to provide the facility PCM with the time she needs to coordinate the facility's efforts to comply with PREA and ensure the program is sustainable.

On April 12, 2022 this auditor was provided with a March 29, 2022 written memorandum from the facility head stating, *“As of March 15, 2022, Sgt. Feliua-l Leota was appointed to and placed in the Facility Training Officer position. This reorganization of staffing will give her sufficient time to coordinate the facility's efforts to comply with PREA and follow through with the compliance manager duties and responsibilities in a timely manner.”* After the reorganization, the facility PCM was able to properly coordinate facility compliance and maintain communication with this auditor.

Conclusion:

Based upon the review and analysis of all available evidence, the auditor has determined that the agency and facility are in full compliance with the standard of zero-tolerance of sexual abuse and sexual harassment, and employment of the PREA Coordinator, as it relates to PREA.

Standard 115.12: Contracting with other entities for the confinement of inmates

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

(N/A if the agency does not contract with private agencies or other entities for the confinement of inmates.) Yes No NA

115.12 (b)

- Does any new contract or contract renewal signed on or after August 20, 2012 provide for agency contract monitoring to ensure that the contractor is complying with the PREA standards? Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

The auditor gathered, analyzed, and retained the following evidence related to this standard:

- OCCC Pre-Audit Questionnaire (PAQ) responses
- PSD Policy ADM.08.08
- PSD Contract No. PSD 16-ID/MB-32
- 2014, 2017 PREA Audit reports for Saguaro Correctional Center

(a-b) PSD Policy ADM.08.08 states on page 12, "PSD mandates that any new contracts or contract renewals with private agencies or other entities for the confinement of PSD's offenders shall include language that the private entity is required to adopt and comply with PREA, specifically the finalized PREA Standards."

The private entity shall be subject to PSD monitoring/audits as part of its contract with PSD to ensure compliance with the PREA Standards.

The private entity is responsible with complying with the audit requirements of the PREA Standards and any cost associated with audits as required by 115.401 to 115.404.”

PSD contracts with CoreCivic (formerly known as Corrections Corporation of America) for the confinement of inmates. PSD Contract No. PSD 16-ID/MB-32 states on page 11, *“The PROVIDER shall be in full compliance with the Prison Rape Elimination Act (PREA). Failure to maintain full compliance with PREA as demonstrated through facility specific PREA compliance audit shall constitute an event of default on the part of the PROVIDER. The STATE shall provide written notice to PROVIDER of the default and shall specify a reasonable period of time in which the PROVIDER must cure the default. The STATE shall not specify a cure period of less than the corrective action period specified in the PREA standards, which is currently one hundred eighty (180) days.”*

PSD inmates that are medium-custody or above with more than 48 months to serve are assigned to a CoreCivic facility in Arizona. Approximately 1074 inmates are currently housed in Arizona under this contract. The facility underwent the onsite portion of their federal PREA Audit in November 2020. Their last final report was provided to them on May 6, 2021. This auditor reviewed the final reports for 2014, 2017, and 2021.

PSD Contract No. PSD 16-ID/MB-32 states on page 25, *“The STATE shall have the right to inspect, at all reasonable times, all records of, or associated with, Inmates or any charges, billings, demands, and payments under this financial, educational, recreational, or transportation expense, timekeeping, or other operational records.”* An interview with the agency contract administrator indicated they visit the Arizona facility every three to four months to conduct audits of their policy and procedures, with the most recent visit having occurred in March 2021.

Conclusion:

Based upon the review and analysis of all available evidence, the auditor has determined that the agency is in full compliance with the standard of contracting with other entities for the confinement of inmates, as it relates to PREA.

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

The auditor gathered, analyzed and retained the following evidence related to this standard:

- OCCC Pre-Audit Questionnaire (PAQ) responses
- PSD Policy ADM.08.08
- 2020 Staffing Plan for OCCC
- Interview with the warden
- Interview with the PREA Coordinator
- Interview with the PREA Compliance Manager
- Interview with intermediate or higher-level facility staff
- Housing Unit logbooks
- Staff duty rosters
- Observation of facility operations while onsite

(a, c) PSD Policy ADM.08.08 states on pages 12-13, *“The Department PREA Coordinator in conjunction with the Institutions Division Administrator (IDA) shall ensure that each facility develops, documents, and makes its best efforts to comply on a regular basis with a written staffing plan that provides for adequate levels of staffing, and where applicable, video monitoring, to protect inmates against sexual abuse. In calculating adequate staffing levels and determining the need for video monitoring, each facility shall take into consideration (115.13 a):*

- a. Generally accepted detention and correctional practices.*
- b. Any judicial findings of inadequacy.*
- c. Any findings of inadequacy from federal investigative agencies.*
- d. Any findings of inadequacy from internal or external oversight bodies.*
- e. All components of the facility's physical plant (including "blind-spots" or areas where staff or inmates may be isolated).*
- f. The composition of the inmate population.*
- g. The number and placement of supervisory staff.*
- h. Institution programs occurring on a particular shift.*
- i. Any applicable State or local laws, regulations, or standards.*
- j. The prevalence of substantiated and unsubstantiated incidents of sexual abuse; and*
- k. Any other relevant factors.”*

At least once per year the facility warden or designee, in collaboration with the agency PREA Coordinator, will review the staffing plan, the deployment of monitoring technology and the allocation of PSD resources to commit to the staffing plan to ensure compliance. Any adjustments are documented. The documentation is compiled by the facility warden, Chief of Security and PCM and then given to the agency PREA Coordinator, prior to the scheduling of a formal meeting. This auditor reviewed documentation from the most recent annual staffing plan meeting. As a supplement to the annual staffing plan meeting, the Chief of Security and facility warden review the existing staffing plan quarterly and assess the number of staffing vacancies and the amount of overtime accrued by the facility, to determine if the plan remains adequate. Interviews with the agency PREA Coordinator, facility warden and PCM verified their participation in this process.

OCCC has not had any judicial findings of inadequacy, or findings of inadequacy from Federal investigative agencies, internal or external oversight bodies.

(b) PSD Policy ADM.08.08 states on page 13, *“In circumstances where the facility’s written staffing plan is not complied with, the facility shall document by utilizing the PREA Mandated Reporting Form (PSD 8317) and justify all deviations from the plan. This form shall be forwarded to the Department PREA Coordinator via email, fax, or mail within three (3) days.”*

The facility PCM provided 47 PREA Mandated Reporting Forms and accompanying shift rosters from the audit period for review, documenting times the staffing plan required deviation. Each deviation notes why

a deviation occurred and how it was addressed. The most common reason for deviation was when there were not enough female correctional officers to staff gender-specific posts. Modules 3, 4, and 8, are required to be staffed by female officers. Each deviation is documented with the required *PSD 8371* form, a *Major Incident Checklist (PSD 0155)*, a copy of the facility roster and a memo to the Chief of Security.

While onsite, the audit team observed enough custody and support staff in all areas of the facility.

(d) PSD Policy ADM.08.08 states on page 14, *“The Warden shall ensure that lieutenants, captains, and correctional supervisors conduct and document unannounced walk-throughs on all watches to aid in identifying and deterring staff sexual abuse and sexual harassment. This shall be documented in the housing unit Informer/Logbook and/or in the Supervisor’s watch summary.*

PSD staff is prohibited from alerting other staff members of the above-unannounced walk-throughs by superiors, unless such an announcement is related to the legitimate operational functions of the facility.”

This auditor reviewed logbooks while onsite to confirm unannounced rounds were taking place and documented as required. Unannounced rounds occurred on day, swing, and night shifts. Interviews with intermediate or higher-level staff indicated they conduct unannounced rounds on all shifts to detect and deter any staff misconduct, including staff sexual abuse and sexual harassment.

Conclusion:

Based upon the review and analysis of all available evidence, the auditor has determined that the facility is in full compliance with the standard of supervision and monitoring, as it relates to PREA.

Standard 115.14: Youthful inmates

(N/A if facility does not have youthful inmates [inmates <18 years old].) Yes No NA

115.14 (b)

- In areas outside of housing units does the agency maintain sight and sound separation between youthful inmates and adult inmates? (N/A if facility does not have youthful inmates [inmates <18 years old].) Yes No NA
- In areas outside of housing units does the agency provide direct staff supervision when youthful inmates and adult inmates have sight, sound, or physical contact? (N/A if facility does not have youthful inmates [inmates <18 years old].) Yes No NA

115.14 (c)

- Does the agency make its best efforts to avoid placing youthful inmates in isolation to comply with this provision? (N/A if facility does not have youthful inmates [inmates <18 years old].) Yes No NA

- Do youthful inmates have access to other programs and work opportunities to the extent possible? (N/A if facility does not have youthful inmates [inmates <18 years old].) Yes No NA

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

The auditor gathered, analyzed, and retained the following evidence related to this standard:

- OCCC Pre-Audit Questionnaire (PAQ) responses
- PSD Policy ADM.08.08
- Hawaii Revised Statutes 706-667
- OCCC population reports
- Interview with the PREA Compliance Manager
- Interviews with random staff and random inmates

(a-c) Hawaii Revised Statutes define a young adult defendant as a person convicted of a crime who, at the time of the offense, is less than twenty-two years of age and who has not been previously convicted of a felony as an adult or adjudicated as a juvenile for an offense that would have constituted a felony had the young adult defendant been an adult. Young adult defendants sentenced to a term of imprisonment exceeding 30 days may be committed by the court to the custody of PSD.

PSD Policy ADM.08.08 notes the difference between statute definition and the PREA standards definition. The policy states on page 14, "If PSD does receive a youthful offender as defined by PREA, described in paragraph (2) of this section, then the youthful offender shall not be housed in a housing unit in which the youthful offender shall have sight, sound, and physical contact with any adult offender through the use of a shared dayroom or other common space, shower area, or sleeping quarters. The facility staff shall document by utilizing the PREA Mandated Reporting Form (PSD 8317) any non-compliance with the above requirement. This form shall be forwarded to the Department PREA Coordinator via email, fax, or mail within three (3) days.

PSD staff shall maintain sight, sound, and physical separation between the youthful offenders and adult offenders in areas outside of the housing units, or shall provide direct staff supervision, when youthful offenders and adult offenders have sight, sound, and physical contact. (115.14 b) The facility staff shall document by utilizing the PREA Mandated Reporting Form (PSD 8317) any non-compliance with the above requirement. This form shall be forwarded to the Department PREA Coordinator via email, fax, or mail within three (3) days.

PSD shall document the exigent circumstances for each instance in which a youthful offender's access to large-muscle exercise, legally required educational services, other programs, and work opportunities are denied in order to separate them from adult offenders by utilizing the PREA Mandated Reporting Form (PSD 8317). This form shall be forwarded to the Department PREA Coordinator via email, fax, or mail within three (3) days."

This auditor reviewed OCCC population reports and did not find any inmates under the age of 18 listed. No interviews of staff or inmates indicated a youthful inmate may have been housed at OCCC.

Conclusion:

Based upon the review and analysis of all available evidence, the auditor has determined that the facility is in full compliance with the standard of youthful inmates, as it relates to PREA.

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor’s analysis and reasoning, and the auditor’s conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

The auditor gathered, analyzed, and retained the following evidence related to this standard:

- OCCC Pre-Audit Questionnaire (PAQ) responses
- PSD Policy ADM.08.08
- Lesson Plan for Prison Rape Elimination Act of 2003 Corrections & Law Enforcement Training
- Interviews with random staff and random inmates
- Observation of facility operations while onsite

(a) Frequent, unannounced searches of inmates, their living quarters and other areas of the facility are necessary to maintain the safety, security, and orderly operations of prisons. PSD Policy ADM.08.08 states on page 15, “PSD staff shall not conduct cross-gender strip searches or cross-gender visual body cavity searches (meaning a search of the anal or genital opening), except in exigent circumstances, or when performed by medical practitioners.” No random or targeted inmates indicated they had been subjected to a cross-gender strip search or cross-gender visual body cavity search. In interviews, random staff confirmed they do not conduct cross-gender searches of this nature.

This auditor reviewed the OCCC lesson plan and training curriculum for *Prison Rape Elimination Act of 2003 Corrections & Law Enforcement Training*. Slide 38 defines exigent circumstances as any set of

temporary and unforeseen circumstances that require immediate action to combat a threat to the security or institutional order of a facility. The training provides an appropriate use of exigent circumstance and an inappropriate use – *“Example: dangerous contraband (weapons/drugs) where there is no time to call for back-up. Not an example: Being short-staffed with no female ACOs [Adult Correctional Officers] to perform a routine pat search is not an unforeseen circumstance. Once the ‘exigency’ is gone, cannot use ‘exigent circumstance’ to justify deviation from policy.”*

(b) PSD Policy ADM.08.08 states on Page 15, *“PSD staff shall not conduct cross-gender pat-down searches of female offenders, absent exigent circumstances...Facilities shall not restrict female offenders’ access to regularly available programming or other out-of-cell opportunities in order to comply with this provision.”* Staff who conduct any searches of this nature must document it utilizing the *PREA Mandated Reporting Form (PSD 8317)*.

This auditor reviewed the OCCC lesson plan and training curriculum for Prison Rape Elimination Act of 2003 Corrections & Law Enforcement Training. Slide 65 states, *“PSD staff shall not conduct cross-gender pat-down searches of female offenders, absent exigent circumstances. PSD’s policy prohibits any cross-gender pat-down searches. Facilities shall not restrict female offenders’ access to regularly available programming or other out-of-cell opportunities in order to comply with this provision.”*

No random or targeted female inmates indicated they have been searched by a male officer or have had their access to programming or recreation restricted due to a lack of female staff. In interviews, random male staff confirmed they do not conduct searches of female inmates. Only female staff are assigned to work in female inmate housing – Modules 3, 4, and 8.

(c) PSD Policy ADM.08.08 states on page 15, *“An incident of cross-gender strip searches and cross-gender visual body cavity searches shall be documented by utilizing the PREA Mandated Reporting Form (PSD 8317). This form shall be forwarded to the Department PREA Coordinator via email, fax, or mail within three (3) days.”* The same requirements apply to cross-gender pat-down searches of female offenders. The facility PCM reported that no searches of this nature were conducted during the audit period.

This auditor reviewed the OCCC lesson plan and training curriculum for Prison Rape Elimination Act of 2003 Corrections & Law Enforcement Training. Slide 66 states, *“PSD Facilities shall document all cross-gender strip searches and all cross-gender visual body cavity searches. PSD Facilities shall document all cross-gender pat-down searches of female offenders.”*

Interviews with staff and inmates did not indicate that cross-gender strip searches have occurred, nor did the audit team observe any cross-gender strip searches while onsite at OCCC.

(d) PSD Policy ADM.08.08 states on page 15, *“An offender shall be allowed to shower, perform bodily functions, and change clothing without non-medical staff of the opposite gender viewing their breasts, buttocks, or genitalia, except in exigent circumstances, or when such viewing is incidental to routine cell checks. The facility staff shall document any exigent circumstances by utilizing the PREA Mandated Reporting Form (PSD 8317) any exigent incident. This form shall be forwarded to the Department PREA Coordinator via email, fax, or mail within three (3) days.”*

During the physical plant review, the audit team looked for areas where cross-gender viewing may occur. The audit team identified cells with cameras that are utilized for inmates on suicide watches. “Suicide watch” refers to an intensive monitoring process to ensure that an inmate engage in self-harm behaviors. Various forms of suicide watch exist, but generally involve the inmate being under continuous or very frequent watch by a person who will intervene if the inmate attempts to harm themselves. The cameras do not include any blurring or other obstructive action over the toilet in the cell. A notice is stenciled on

the wall of each monitored cell - *“This cell is subject to video monitoring which may be viewed by opposite gender staff”*. If an opposite gender staff member is assigned to the suicide watch and the inmate needs to use the bathroom, the staff member will provide the inmate with toilet paper and step to the side of the door while the inmate uses the bathroom, to provide privacy. As there can be multiple inmates on suicide watch status at any time, a security officer is assigned to the tier and watches the cameras via a monitor. The monitor was positioned in a way that allowed anyone passing by to see the activity taking place in each cell.

As part of corrective action, this auditor required the monitor station to be modified in a way that prevents anyone other than the officer at the station to view the video feed. On July 21, 2022 this auditor was provided with photographic evidence that a cover has been built around the monitor station and it can no longer be viewed by others in the area.

PSD Policy ADM.08.08 states on page 16, *“Staff of the opposite gender are required to ‘knock and announce’ their presence when entering an offender housing unit and ensure that this notice is logged in the Informer or Logbook. For example, a male staff member entering a female housing unit must ‘knock and announce’ his presence via an intercom or a verbal broadcast by stating ‘male in the housing unit, ensure that you are properly dressed.’”*

This auditor reviewed the OCCC lesson plan and training curriculum for Prison Rape Elimination Act of 2003 Corrections & Law Enforcement Training. Slide 69 reinforces PSD policy by stating, *“Staff of the opposite gender are required to ‘knock and announce’ their presence when entering an offender housing unit and ensure that this notice is logged in the Informer or Log Book.”*

Signs are affixed to housing unit entrances, reminding staff of the requirement to make announcements. Cross-gender announcements were consistently observed when the audit team entered housing units. The audit team observed male inmates reinforcing to each other that they must be properly dressed when a female enters the unit. Interviews with random staff and inmates indicated the announcements are made consistently and as required.

(e) PSD Policy ADM.08.08 states on page 16, *“PSD Non-medical staff shall not search or physically examine a transgender or intersex offender for the sole purpose of determining the offender's genital status. If the offender's genital status is unknown, it may be determined from conversations with the offender, by reviewing medical records, or, if necessary, by learning this information as part of a medical examination conducted by a medical practitioner.”*

This auditor reviewed the OCCC lesson plan and training curriculum for Prison Rape Elimination Act of 2003 Corrections & Law Enforcement Training. Slide 74 states, *“PDS staff shall not search or physically examine a transgender or intersex offender for the sole purpose of determining the offender's genital status. If the offender's genital status is unknown, it may be determined during conversations with the offender, by reviewing medical records, or, if necessary, by learning that information as part of a medical examination conducted by a medical practitioner.”*

Interviews with random staff indicated they are aware that searches to determine genital status are prohibited by standard and agency policy. Six transgender inmates were interviewed at OCCC; none indicated they had been searched to determine genital status. All staff interviewed were aware they are not permitted to conduct searched of this nature.

(f) PSD Policy ADM.08.08 states on page 16, *“PSD staff are to ensure that cross-gender pat-down searches and searches of transgender and intersex offenders are conducted in a professional, respectful, and in the least intrusive manner, while ensuring security operational needs for the good government and*

orderly running of the facility. The professional and respectful pat-down search of a transgender and intersex offender may be achieved by utilizing the back of your hand instead of the front of your hand.”

This auditor reviewed the OCCC lesson plan and training curriculum for Prison Rape Elimination Act of 2003 Corrections & Law Enforcement Training. Slide 70 states, “PSD staff are to ensure that cross-gender pat-down searches AND searches of transgender and intersex offenders are conducted in a professional, respectful, and in the least intrusive manner, while ensuring security operational needs for the good government and orderly running of the facility.” The training curriculum indicates “dual” searches, where the staff of one gender searches the top half of an inmate and the staff of another gender searches the bottom half of the inmate, are prohibited. The remainder of the training curriculum directs how to conduct a cross-gender pat-down search using commonly accepted correctional practices.

Six transgender inmates were interviewed at OCCC; all six indicated staff interact with them in a professional and respectful manner, to include while being searched. Interviews with random staff indicated they were knowledgeable of proper pat-down search techniques.

Conclusion:

Based upon the review and analysis of all available evidence, the auditor has determined that the facility is in full compliance with the standard of limits to cross-gender viewing and searches, as it relates to PREA.

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

The auditor gathered, analyzed, and retained the following evidence related to this standard:

- OCCC Pre-Audit Questionnaire (PAQ) responses
- PSD Policy ADM.08.08
- PSD Contract with Pacific Interpreters
- Lesson Plan for Prison Rape Elimination Act of 2003 Corrections & Law Enforcement Training
- Interview with the PREA Coordinator
- Interview with the PREA Compliance Manager
- Interviews with random staff and random inmates
- Interviews with inmates with physical disabilities and vision limitations

(a-b) PSD Policy ADM.08.08 states on page 16, "Disabled offenders and offenders with limited English proficiency shall be provided with equal opportunity to participate in or benefit from all aspects of PSD's

efforts to prevent, detect, and respond to sexual abuse and sexual harassment.” The policy lists the interpreter services for the deaf, blind, or hard of hearing inmates, and those with limited-English proficiency. (This auditor has omitted the information from this report as it contains the contact information and account number for the agency.) The agency/facility contracts with Pacific Interpreters for translation services and has used them since at least 2013. Pacific Interpreters has more than 11,000 trained and qualified interpreters in more than 240 languages and can be utilized by voice, video, or in-person. All staff have access to the instructions for utilizing this service.

Written materials about PREA are available in multiple languages. Pacific Interpreters would be used to make any other language translations available.

This auditor reviewed the OCCC lesson plan and training curriculum for Prison Rape Elimination Act of 2003 Corrections & Law Enforcement Training. Slide 75 states, *“Disabled offenders and offenders with limited English proficiency shall be provided with equal opportunity to participate in or benefit from all aspects of PSD’s efforts to prevent, detect and respond to sexual abuse and sexual harassment.”*

Interviews were conducted with the following targeted populations:

- Two inmates with physical disabilities
- One inmate with complete vision impairment
- One inmate with limited-English proficiencies

Interviews with random staff and random/targeted inmates indicated that inmates with physical disabilities and limited-English proficiencies are afforded additional accommodation to ensure their access to all aspects of the agency’s PREA program. No interviews indicated another inmate had been used to assist in their comprehension. Interviews with random staff indicated they would not use another inmate as an interpreter.

An inmate with complete vision impairment was unable to access the agency’s PREA program.

As part of corrective action, this auditor required the facility PCM to develop a system to ensure inmates with severe disabilities are educated in a manner that permits them the same access to the PREA program. The facility PCM was required to provide this auditor with documentation of such system.

On March 29, 2022 the facility PCM issued a written memorandum stating, *“Disabled offenders and offenders with Limited English proficiency (LEP) shall be provided with equal opportunity to participate in or benefit from all aspects PSD’s efforts to prevent, detect, and respond to sexual abuse and sexual harassment. This includes those who are deaf, hard of hearing, blind or have low vision, or those who have intellectual, psychiatric, or speech disabilities. Should any offender [be] identified with the above disabilities, notify Sgt. Leota at [phone extension] or by email [email address] to ensure effective communication and PREA education is delivered in a manner that permits them the same access to OCCC’s PREA program.”*

On June 20, this auditor was provided with six examples of the facility using interpreter services to provide comprehensive education or complete risk screenings of OCCC inmates with disabilities or limited-English proficiency.

(c) PSD Policy ADM.08.08 states on page 16, *“The use of offender interpreters, or other types of offender assistance is prohibited, except in limited circumstances where an extended delay in obtaining an effective interpreter could compromise an offenders' safety. In the limited circumstances where offender interpreters, or other types of offender assistance are utilized, it shall be documented by utilizing the PREA Mandated Reporting Form (PSD 8317). This form shall be forwarded to the Department PREA Coordinator via email, fax, or mail within three (3) days.”*

This auditor reviewed the OCCC lesson plan and training curriculum for Prison Rape Elimination Act of 2003 Corrections & Law Enforcement Training. Slide 76 states, *“The use of OFFENDER interpreters, or other types of OFFENDER assistance is prohibited, except in limited circumstances where an extended delay in obtaining an effective interpreter could compromise [an] offender’s safety.”*

No interviews indicated another inmate had been used to assist in their comprehension. Interviews with random staff indicated they would not use another inmate as an interpreter.

Conclusion:

Based upon the review and analysis of all available evidence, the auditor has determined that the facility is in full compliance with the standard of inmates with disabilities and inmates who are limited-English proficient, as it relates to PREA.

Auditor Overall Compliance Determination

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

The auditor gathered, analyzed, and retained the following evidence related to this standard:

- OCCC Pre-Audit Questionnaire (PAQ) responses
- PSD Policy ADM.08.08
- Department of Public Safety *Applicant's Personal History Questionnaire*
- Employee file reviews
- Interview with the warden
- Interview with Human Resource staff
- Interview with agency PREA Coordinator

(a) PSD Policy ADM.08.08 states on page 17, *"PSD prohibits the hiring or promoting of anyone, who may have contact with offenders, and shall not utilize the services of any contractor or volunteer, who may have contact with offenders, if that person:*

- a. Has engaged in sexual abuse in a prison, jail, lockup, community confinement facility, juvenile facility, or other institution owned, operated, or managed by the state as defined by 42 U.S.C. 1997, for example the Hawaii State Hospital or other state skilled nursing, intermediate, long-term care, custodial, or residential care institution.*
- b. Has been convicted of engaging or attempting to engage in sexual activity in the community facilitated by force, overt or implied threats of force, or coercion, or if the victim did not consent or was unable to consent or refuse.*
- c. Has been civilly or administratively adjudicated to have engaged in the activity described in the paragraphs above.*
- d. There are less stringent requirements for volunteers, who are utilized as peer mentors, but this requires a case-by-case assessment and review with the Department PREA Coordinator."*

(b) PSD Policy ADM.08.08 states on page 17, *"PSD shall consider any incidents of sexual harassment in determining whether to hire or promote anyone, or to utilize the services of any contractor or volunteer, who may have contact with offenders."*

Interviews with the warden and Human Resource staff indicated the policy is implemented in practice. The warden indicated they would likely not enlist the services of a contractor who had allegations of sexually harassing inmates.

(c-d) PSD Policy ADM.08.08 states on page 17, *"Before new employees, contractors, or volunteers, who may have contact with offenders, are hired, PSD shall:*

- a. Perform a criminal background record checks, consistent with federal, state, and local law; and*
- b. Utilize a 'best effort' to contact all prior institutional employers for information on substantiated allegations of sexual abuse or any resignation, due to a pending investigation of an allegation of sexual abuse."*

Potential applicants must list all prior institutional employers in the work experience section of their application. A signed release form and employer questionnaire is sent to all prior employers, to include institutional employers.

On December 29, 2021, this auditor selected 31 employee names to review background check compliance. On February 2, 2022, this auditor received and reviewed documents for 30 employees – the 31st employee was no longer employed by the agency. The review indicated checks are occurring for employees as required.

(e) PSD Policy ADM.08.08 states on page 17, *“PSD shall conduct criminal background record checks at least every five years for current employees, contractors, and volunteers, who may have contact with offenders.*

a. PSD's Personnel's Office is responsible for ensuring compliance with the five year cycle of background checks for current employees.

b. It is noted that PSD does conduct annual Lautenberg type of background checks on those employment positions that are required to carry a firearm.”

Interviews with Human Resource staff and the agency PREA Coordinator indicated these checks take place as required.

(f) PSD Policy ADM.08.08 states on page 18, *“PSD shall ask all applicants and employees, who may have direct contact with offenders, about previous misconduct(s) described in paragraph (1) of this section either on (a) a written application, (b) during an interview for hire, (c) a promotional interview, or (d) if applicable, during any interview or written self-evaluation conducted as part of reviews of current employees. This requirement is documented by utilizing the PREA Applicant Questionnaire (PSD 8318), during the application process for prospective employees, employee promotions, or employee transfers.*

All PSD staff has an affirmative duty to immediately disclose any such misconduct covered by sections .1 and .2 by immediately reporting the incident through their chain of command.”

Prospective agency/facility applicants are required to submit a completed *Department of Public Safety Applicant's Personal History Questionnaire*. Section 7 of this questionnaire states, *“This position may have or involves contact with inmates in a correctional facility (prison and jail) or lockup. As required by the Prison Rape Elimination Act of 2003 (PREA), all applicants who may have contact with an inmate in a correctional facility (prison and jail) or lockup as described in the law must answer the four questions below to determine their eligibility for this position.”* The four questions correspond with the requirements of (a).

PSD does not conduct self-evaluations as part of the employee review process.

(g) PSD Policy ADM.08.08 states on page 18, *“Any PSD staff, who materially omits reporting such misconduct or provides materially false information shall be subject to discipline based on the just and proper cause standard, up to and including discharge. See Department of Human Resources Policy 702.003.”* The HR policy referenced outlines the process for separating employment with PSD.

This auditor reviewed the OCCC lesson plan and training curriculum for Prison Rape Elimination Act of 2003 Corrections & Law Enforcement Training. Slide 80 states, *“All PSD Staff have an affirmative duty to immediately disclose any such misconduct by immediately reporting through their chain of command. Any PSD staff who materially omits reporting such misconduct OR provides materially false information shall be subject to discipline based on the just and proper cause standard, up to and including discharge.”*

By signature on their Department of Public Safety *Applicant's Personal History Questionnaire*, prospective agency/facility applicants attest that *"the information and my responses to the questions provided in this Personal History Questionnaire are true and correct to the best of my knowledge. I agree, understand and acknowledge that any misstatements or omissions of material facts herein may cause disqualification from the employment process and forfeiture of all rights to any employment in the service of the State of Hawaii &/or Dept of Public Safety."*

An interview with Human Resource staff indicated disciplinary action, including termination, is taken when material omissions are discovered.

(h) PSD Policy ADM.08.08 states on page 12, *"Unless prohibited by law, the PSD shall provide information on substantiated allegations of sexual abuse or sexual harassment involving a former employee upon receiving a request from an institutional employer with whom the employee has applied to work."*

Conclusion:

Based upon the review and analysis of all available evidence, the auditor has determined that the facility is in full compliance with the standard of hiring and promotion decisions, as it relates to PREA.

Standard 115.18: Upgrades to facilities and technologies

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

(N/A if agency/facility has not acquired a new facility or made a substantial expansion to existing facilities since August 20, 2012, or since the last PREA audit, whichever is later.)
 Yes No NA

115.18 (b)

- If the agency installed or updated a video monitoring system, electronic surveillance system, or other monitoring technology, did the agency consider how such technology may enhance the agency's ability to protect inmates from sexual abuse? (N/A if agency/facility has not installed or updated a video monitoring system, electronic surveillance system, or other monitoring technology since August 20, 2012, or since the last PREA audit, whichever is later.)
 Yes No NA

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

The auditor gathered, analyzed, and retained the following evidence related to this standard:

- OCCC Pre-Audit Questionnaire (PAQ) responses
- PSD Policy ADM.08.08
- Interview with agency head/designee
- Interview with agency PREA Coordinator
- Interview with the warden
- Interview with the PREA Compliance Manager
- Observation of facility operations while onsite

(b) PSD Policy ADM.08.08 states on page 18, *“When designing or acquiring any new facility, and in planning any substantial expansion or modification of existing facilities, PSD shall consider the impact that the design, acquisition, expansion, or modification will have on PSD’s ability to protect offenders from sexual abuse.”*

Interviews with the agency head/designee, agency PREA Coordinator, warden, and facility PREA Compliance Manager confirmed the agency has not designed or acquired any new facilities, nor planned a substantial expansion or modification of OCCC. During the site review, the audit team did not observe any areas that appeared to be under construction for a substantial expansion or modification. The audit team observed areas being renovated, but not substantially changed.

(b) PSD Policy ADM.08.08 states on page 18, *“When installing or updating a video monitoring system, electronic surveillance system, close circuit television (CCTV), or other monitoring technology, PSD shall consider how such technology may enhance the agency’s ability to protect offenders from sexual abuse.”* Camera mapping was created by an architect who installed the cameras during the most recent technological upgrade. The project manager consults with the agency PREA coordinator and the facility PCM regarding specific concerns at the facility.

Interviews with the warden and facility PREA Compliance Manager confirmed that the prevention of sexual abuse and sexual harassment was a factor in determining camera placement.

Conclusion:

Based upon the review and analysis of all available evidence, the auditor has determined that the facility is in full compliance with the standard of upgrades to facilities and technologies, as it relates to PREA.

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

The auditor gathered, analyzed, and retained the following evidence related to this standard:

- OCCC Pre-Audit Questionnaire (PAQ) responses
- PSD Policy ADM.08.08
- State of Hawaii Contract No. 16-HSA-01
- Interview with the PREA Compliance Manager
- Interview with SAFE/SANE
- Interview with Agency Internal Affairs Investigator
- Interviews with medical staff
- Interviews with random staff and random inmates

(a) PSD Policy ADM.08.08 states on pages 18-19, *"PSD is responsible for conducting all administrative sexual abuse investigations. All criminal sexual abuse investigations shall be referred to the county LE agency (Honolulu Police Department, Hawaii Police Department, Oahu Police Department, and Kauai Police Department). If county LE declines to investigate the initial report related to a criminal case, then a referral shall be made to the State of Hawaii, Department of the Attorney General (AG) to investigate the criminal case... PSD utilizes departmental evidence protocols that maximize the potential for obtaining usable physical evidence for administrative proceedings and preserves the crime scene for criminal investigations and prosecution."*

(b) The National Protocol for Sexual Assault Forensic Examinations 2nd Edition Information from April 2013 was used when developing the program for the department as reflected in the SATC contract scope of duties.

While the protocol is developmentally appropriate for youth, OCCC does not house youthful inmates. Interviews with a facility investigator indicated they are knowledgeable on obtaining usable physical evidence.

(c) PSD Policy ADM.08.08 states on page 19, *"The Health Care Division staff shall determine, based on evidentiary or medical needs, whether a victim of sexual abuse will be transported for a forensic medical examination at the Sex Abuse Treatment Center ("SATC") or at a hospital emergency unit. This shall be at no financial cost to the victim. In facilities without twenty-four (24) hour medical, then the on-call physician shall be contacted. The use of Sexual Assault Forensic Examiners (SAFEs) or Sexual Assault Nurse Examiners (SANEs) are utilized at the SATC...If a SAFE or SANE is not available, the examination may be performed by other qualified medical practitioners. The SATC and its contracted representative on the outer islands have indicated that victim advocates are available during an examination."*

All forensic medical exams are provided offsite by Sexual Assault Nurse Examiners, as verified through interview. The PAQ indicated there was one forensic medical exam provided during the audit period. Interviews with medical staff verified inmates are not financially responsible for forensic medical exams.

(d-e) PSD Policy ADM.08.08 states on page 19, *"At the request and approval of the victim, a victim advocate from the SATC, or SATC contracted provider on the outer islands shall be provided to support the victim through the forensic medical examination process and the investigatory interview. The purpose of a victim advocate is to provide emotional support, crisis intervention, information, and referrals."*

The state of Hawaii has contracted with Kapiolani Medical Center for Women and Children (KMCWC)-Sex Abuse Treatment Center (SATC) to provide statewide, comprehensive victim sexual assault treatment services. As outlined on pages two and three of the contract, *“Crisis intervention services need to be available 24 hours a day, 365 days a year. A 24-hour hotline will provide the sexual assault victim and the community, immediate access to care both over the phone and in-person. In addition to crisis counseling, victims often require medical-legal care and assistance with reporting options. A Sexual Assault Response Team (SART), should be on call around the clock and staffed with personnel specially trained to provide crisis support services to victims. Such services include crisis stabilization and counseling, legal systems advocacy to inform the victim of legal rights and options, an acute forensic examination to provide the victim the necessary medical assessment and treatment, and the collection and preservation of forensic evidence if the victim decides to take criminal action.”*

Interviews with a victim advocate and SANE confirmed the availability of victim advocates.

(f) PSD Policy ADM.08.08 states on page 20, *“PSD shall ensure that internal investigations comply with the above requirements and external investigative entities (County LE) have procedures in place to comply with the above requirement.”*

Interviews with the Agency Internal Affairs Investigator, a victim advocate and a SANE confirmed that law enforcement agencies comply with the requirements of this provision.

(g) Auditor is not required to audit this provision.

(h) This provision of the standard is not applicable to OCCC, as they make a victim advocate from a rape crisis center available to victims, per 115.21(d).

Conclusion:

Based upon the review and analysis of all available evidence, the auditor has determined that the facility is in full compliance with the standard of evidence protocols and forensic medical examinations, as it relates to PREA.

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

The auditor gathered, analyzed, and retained the following evidence related to this standard:

- OCCC Pre-Audit Questionnaire (PAQ) responses
- PSD Policy ADM.08.08
- PSD Webpage
- Interview with agency head/designee
- Interviews with investigative staff

(a-c) PSD Policy ADM.08.08 states on pages 19-20, *"PSD ensures that an internal administrative investigation and an external referral for criminal investigation are completed for all allegations of sexual abuse and sexual harassment with the limitation that any criminal referral for sexual harassment must meet a criminal standard. All external referrals for a criminal investigation shall be processed through a county LE [law enforcement] agency, such as Honolulu Police Department, Oahu Police Department, Kauai Police Department, and Hawaii Police Department. If an allegation of sexual abuse or sexual harassment involves potentially criminal behavior, then the allegation shall be immediately referred to a county LE agency. PSD Internal Affairs Office ("IA") shall be immediately notified of any allegation of sexual abuse or potentially serious incident of sexual harassment. The administrative investigation may be completed by IA or at the facility level pursuant to an order of the Director or his/her designee."*

The PSD PREA policy is available on the PSD website at [ADM.08.08.pdf \(hawaii.gov\)](#). It reiterates the agency's zero-tolerance policy and outlines the process for investigations and referrals. More general information about PREA is available to the public on the PSD website at [Department of Public Safety | PREA \(hawaii.gov\)](#).

Interviews with investigative staff indicated they are knowledgeable of the process for case referral. The interview of the agency head/designee indicated the agency is committed to creating a sexually safe environment for all inmates and has an established relationship with agency investigators to ensure allegations are investigated and referred properly.

(d) Auditor is not required to audit this provision.

(e) Auditor is not required to audit this provision.

Conclusion:

Based upon the review and analysis of all available evidence, the auditor has determined that the facility is in full compliance with the standard of policies to ensure referrals of allegations for investigations, as it relates to PREA.

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

The auditor gathered, analyzed, and retained the following evidence related to this standard:

- OCCC Pre-Audit Questionnaire (PAQ) responses
- PSD Policy ADM.08.08
- Lesson Plan for Prison Rape Elimination Act of 2003 Corrections & Law Enforcement Training
- Staff training reports
- Interviews with random staff

(a) PSD Policy ADM.08.08 states on pages 20-21, "PSD provides a comprehensive training module for all staff emphasizing PSD's zero tolerance policy and the importance of preventing sexual abuse/sexual assault and sexual harassment toward offenders. PSD educates staff about the serious impact of offender sexual victimization within a correctional setting."

This auditor reviewed the OCCC lesson plan and training curriculum for Prison Rape Elimination Act of 2003 Corrections & Law Enforcement Training to ensure a comprehensive training program that provides detailed information on all ten required elements.

This auditor reviewed training documentation for 491 employees:
326 employees completed training as required
13 employees were away from the facility on Worker's Compensation
11 employees were listed as being on vacation or another form of leave
6 employees were away from the facility on medical leave
1 employee was on military deployment

The remainder of the employees (134) had not completed training as required.

For corrective action, this auditor required the facility PREA Compliance Manager to ensure the remaining employees take the required training. Any employees on military deployment, worker's compensation or other long-term leave will be required to complete training upon their return to work. Documentation of training would be provided to this auditor for review.

This auditor received training updates throughout the corrective action period. By the end of the corrective action period, all employees at the facility had received the required training. A total of 26 employees remained out on military leave, extended medical leave, or Worker's Compensation and will be trained upon their return to duty.

(b) PSD Policy ADM.08.08 states on page 22, *"PSD's staff training is tailored to address all genders of offenders in a correctional facility; therefore, additional training is not required when a staff member transfers to a different gender facility."*

This auditor reviewed the OCCC lesson plan and training curriculum for Prison Rape Elimination Act of 2003 Corrections & Law Enforcement Training and verified the training is tailored for all genders.

(c) PSD Policy ADM.08.08 states on page 21, *"The Warden, PSD Administrators, or Sheriff shall ensure that all current staff shall have received PREA training. The Warden or Sheriff shall notify the Department's Training and Staff Development Office (TSO) and the PREA Coordinator of any individual who requires training."*

In the years that PREA refresher training is not provided, the agency/facility provides refresher information on current sexual abuse and sexual harassment policies.

(d) PSD Policy ADM.08.08 states on page 21, *"PSD training sign-in sheets are verification that the staff member received and understood the PREA training. The sign-in sheet shall include the following statement: 'By signing this attendance sheet you acknowledge receipt of PREA Training and that you understood the PREA Training materials.' The sign-in sheet documentation substantiates that the staff member has completed the required training and his/her completion shall be entered on the staff member's training record with TSO. A copy shall also be provided to the PSD PREA Coordinator via email, fax, or mail within three (3) days."*

Interviews with random staff indicated they received and understood training.

Conclusion:

Based upon the review and analysis of all available evidence, the auditor has determined that the facility is fully compliant with this standard of employee training as it relates to PREA.

Standard 115.32: Volunteer and contractor training

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

Yes No

115.32 (c)

- Does the agency maintain documentation confirming that volunteers and contractors understand the training they have received? Yes No

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

The auditor gathered, analyzed, and retained the following evidence related to this standard:

- OCCC Pre-Audit Questionnaire (PAQ) responses
- PSD Policy ADM.08.08
- VolinCor (Volunteers in Corrections) *A Handbook for Corrections Program Services Staff*
- *Prison Rape Elimination Act of 2003 Volunteer & Contractor Training* curriculum
- Volunteer and Contractor training records
- Interview with warden
- Interviews with volunteers and contractors

(a-b) PSD Policy ADM.08.08 states on page 22, *“All volunteers and contractors, who have contact with offenders shall be trained on PREA, PSD’s policy, and their responsibilities regarding the prevention, detection, and how to respond to a report of offender sexual abuse and sexual harassment. The level and type of training provided to volunteers and contractors shall be tailored to the level of contact and services provided to offenders. All current volunteers and contractors have been notified of PSD’s zero-tolerance policy regarding offender sexual abuse and sexual harassment, as well as how to report such incidents.”*

This auditor reviewed *Prison Rape Elimination Act of 2003 Volunteer & Contractor Training* curriculum. Slide 21 states, *“PSD has a zero-tolerance policy concerning all forms of sexual abuse, sexual harassment, and retaliation for reporting incidents. This means that all sexual abuse, sexual harassment and retaliation for reporting such incidents is strictly prohibited and all allegations will be investigated.”*

This auditor reviewed VolinCor (Volunteers in Corrections) *A Handbook for Corrections Program Services Staff*. The handbook relays the agency/facility expectations of contractors and volunteers when working with inmates. Page 30 provides comprehensive information about PREA and states, *“The Department has a ZERO tolerance policy regarding the harassment, abuse, threats, etc., of inmates either by staff or other inmates. It is mandatory that you report any PREA incident. Failure to report is a violation of Federal and State Law, as well as Department rules. Failure to report may leave you open to administrative, civil, and/or criminal proceedings taken against you. It may also result in suspension or termination.”*

Interviews with two contractors and two volunteers confirmed they had received and understood training related to PREA and were knowledgeable of the agency’s zero-tolerance policy and their obligation to report.

(c) PSD Policy ADM.08.08 states on page 22, *“PSD maintains documentation confirming that volunteers and contractors received an appropriate level of training and that they understood the information provided. A copy shall be maintained with the PSD Volunteer Coordinator and is available to the PSD PREA Coordinator upon request.”*

This auditor reviewed documentation for ten volunteers and two contractors to confirm all had received an appropriate level of training. In an interview with the warden, he indicated he would immediately discontinue the services of any volunteer that he believed violated security procedures, to include engaging in sexual abuse and/or sexual harassment. Interviews with volunteers and contractors indicated they are aware of the agency’s zero-tolerance policy and their reporting responsibilities.

Conclusion:

Based upon the review and analysis of all available evidence, the auditor has determined that the facility is fully compliant with this standard of volunteer and contractor training as it relates to PREA.

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

The auditor gathered, analyzed, and retained the following evidence related to this standard:

- OCCC Pre-Audit Questionnaire (PAQ) responses
- PSD Policy ADM.08.08
- *Directives for Inmate Behavior*, draft
- Inmate postings within the facility
- Inmate file reviews
- Interview with intake staff
- Interviews with inmates having limited English proficiency or disabilities
- Interviews with random inmates

(a-c) PSD Policy ADM.08.08 states on page 23, "*Offenders shall receive verbal and written information at the time of intake by Intake Service Center (ISC) staff about PSD's zero-tolerance policy and how to report incidents or suspected incidents of sexual abuse or sexual harassment.*

Within thirty (30) days of intake, PSD Facility shall provide comprehensive PREA education via video (PRC video) or classroom instruction to offenders that addresses:

- a. Prevention and intervention.*
- b. Self-protection.*

- c. *Reporting sexual abuse, sexual harassment, and protection from retaliation, including information on the options to report the incident to a designated staff member other than an immediate point-of-contact line officer.*
- d. *Treatment and counseling.*
- e. *PSD's zero-tolerance for sexual abuse/sexual assault, sexual harassment, and retaliation."*

This auditor reviewed a draft of the facility handbook, *Directives for Inmate Behavior*. There is no PREA information listed in the handbook, and there are no current plans to revise the handbook.

This auditor reviewed the agency/facility Inmate PREA Training. OCCC uses a video produced by Just Detention International to provide comprehensive information to inmates about their right to be free from sexual abuse and sexual harassment, their right to be free from retaliation for reporting such incidents, and agency policies and procedures for responding to such incidents. Random and targeted inmates recalled receiving comprehensive information once they were prompted about watching a video.

This auditor reviewed the files of each inmate that was interviewed to determine if they received comprehensive education within 30 days of their arrival at OCCC. Out of 39 files reviewed, 11 inmates did not have documentation to support receiving education.

For corrective action, the facility PCM was required to develop and implement a plan to provide the required education to all inmates at the facility. To address the issue, the PCM began showing the PREA education video twice each month to all inmates at the facility. Documentation of the process was provided to this auditor on July 21, 2022.

An interview with a risk screener indicated the PREA information is offered to each inmate. Interviews with inmates indicated they were aware the zero-tolerance policy and how to make a report.

PSD Policy ADM.08.08 states on page 23, *"Effective August 2013, all current offenders should have received information on PREA. PSD requires that offenders who are transferred from one facility to another be reeducated only to the extent that the policies and procedures of the new facility differ from those of the previous facility."*

OCCC did not have any inmates at the facility who were admitted prior to August 2012.

(d) PSD Policy ADM.08.08 states on page 23, *"It is PSD's policy to make appropriate provisions, as necessary, for offenders with limited English proficiency through the CRCO's identification of authorized interpreters. Accommodations for offenders with disabilities (including offenders who are deaf or hard of hearing, those who are blind or have low vision, or those who have intellectual, psychiatric, or speech disabilities) and offenders with low literacy levels shall be made at the facility level. ISC staff shall document by utilizing the PREA Mandated Reporting Form (PSD 8317), if an inmate requires accommodation and this form shall be forwarded to the Facility PREA Manager and Department PREA Coordinator via email, fax, or mail within three (3) days."*

PREA posters are available throughout the facility in multiple languages.

OCCC uses a video produced by Just Detention International to provide comprehensive information to inmates about their right to be free from sexual abuse and sexual harassment, their right to be free from retaliation for reporting such incidents, and agency policies and procedures for responding to such incidents. The video has audio, for those that are visually impaired, and subtitles are available for those who are deaf.

There was one inmate at OCCC during the onsite that had limited-English proficiencies. The audit team interviewed three inmates with physical disabilities and one who with complete vision impairment. The inmates with physical disabilities and limited-proficiencies confirmed they received PREA-related information in a format they were able to understand. It did not appear, as evidenced through interview, that the inmate with complete visual impairment was able to adequately understand the audio of the video during the intake process. Corrective action for inmates with disabilities was addressed through §115.16.

(e) PSD Policy ADM.08.08 states on page 23, *“Each facility shall maintain electronic or written documentation of an offender’s participation in the educational session (video or classroom). This documentation shall be forwarded to the Facility PREA Manager and the Department PREA Coordinator via email, fax, or mail within three (3) days.”*

During the facility intake process, inmates are provided a form to sign indicating they have received comprehensive education. The auditor confirmed this documentation during the inmate file reviews.

(f) PSD Policy ADM.08.08 states on page 23, *“PSD shall ensure that key information on PSD’s PREA policies are continuously and readily available or visible through posters, handouts, offender handbooks, and resources in the offender library.”*

This auditor reviewed a draft of the facility handbook, *Directives for Inmate Behavior*. There is no PREA information listed in the handbook, and there are no current plans to revise the handbook. Key information is continuously and readily available on posters throughout the facility.

Conclusion:

Based upon the review and analysis of all available evidence, the auditor has determined that the facility is fully compliant with this standard of inmate education as it relates to PREA.

Standard 115.34: Specialized training: Investigations

- Auditor is not required to audit this provision.

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

The auditor gathered, analyzed, and retained the following evidence related to this standard:

- OCCC Pre-Audit Questionnaire (PAQ) responses
- PSD Policy ADM.08.08
- PSD Training Curriculum on Sexual Abuse Investigations
- Investigative staff training records
- Interviews with investigative staff

(a-b) PSD Policy ADM.08.08 states on page 23, "IA, or facilities, if authorized by the Director, shall conduct the internal administrative investigation for any allegations of sexual abuse. In addition to the general training provided to all employees under §18.0 of this policy, PSD investigators shall receive training on conducting sexual abuse investigations in confinement settings. PSD's specialized training includes techniques for interviewing sexual abuse victims, proper use of Miranda (not applicable) and Garrity warnings, preserving sexual abuse evidence for collection in confinement settings, and an understanding of the criteria and evidence required to substantiate a case in an administrative proceeding or for a referral by a county LE agency for criminal prosecution."

Facility and agency investigators conduct administrative investigations. Investigations involving potentially criminal behavior are referred to the appropriate law enforcement agency, which can be the Honolulu Police Department (county) or the State Sheriff Division.

This auditor reviewed the curriculum utilized for investigators. The training includes instruction on interviewing sexual abuse victims, the proper use of Miranda and Garrity warnings, evidence collection in confinement settings, and the criteria and evidence required to substantiate a case for administrative action or prosecution referral. Interviews with agency and facility investigative staff indicated they were knowledgeable in each aspect of sexual abuse and sexual harassment investigations. In addition to this training, agency and facility investigators must complete the National Institute of Corrections' *PREA: Investigating Sexual Abuse in a Confinement Setting* course. Investigators had the option to take specialized training in *Non-Confrontational Investigative Interviewing* through Wicklander-Zulawski & Associates.

Interviews with facility and agency investigators confirmed they received the training and are knowledgeable of the required elements.

(c) PSD Policy ADM.08.08 states on pages 23 and 24, *“PSD shall maintain documentation substantiating that investigators have completed the required training and it shall be documented on the staff member’s training record with TSO. A copy shall also be provided to the Department PREA Coordinator via email, fax, or mail within three (3) days.”*

OCCC has three facility investigators and PSD has two agency investigators. This auditor reviewed training certificates for all five staff to ensure the required training was received.

(d) This provision is not required to be audited.

Conclusion:

Based upon the review and analysis of all available evidence, the auditor has determined that the facility is fully compliant with this standard of specialized training for investigations as it relates to PREA.

Standard 115.35: Specialized training: Medical and mental health care

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor’s analysis and reasoning, and the auditor’s conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

The auditor gathered, analyzed, and retained the following evidence related to this standard:

- OCCC Pre-Audit Questionnaire (PAQ) responses
- PSD Policy ADM.08.08
- PREA Specialized Training for Medical and Mental Health Staff
- Staff training records
- Interviews with medical and mental health staff

(a) PSD Policy ADM.08.08 states on page 24, “All full-time and part-time medical and mental health practitioners, who work regularly in PSD facilities should be trained in:

- How to detect and assess signs of sexual abuse and sexual harassment.*
- How to preserve physical evidence of sexual abuse.*
- How to respond effectively and professionally to victims of sexual abuse and sexual harassment; and,*
- How and to whom to report allegations or suspicions of sexual abuse and sexual harassment.”*

This auditor reviewed the curriculum to ensure a comprehensive training program that provides detailed information on how to detect and assess signs of sexual abuse and sexual harassment; how to preserve physical evidence of sexual abuse; how to respond effectively and professionally to victims of sexual abuse and sexual harassment; and how and to whom to report allegations or suspicions of sexual abuse and sexual harassment. Interviews with medical and mental health staff indicated they were knowledgeable of the required elements.

(b) PSD Policy ADM.08.08 states on page 24, “PSD medical and mental health staff are not responsible for conducting forensic examinations.” Interviews with medical staff confirmed they do not conduct forensic medical exams. As the agency does not employ medical staff to conduct forensic medical examinations, this subsection of the standard does not apply.

(c) PSD Policy ADM.08.08 states on page 24, *“PSD shall maintain documentation substantiating that medical and mental health practitioners have completed the required training and it shall be documented on the staff member’s training record with TSO. A copy shall also be provided to the Department PREA Coordinator via email, fax, or mail within three (3) days.”*

(d) In addition to the PREA training provided to all employees, medical and mental health staff receive additional training specific to their responsibilities with PREA. This auditor reviewed the training curriculum to ensure it provided detailed information on how to detect and assess signs of sexual abuse and sexual harassment; how to preserve physical evidence of sexual abuse; how to respond effectively and professionally to victims of sexual abuse and sexual harassment; and how and to whom to report allegations or suspicions of sexual abuse and sexual harassment. Interviews of medical and mental health staff indicated they have received the training and are knowledgeable of the required elements.

This auditor reviewed the training records for all medical and mental health staff at OCCC to determine if they completed the required specialized training. Three Para Medical Assistant IIs, two Mental Health staff, one Psychiatrist II, and one Registered Nurse III did not complete training as required.

As corrective action, this auditor required the facility PREA Compliance Manager to ensure the remaining employees take the required training. On July 22, 2022, this auditor received documentation that all medical and mental health staff completed the required specialized training.

Interviews with medical and mental health staff indicated they take the standard PREA training as well as the specialized training.

Conclusion:

Based upon the review and analysis of all available evidence, the auditor has determined that the facility is fully compliant with this standard of specialized training, medical and mental health care as it relates to PREA.

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor’s analysis and reasoning, and the auditor’s conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

The auditor gathered, analyzed, and retained the following evidence related to this standard:

- OCCC Pre-Audit Questionnaire (PAQ) responses
- PSD Policy ADM.08.08
- PSD PREA Screening Tool
- Interview with PREA coordinator
- Interview with PREA compliance manager
- Interviews with staff responsible for conducting risk screening
- Interviews with randomly selected inmates
- Inmate file reviews

(a-c) PSD Policy ADM.08.08 states on page 30, “*The ISC [Intake Service Center] is required to screen offenders at the intake screening process, which occurs upon admission to a facility, by utilizing the PREA Screening Tool (PSD 8314) and the accompanying Instructions for the PREA Screening Tool. The intake screening by ISC shall occur within seventy-two (72) hours of intake/arrival. The facility staff shall review the offender’s risk of sexual abuse victimization (vulnerability factors) or sexual abusiveness (predatory factors) toward other offenders, by reviewing the ‘Intake’ PREA Screening Tool.*”

This screening is conducted in Module 5 in conjunction with other screening and assessments prior to their admittance to OCCC.

A review of 39 inmate files indicated two inmates were not screened within 72-hours of transport/arrival to OCCC.

This auditor reviewed the screening tool used by the facility. It gathers objective data and has an option for override with approval by the agency PREA Coordinator.

(d) PSD Policy ADM.08.08 states on page 31, *“ISC and facility staff shall utilize the PREA Screening Tool (PSD 8314) to conduct PREA risk assessments. The PREA Screening Tool (PSD 8314) evaluates an offender's vulnerability factors and predatory factors. The PREA Screening Tool considers the following criteria to assess offenders for risk of sexual victimization:*

- a. Whether the offender has a mental, physical, or developmental disability.*
- b. The age of the offender.*
- c. The physical build of the offender.*
- d. Whether the offender has previously been incarcerated.*
- e. Whether the offender's criminal history is exclusively nonviolent.*
- f. Whether the offender has prior convictions for sex offenses against an adult or child (see predatory factors).*
- g. Whether the offender is or is perceived to be gay, lesbian, bisexual, transgender, intersex, or gender nonconforming.*
- h. Whether the offender has previously experienced sexual victimization, in a correctional and/or non-correctional setting, within the last ten (10) years.*
- i. The offender's own perception of vulnerability (oral feedback); and,*
- j. Whether the offender is detained solely for civil immigration purposes, which normally does not occur at PSD facilities.*

(e) PSD Policy ADM.08.08 states on page 31, *“The PREA Screening Tool considers prior predatory acts of sexual abuse, prior convictions for violent offenses, and history of prior institutional violence or sexual abuse, if known to the facility, in assessing offenders for risk of being sexually abusive.”*

(f) PSD ADM.08.08 states on page 30, *“The facility shall conduct an affirmative reassessment of an offender's risk of victimization or abusiveness within thirty (30) days of intake screening, based upon any additional relevant information [that] is received about the offender's victimization or abusiveness, subsequent to the intake screening, by utilizing the PREA Screening Tool (PSD 8314) and consult[ing] various sources (e.g., mental health, disciplinary history, allegations of relevant threats or victimization) including interviewing the inmate to determine whether any previously unknown triggering event or information has become available and to document such review.”*

This auditor reviewed 39 inmate files. Six reassessments were conducted late and 13 were conducted less than two weeks since the inmate was admitted to the facility. The purpose of the initial, or 72-hour, screening is to collect risk information for provisional decisions about protection and placement. The purpose of the 30-day screening is to reassess that risk after receiving fuller information relevant to risk and classification as staff interview, assess, and observe the inmate, and as the facility receives information from other agencies and sources. Information cannot be adequately gathered and assessed when the 72-hour and 30-day screenings are conducted within days of each other, as this does not give the inmate time to acclimate to their new surroundings. Some risk factors may be subject to change within the first 30-days of incarceration and may only be determined by making affirmative inquiry of the inmate, as the inmate may have experienced unreported sexual victimization during this time.

As part of corrective action for (a) and (f), the agency PREA coordinator was required to send written direction regarding the timeliness of screenings to all OCCC risk screeners. This auditor reviewed the 30-day reviews for timeliness while the facility was in corrective action.

On April 25, 2022, this auditor received the list of facility admissions for December, January, and February. In December, there were 70 new admits to the facility. Eight of the 72-hour and five of the 30-day screenings were completed late. In January, there were 71 new admits to the facility. Four of the 72-hour screenings and 21 of the 30-day screenings were completed late. In February, there were 113 new admits to the facility. Ten of the 72-hour screenings and 13 of the 30-day screenings were completed late.

On May 25, 2022, the agency PREA Coordinator provided this auditor with documentation related to the provision of updates to all employees who conduct risk assessments. Page two of the document states, *“The reassessment is a more extensive process within 30-days and ensures that the facility has identified those at heightened risk of being sexually victimized and those of being sexually abusive, so that it can make housing and programming decisions with the goal being to use this information to prevent sexual abuse; therefore, screeners should allow a minimum of (14) days from Intake/Arrival/Transfer to conduct the reassessment screening. This is to allow adequate time to collect or gather any additional information that was not considered at the initial screening to include observations of the inmate. This process is an affirmative reassessment of the offender’s risk of victimization or abusiveness by reviewing a variety of sources, e.g., court documents, medical or mental health reports if applicable, criminal history reports, disciplinary history, newly discovered allegations of relevant threats or victimization to include consultation with the inmate and their own views of their sexual safety.”*

On June 21, 2022, this auditor received the list of facility admissions for March and April 2022. In March there were 371 new admits to the facility. There were four late 72-hour screenings, 14 late 30-day screenings, and one missing 30-day screening. In April there were 363 new admits to the facility. There were 17 late 72-hour screenings, 67 late 30-day screenings, and four missing 30-day screenings.

On July 21, 2022, this auditor received the list of facility admissions for May and June 2022. In May there were 351 new admits to the facility. There were 12 late 72-hour screenings, seven missing 72-hour screening, 49 late 30-day screenings, and two missing 30-day screenings. In June, there were 299 new admits to the facility. There were four late 72-hour screenings, and 15 late 30-day screenings.

This auditor met with the agency PREA Coordinator and facility PCM on July 25, 2022 to advise them that the facility would not be found in compliance with this standard unless they achieved a compliance rate of 95% or above for their July screenings.

On July 29, 2022, this auditor received the list of facility admissions for July. In July, there were 251 new admits to the facility. All 72-hour and 30-day screenings were completed on time.

(g) PSD ADM.08.08 states on page 32, *“The offender’s risk of victimization or abusiveness shall be reassessed; when a referral, request, incident of sexual abuse, or receipt of additional information which may impact the offender’s risk level by utilizing the PREA Screening Tool (PSD 8314).”*

An interview with the facility PCM confirmed an additional risk screening is conducted after referral, incident of sexual abuse or receipt of additional information which may impact the inmate’s risk level. The auditor verified this information through file and investigation reviews.

(h) PSD ADM.08.08 states on page 32, *“An offender shall not be disciplined for refusing to answer, or for not disclosing complete information related to, the questions asked pursuant to §24 of this policy.”* Interviews with the agency PREA Coordinator, the facility PCM and staff who conduct risk screenings confirmed they do not discipline inmates for refusing to answer risk screening questions, and will instead complete a risk screening based on information known to the agency/facility. No inmate indicated in an interview they had been disciplined for refusing to disclose information.

(i) PSD ADM.08.08 states on page 32, *“The information on the PREA Screening Tool (PSD 8314) is subject to confidentiality requirements; therefore, professional and ethical rules shall be enforced to avoid any negative impact to the offender. The information should not be exploited to the detriment of the offender.”*

Interviews with screening staff indicated they are aware that information obtained during the screening process is to remain confidential unless there is a legitimate need to know.

Conclusion:

Based upon the review and analysis of all available evidence, the auditor has determined that the facility is fully compliant with this standard of screening for risk of sexual victimization and abusiveness as it relates to PREA.

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

The auditor gathered, analyzed, and retained the following evidence related to this standard:

- OCCC Pre-Audit Questionnaire (PAQ) responses
- PSD Policy ADM.08.08
- Interview with PREA coordinator
- Interview with PREA compliance manager
- Interview with staff responsible for risk screening
- Interviews with inmates who identify as transgender or bisexual
- Inmate file reviews
- Observation of facility operations while onsite

(a) PSD Policy ADM.08.08 states on page 27, *"PSD shall use the information from the risk assessment screening for housing designations, work line, program assignment, or scheduling to keep separated those offenders at high risk of being sexually victimized from those at high risk of being sexually abusive."*

Information from the screening form is considered in the final determination of the inmate's housing and program assignments. Known or potential victims are not housed with known or potential aggressors. Known and potential victims may participate in programming and work assignments with known and potential aggressors if there is adequate staff supervision.

(b) PSD Policy ADM.08.08 states on page 32, *"PSD shall use the risk screening tool information to make an individualized assessment about how to ensure the safety of each individual offender."*

Overrides can be requested to change an inmate's housing consideration from a lower or a higher level. Overrides are encouraged when an inmate's score does not seem to be an accurate reflection of their actual risk of sexual victimization or abusiveness. When an override is requested, detailed justification shall be provided, and it will then be submitted to the agency PREA Coordinator for consideration.

(c) PSD Policy ADM.08.08 states on page 32, *"A gender X, transgender or intersex offender will be housed based on their legal status as a male or female. Any deviation in the housing assignment of a transgender or intersex offender to a facility for male or female offenders will be determined by medical and mental health practitioners with input from program and security staff initially at the intake process. In deciding whether to assign a gender X, transgender, or intersex inmate to a facility for male or female inmates, and in making other housing and programming assignments, PSD shall consider on a case-by-*

case assessment of whether a placement would ensure the offender's health and safety, and whether the placement would present a management or security concern."

When initially committing an inmate to PSD, the facility assignment is based off the inmate's legally recognized gender. Once received at a facility, the housing assignment is determined by medical and mental health practitioners with input from program and security staff initially during the intake process. In deciding whether to assign a transgender or intersex inmate to a facility for male or female inmates, and in making other housing and programming assignments, PSD makes a case-by-case assessment of whether the placement will ensure the inmate's health and safety, and whether the placement could present a management or security concern. PSD recognizes transgender, intersex and Gender X status'. Gender X is defined by ADM.08.08 as *indeterminate, or unspecified, and could relate to either sex or gender. A person who does not exclusively identify as either male or female.*

(d-e) PSD Policy ADM.08.08 states on page 33, *"Biannually designated facility staff identified by the Warden shall reassess the placement and programming assignment of each transgender or intersex offender for the purpose of assessing any threats to the safety of the offender. This biannual assessment shall be documented by utilizing the PREA Mandated Reporting Form (PSD 8317) and/or may be conducted as part of a classification review for the transgender or intersex offender. The completed PREA Mandated Reporting Form shall be forwarded to the Department PREA Coordinator via email, fax, or mail within three (3) days. A gender X, transgender, or intersex offender's own view with respect to his or her own safety shall be given serious consideration."*

At the time of the onsite review, there were nine transgender inmates at OCCC. This auditor selected six to interview. Each inmate indicated they felt their own views about their safety had been considered. This auditor reviewed biannual assessments for each of the six transgender inmates interviewed. Three of them had received timely assessments; three were not yet due.

(f) PSD Policy ADM.08.08 states on page 33, *"Gender X, Transgender and intersex offenders shall be given the option to shower separately from other offenders in dorm shower situations, if so requested. This provision is applicable only when individual showers are not available at the offender's assigned housing unit."*

OCCC has housing units with communal showers (a group of single showers put together in one room or area) and individual showers. Most of the housing units at OCCC have individual showers, with a curtained area for the inmate to dress/undress. If a transgender inmate is assigned to a unit with a communal shower, they are provided with a time to shower without other inmates' present. Specialized and random staff confirmed this process in interviews.

At the time of the onsite review, there were nine transgender inmates at OCCC. This auditor selected six to interview. All transgender inmates interviewed indicated they had access to a private shower and did not have any concerns related to safety in the bathroom or shower areas of their housing unit.

(g) PSD Policy ADM.08.08 states on page 28, *"PSD Facilities shall not place LGBTI offenders in dedicated facilities, units, or wings solely on the basis of such identification or status, unless such placement is established in connection with a consent decree, legal settlement, or legal judgment for the purpose of protecting such offenders."*

According to the agency PREA Coordinator, OCCC is not subject to a consent decree, legal settlement, or legal judgment for protecting LGBTI inmates, and does not place those inmates in dedicated facilities, units, or wings solely based on such identification. This auditor interviewed six transgender inmates and one bisexual inmate while onsite. No LGBT inmates indicated in their interviews that they had been housed in areas based solely on their identification or status.

Conclusion:

Based upon the review and analysis of all available evidence, the auditor has determined that the facility is fully compliant with this standard of use of screening information as it relates to PREA.

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

The auditor gathered, analyzed, and retained the following evidence related to this standard:

- OCCC Pre-Audit Questionnaire (PAQ) responses
- PSD Policy ADM.08.08
- Inmate housing records
- Interview with warden
- Interview with staff who supervise segregated housing
- Interviews with random inmates

(a) PSD Policy ADM.08.08 states on page 33, “PSD discourages the placement of offenders in involuntary administrative segregated housing solely because of their high risk of sexual victimization status, unless an assessment of all available alternatives has been made and it is concluded that there is no available alternative for separating the victim from a likely abuser. This shall be documented by utilizing the PREA Mandated Reporting Form (PSD 8317), which shall be forwarded to the Department PREA Coordinator via email, fax, or mail within three (3) days. If the PSD facility is unable to conduct the above assessment immediately, the facility may hold the offender in involuntary administrative segregated housing for a period of less than twenty-four (24) hours pending the completion of the mandated assessment.”

(b) PSD Policy ADM.08.08 states on page 34, “Offenders placed in segregated housing for this purpose shall have access to programs, privileges, education, and work opportunities to the extent possible, as dictated by the facility’s schedule and operational needs. If the facility restricts access to programs, privileges, education, or work opportunities, the facility shall document this by utilizing the PREA Mandated Reporting Form (PSD 8317). This shall be forwarded to the Department PREA Coordinator via email, fax, or mail within three (3) days. The documentation shall include:

- a. The programs, privileges, education, or work opportunities that have been limited.
- b. The duration of the limitation; and,
- c. The reasons for such limitations.”

(c) PSD Policy ADM.08.08 states on page 34, “If a PSD facility assigns an offender at risk of sexual victimization to involuntary administrative segregated housing as an alternative means of separation from the likely abuser, then such an assignment should not normally exceed a period of thirty (30) days.”

(d) PSD Policy ADM.08.08 states on page 34, “If an involuntary administrative segregated housing assignment is made pursuant to paragraph (1) of this section, the facility shall document this by utilizing the PREA Mandated Reporting Form (PSD 8317), which shall be forwarded to the Department PREA Coordinator via email, fax, or mail within three (3) days.

- a. The basis for the facility’s concern for the offender’s safety; and
- b. The reason why no alternative means of separation can be arranged.

If the placement in involuntary administrative segregated housing exceeds the initial thirty (30) days, the facility shall conduct follow-up reviews as dictated by COR.11.01: Administrative Segregation and Disciplinary Segregation, but no less than every thirty (30) days to assess the offender’s continued separation from the general population.”

Interviews with the warden, facility PCM, and staff who supervise segregated housing confirmed OCCC has not used involuntary segregation as a means of separation or protection for inmates at high risk for sexual victimization. While onsite, this auditor interviewed two inmates in segregated housing that had previously made PREA reports. Both inmates indicated they had requested protective housing in administrative segregation and were housed there voluntarily.

Conclusion:

Based upon the review and analysis of all available evidence, the auditor has determined that the facility is fully compliant with this standard of screening for risk of protective custody as it relates to PREA.

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

The auditor gathered, analyzed, and retained the following evidence related to this standard:

- OCCC Pre-Audit Questionnaire (PAQ) responses
- PSD Policy ADM.08.08
- Lesson Plan for Prison Rape Elimination Act of 2003 Corrections & Law Enforcement Training
- PSD inmate postings/paintings within the facility
- *Directives for Inmate Behavior*
- Interview with PREA Compliance Manager
- Interviews with random staff
- Interviews with random contractors and volunteers
- Interviews with random inmates

(a) PSD Policy ADM.08.08 states on page 35, *"PSD provides multiple internal and external ways for offenders to privately report sexual abuse and sexual harassment; retaliation by other offenders or staff for reporting sexual abuse and sexual harassment; and staff neglect or violation of responsibilities that may have contributed to such incidents. Offenders may report non-consensual sexual acts, abusive sexual contacts, staff sexual misconduct, or staff sexual harassment to any PSD employee, contract employee or volunteer by using available methods of communication, including but not limited to verbal or written reports."*

Internal and external reporting options are readily available to inmates on the permanent PREA signs posted throughout the facility. All inmates interviewed indicated they were aware of the available reporting mechanisms. Most inmates interviewed indicated they felt safe telling a staff member directly of any concerns.

(b) PSD Policy ADM.08.08 states on pages 35 and 36, *"PSD provides notification to offenders on how to report abuse or harassment to a public entity, private entity, or an external agency, who is able to receive and immediately forward offender reports of sexual abuse and sexual harassment to agency officials, such as the Department PREA Coordinator and may allow the offender to remain anonymous upon request."*

Offenders, staff, and others may report incidents of sexual abuse, sexual harassment, and retaliation for reporting by:

- a. Contacting the Ombudsman at 808-587-0770 or at 465 South King Street 4th Floor, Honolulu, HI 96813; a Legislative or Political Representative (at their office address),*

or the Department of the Attorney General at 808-586-1500 or at 425 Queen Street, Honolulu, HI 96813.

b. Contacting the Sex Abuse Treatment Center at 808-524-7273 or at 55 Merchant Street, 22nd Floor, Honolulu, HI 96813.

c. Contacting the Department PREA Coordinator at 808-587-1328 or at 1177 Alakea Street, Honolulu, HI 96813.

d. Contacting the Director or the relevant Deputy Director at 808-587-1288 or at 1177 Alakea Street, Honolulu, HI 96813; Internal Affairs at 1177 Alakea Street, Honolulu, HI 96813; or the Facility Warden or Investigator at the relevant facility.

e. Notifying a family member, who can initiate a telephone call or a letter to the Key Staff identified above; or

f. Filing an Emergency Offender Grievance Complaint.

g. Contacting the relevant County LE agency.

If an offender is detained solely for civil immigration purposes, the offender shall be provided information on how to contact the relevant consular officials and relevant Department of Homeland Security officials. It should be noted that PSD does not normally house offenders solely for civil immigration purposes.”

PSD utilizes the State Ombudsman as an external reporting option. Internal and external reporting options are readily available to inmates on the permanent PREA signs posted throughout the facility. This auditor reviewed a draft of the facility handbook, *Directives for Inmate Behavior*. There is no PREA information listed in the handbook. Interviews with random inmates indicated they are aware of available reporting mechanisms.

OCCC does not normally house inmates detained solely for civil immigration purposes and did not have any at the facility during the onsite review.

(c) PSD Policy ADM.08.08 states on page 36, *“PSD mandates that staff accept reports of sexual abuse, sexual harassment, or retaliation made verbally, in writing, anonymously, and from third parties. Staff shall immediately document all verbal reports of sexual abuse, sexual harassment, or retaliation by immediately notifying superiors through the chain of command.”*

Staff are trained on the expectation to immediately report during PREA-related trainings, as verified by curriculum review and through interviews with random staff. Slide 86 of the Lesson Plan for Prison Rape Elimination Act of 2003 Corrections & Law Enforcement Training states, *“PSD staff are required to complete PSD PREA Response Incident Checklist (PSD 8313) for all allegations of sexual abuse and sexual harassment.”*

(d) PSD Policy ADM.08.08 states on page 36, *“A staff member may privately report incidents of offender sexual abuse, offender sexual harassment, or retaliation as indicated in paragraph (4) [115.51(b)] of this section.*

OCCC staff, volunteers and contractors can report sexual abuse and sexual harassment privately to any supervisor. Interviews with staff and contractors did not indicate that any person had concerns with regards to private reporting mechanisms and all stated that they felt comfortable reporting.

Conclusion:

Based upon the review and analysis of all available evidence, the auditor has determined that the facility is fully compliant with this standard of screening for inmate reporting as it relates to PREA.

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor’s analysis and reasoning, and the auditor’s conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

The auditor gathered, analyzed, and retained the following evidence related to this standard:

- OCCC Pre-Audit Questionnaire (PAQ) responses
- PSD Policy ADM.08.08
- PSD Policy COR.12.03
- Interview with the agency PREA Coordinator
- Interview with Grievance Coordinator

(a) PSD Policy ADM.08.08 states on page 36, *“PSD’s policy COR.12.03: Inmate Grievance Program outlines the administrative procedures available to offenders for reporting incidents of sexual abuse, sexual harassment, or retaliation.”* The agency is not exempt from this standard, as they do have procedures to address inmate grievances pertaining to sexual abuse.

(b) PSD Policy ADM.08.08 states on pages 36 and 37, *“This section is an addendum to COR.12.03: Inmate Grievance Program as it relates to PREA incidents. PREA mandates that there shall be ‘no time limits or deadlines’ for filing a grievance that is reporting an alleged incident of sexual abuse.*

a. PSD shall not restrict the processing of an offender grievance regarding an allegation of sexual abuse.

b. The filing period set forth in COR.12.03: Inmate Grievance Program is still applicable to any portion of the grievance that does not allege an incident of sexual abuse. The offender must still comply with appeal filing requirements as set forth in COR.12.03.

c. PSD shall not require an offender to utilize the informal grievance process for grievances alleging incidents of sexual abuse.

d. The statutory or legal provisions germane to the statute of limitations are applicable to any civil action in a court proceeding.”

(c) PSD Policy ADM.08.08 states on page 37, *“An offender may submit an offender grievance alleging sexual abuse without submitting it to the staff member, who is the subject of the complaint. This grievance shall not be referred to the staff member, who is the subject of the grievance complaint.”*

The audit team noted locked boxes for mail and grievances throughout the facility. Upon interview, the Grievance Coordinator indicated they consult with the facility PCM for any grievances related to sexual abuse or sexual harassment. The PAQ indicated there were no PREA-related grievances filed during the audit review period. While onsite, this auditor was provided with two grievances that mentioned PREA. This auditor confirmed the grievances were not PREA-related.

(d) PSD Policy ADM.08.08 states on page 37, *“PSD’s grievance policy and timelines may differ from the PREA requirement that a decision on the merits of any grievance or portion of a grievance alleging sexual abuse be made within ninety (90) days of the filing of the grievance.*

a. Computation of the PREA 90-day time period does not include time consumed by offenders in preparing any administrative appeal.

b. PSD may claim an extension of time to respond, of up to seventy (70) days, if the normal time period for response is insufficient to make an appropriate decision. PSD shall notify the offender in writing of any such extension and provide a date by which a decision will be made.

c. At any level of the administrative process, including the final level, if the offender does not receive a response within the time allotted for reply, including any properly noticed extension, the offender may consider the absence of a response to be a denial at that level.”

(e) PSD Policy ADM.08.08 states on pages 327 and 38, *“PSD permits third parties, including fellow offenders, staff members, family members, attorneys, and outside advocates, to assist offenders in filing requests for administrative remedies relating to allegations of sexual abuse and they may file such requests on behalf of offenders.*

a. If a third-party files such a request on behalf of an offender, the facility may require as a condition of processing the request that the alleged victim agree to have the request filed on his or her behalf, and may also require the alleged victim to personally pursue any subsequent steps in the administrative remedy process.

b. If the offender declines to have the request processed on his or her behalf, PSD shall document the offender’s decision on the PREA Mandated Reporting Form (PSD 8317), which shall be forwarded to the Department PREA Coordinator via email, fax, or mail within three (3) days.”

(f) PSD Policy ADM.08.08 states on page 38, *“PSD’s current Grievance policy establishes procedures for filing an emergency grievance alleging that an offender is subject to a substantial risk of imminent sexual abuse. This section is intended to supplement the Grievance policy by requiring that:*

a. An initial response is provided within forty-eight (48) hours.

b. After receiving an emergency grievance alleging an offender is subject to a substantial risk of imminent sexual abuse, the PSD staff member shall immediately forward the grievance or any portion thereof that alleges the substantial risk of imminent sexual abuse to a level of review where immediate corrective action may be initiated.

c. PSD shall issue a final agency decision within five (5) calendar days. The decision shall include a determination as to whether the offender is at substantial risk of imminent sexual abuse and it shall describe the action taken in response to the emergency grievance.”

(g) PSD Policy ADM.08.08 states on page 38, *“PSD may initiate a misconduct violation against an offender for filing a grievance or reporting related to alleged sexual abuse or sexual harassment, when PSD demonstrates that the offender filed the grievance or report in bad faith.”*

An interview with the Grievance Coordinator confirmed that no inmate had been disciplined for filing a sexual abuse or sexual harassment grievance.

Conclusion:

Based upon the review and analysis of all available evidence, the auditor has determined that the facility is fully compliant with this standard of screening for exhaustion of administrative remedies as it relates to PREA.

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor’s analysis and reasoning, and the auditor’s conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

The auditor gathered, analyzed and retained the following evidence related to this standard:

- OCCC Pre-Audit Questionnaire (PAQ) responses
- PSD Policy ADM.08.08
- State of Hawaii Contract No. 16-HSA-01
- Intake Brochure – *An Informational Guide for Offenders*
- Interview with confidential community-based advocate
- Interview with PREA Compliance Manager
- Interviews with random inmates

(a) PSD Policy ADM.08.08 states on pages 38 and 39, *“PSD shall provide offenders with access to outside victim advocates for emotional support services related to sexual abuse by doing the following:*

- a. Providing offenders with the mailing addresses and telephone numbers (including toll-free hotline numbers where available) for local, state, or national victim advocacy or rape crisis organizations. PSD’s service provider is the SATC and its relevant outer island providers.*
- b. Providing offenders with mailing addresses and telephone numbers (including tollfree hotline numbers where available) for immigrant services agencies for persons detained solely for civil immigration purposes.*
- c. Enabling reasonable communication between offenders and these organizations in as confidential a manner as possible, while balancing the good government and orderly running of the facility.”*

The permanent inmate PREA postings throughout the facility list the phone numbers for the Sex Abuse Treatment Center and the Ombudsman, and indicates they are confidential in nature. Most inmates interviewed were unaware of advocacy services, despite the availability of information.

(b) PSD Policy ADM.08.08 states on page 39, *“PSD medical and mental health staff shall inform offenders, prior to giving them access to outside support services, of the extent to which such communications will be monitored.*

- a. PSD shall inform offenders of the mandatory reporting rules governing privacy, confidentiality, and/or privilege that apply for disclosures of sexual abuse made to outside victim advocates, including any limits to confidentiality under relevant federal, state, or local law.”*

PSD has developed a posting specifically for use in medical or mental health offices. It indicates medical and mental health staff are required to report incidents of sexual abuse and sexual harassment, and limits to confidentiality.

(c) PSD Policy ADM.08.08 states on page 39, “PSD maintains agreements with community service providers through SATC based on the awarded contract by the Executive Branch. The SATC provides offenders with emotional support services related to sexual abuse. PSD maintains a copy of the grant awarded to SATC to document the relationship and obligations for SATC and PSD.”

The state of Hawaii has contracted with Kapiolani Medical Center for Women and Children (KMCWC)-Sex Abuse Treatment Center (SATC) to provide statewide, comprehensive victim sexual assault treatment services. The supplemental contract for SATC expired on June 30, 2021 but can be extended three times.

Conclusion:

Based upon the review and analysis of all available evidence, the auditor has determined that the facility is fully compliant with this standard of inmate access to outside confidential support services as it relates to PREA.

The auditor gathered, analyzed, and retained the following evidence related to this standard:

- OCCC Pre-Audit Questionnaire (PAQ) responses
- PSD inmate postings/paintings within the facility
- *Directives for Inmate Behavior*
- PSD website

(a) PSD Policy ADM.08.08 states on page 39, “PSD provides the public notice via PSD’s website of the methods for third-party reports of offender sexual abuse or sexual harassment. PSD publicly distributes information on how to report offender sexual abuse or sexual harassment on behalf of offenders by posting on PSD’s website the Departmental PREA Policy, PREA Handout, PREA poster etc.”

The PSD website lists the contact information for the agency PREA Coordinator, PSD Internal Affairs, the Office of the Ombudsman, the PSD Director, and the Sex Abuse Treatment Center. This information is available to the public at [How-to-report-PREA-Incident-2-3-15.jpg \(1800×1200\) \(hawaii.gov\)](#).

This auditor reviewed a draft of the facility handbook, *Directives for Inmate Behavior*. There is no PREA information listed in the handbook. This auditor recommended information be added when the handbook is revised.

Conclusion:

Based upon the review and analysis of all available evidence, the auditor has determined the facility is in full compliance with this standard as it relates to PREA.

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

The auditor gathered, analyzed, and retained the following evidence related to this standard:

- OCCC Pre-Audit Questionnaire (PAQ) responses
- HRS §346 Part X, Vulnerable Adult Protective Services
- PSD Policy ADM .08.08
- Lesson Plan for Prison Rape Elimination Act of 2003 Corrections & Law Enforcement Training
- Interview with warden
- Interview with PREA coordinator
- Interviews with random staff
- Interviews with medical and mental health staff

(a) PSD Policy ADM.08.08 states on page 40, *"PSD requires that all staff immediately report any knowledge, suspicion, or information, they receive regarding an incident of sexual abuse or sexual harassment that occurred in a facility, or a non PSD facility. PSD requires that all staff immediately report, any knowledge, suspicion, or information, they receive regarding retaliation against offenders or staff, who reported such an incident. PSD requires that all staff immediately report any knowledge, suspicion, or information, they receive regarding staff neglect or violation of responsibilities that may have contributed to a PREA incident or retaliation."*

This auditor reviewed the OCCC lesson plan and training curriculum for Prison Rape Elimination Act of 2003 Corrections & Law Enforcement Training. Slide 145 states, *"PSD requires all staff to report: Any knowledge, suspicion or information regarding an incident of sexual abuse or sexual harassment that occurred in a facility; retaliation against inmates or staff who reported such an incident; and any staff neglect or violation of responsibilities that may have contributed to an incident or retaliation."*

Interviews with random staff indicated they are aware of their responsibility to immediately report, as required by agency policy, staff training, and the standard.

(b) PSD Policy ADM.08.08 states on page 40, *"PSD prohibits staff from revealing any information related to a sexual abuse report to anyone other than and to the extent necessary to manage treatment, investigation, and other security decisions, inclusive of reporting to the designated supervisors or officials and designated State or local service agencies."*

OCCC staff training directs on slide 85, *"All information related to a victim of sexual assault is CONFIDENTIAL and should only be released to those who need this information to perform their duties. Staff who receive any information concerning a sexual assault, shall: IMMEDIATELY (NOW) report the information to their superior. The Superior will then comply with the list and the Priority Reporting Directive. PREA Check All staff involved must complete a detailed incident report prior to the end of their shift."*

Interviews with random staff indicated they are aware of their responsibility to keep information related to sexual abuse confidential, as required by agency policy, staff training and the standard.

(c) PSD Policy ADM.08.08 states on page 40, *“Unless otherwise precluded by federal, State, or local law, medical and mental health practitioners shall be required to report sexual abuse pursuant to paragraphs (1-3) of this section and to inform offenders of the practitioner’s duty to report, and the limitations of confidentiality, at the initiation of services.”*

PSD medical and mental health staff are required to report information regarding sexual abuse and sexual harassment. Interviews with those staff indicated they are aware of their responsibility. PSD inmates sign an informed consent form prior to receiving services that states medical and mental health staff will report if inmates disclose that they have been sexually assaulted or harassed by other inmates or staff.

(d) PSD Policy ADM.08.08 states on pages 40 and 41, *“HRS §346, Part X: Adult Protective Services, defines a ‘vulnerable adult’ as a person eighteen (18) years of age or older who because of mental, developmental, or physical impairment, is unable to:*

- a. Communicate or make responsible decisions to manage his/her own resources.*
- b. Carry out or arrange for essential activities of daily living; or*
- c. Protect oneself from abuse, including physical abuse, psychological abuse, sexual abuse, financial exploitation, caregiver neglect, or self-neglect.*

HRS §346, Part X: Adult Protective Services, mandates that personnel employed in health care, social services, LE, and financial assistance are required to report suspected abuse or neglect of a vulnerable adult. The law mandates reporting when there is reason to believe abuse has occurred or the vulnerable adult is in danger of abuse, if immediate action is not taken.”

This auditor reviewed the OCCC lesson plan and training curriculum for Prison Rape Elimination Act of 2003 Corrections & Law Enforcement Training. Slide 51 states, *“HRS §346 Part X explicitly names correctional staff as mandated reporters of abuse and neglect. Who are Mandated Reporters? Employees or officers of any law enforcement agency including, the courts, police departments, correctional institutions, and parole or probation offices. The law mandates reporting when there is reason to believe abuse has occurred or the vulnerable adult is in danger of abuse if immediate action is not taken.”*

Interviews with the agency PREA Coordinator, warden, facility PCM, and medical/mental health staff indicated OCCC had not housed any inmates under the age of 18 or otherwise qualified as a vulnerable adult.

(e) PSD Policy ADM.08.08 states on page 41, *“PSD [staff] shall report all allegations of sexual abuse and sexual harassment, including third party and anonymous reports, through the chain of command and a copy shall be forwarded to the Department PREA Coordinator via email, fax, or mail within three (3) days.”*

Conclusion:

Based upon the review and analysis of all available evidence, the auditor has determined that the facility is fully compliant with this standard of staff and agency reporting duties as it relates to PREA.

Standard 115.62: Agency protection duties

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.62 (a)

- When the agency learns that an inmate is subject to a substantial risk of imminent sexual abuse, does it take immediate action to protect the inmate? Yes No

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

The auditor gathered, analyzed, and retained the following evidence related to this standard:

- OCCC Pre-Audit Questionnaire (PAQ) responses
- PSD Policy ADM.08.08
- Interviews with random staff

(a) PSD Policy ADM.08.08 sets on page 41, "When a Facility or PSD staff learns that an offender is subject to a substantial risk of imminent sexual abuse, the party shall take immediate action to protect the offender. Immediate action means to assess appropriate protective measures without unreasonable delay. The procedures are dictated by this policy and other relevant departmental policies."

Interviews with all staff interviewed indicated they are aware of their responsibility to take immediate action if they learn an inmate is subject to substantial risk of imminent sexual abuse.

Conclusion:

Based upon the review and analysis of all available evidence, the auditor has determined that the facility is fully compliant with this standard of agency protection duties as it relates to PREA.

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

The auditor gathered, analyzed, and retained the following evidence related to this standard:

- OCCC Pre-Audit Questionnaire (PAQ) responses
- PSD Policy ADM.08.08
- Examples of prior confinement facility notifications from 2019 and 2020
- Interview with warden
- Interview with facility PCM
- Interviews with investigative staff

(a-d) PSD Policy ADM.08.08 states on page 41, *“Upon receiving an allegation that an offender was sexually abused while confined at a non-PSD facility, the receiving Facility Head or Warden shall immediately notify the non-PSD facility Head or Warden of the PREA sexual abuse allegation. The Facility Head or Warden shall include the department PREA Coordinator in the formal notification to the non-PSD facility, via ‘Carbon Copy’ for email notifications, or by emailing the fax transmittal to the head of the*

facility for fax notifications. Upon receiving an allegation that an offender was sexually abused while confined at a PSD facility, the receiving Facility Head or Warden shall immediately notify the alleged PSD Facility Head or Warden of the PREA sexual abuse allegation. The Facility Head or Warden at the receiving facility shall include the department PREA Coordinator in the formal notification to the PSD facility, via 'Carbon Copy' for email notifications, or by emailing the fax transmittal to the head of the facility for fax notifications. The Facility Head or Warden shall provide such notifications as soon as possible, but no later than seventy-two (72) hours after receiving the allegation. The Facility Head or Warden shall document that he/she has provided such notifications within seventy-two (72) hours of receiving the allegation. The Facility Head or Warden shall require and advise the non-PSD or PSD facility that the allegation must be investigated as required by the PREA Standards."

An interview with the warden, facility PCM and investigative staff confirmed notifications are taking place as required. This auditor reviewed two examples of prior confinement notifications that took place during the audit documentation period. OCCC did not receive any prior confinement notifications from other facilities.

Conclusion:

Based upon the review and analysis of all available evidence, the auditor has determined that the facility is fully compliant with this standard of reporting to other confinement facilities as it relates to PREA.

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

The auditor gathered, analyzed, and retained the following evidence related to this standard:

- OCCC Pre-Audit Questionnaire (PAQ) responses
- PSD Policy ADM.08.08

- PSD PREA Response Incident Checklist PSD 8313
- Lesson Plan for Prison Rape Elimination Act of 2003 Corrections & Law Enforcement Training
- Interviews with random staff

(a-b) PSD Policy ADM.08.08 states on page 42, *“PSD’s first responder policy for allegations of sexual abuse dictates that, upon learning of an allegation that an offender was sexually abused, the first staff member, who ideally would be a security staff member, to respond to the reported incident is required to:*

- Separate the alleged victim and abuser.*
- Preserve and protect any crime scene until appropriate steps can be taken to collect any evidence by county LE and IA.*
- If the abuse occurred within a time period (PSD Health Care Division’s standard is seventy-two (72) hours that still allows for the collection of physical evidence, then request that the alleged victim not take any actions that could destroy physical evidence, including, as appropriate, washing, brushing teeth, changing clothes, urinating, defecating, smoking, drinking, or eating; and,*
- If the abuse occurred within a time period (PSD Health Care Division’s standard is seventy-two (72) hours that still allows for the collection of physical evidence, then staff shall ensure that the alleged abuser does not take any actions that could destroy physical evidence, including, as appropriate, washing, brushing teeth, changing clothes, urinating, defecating, smoking, drinking, or eating.*

PSD requires that if the first staff responder is not a security staff member, the staff responder will be required to separate the victim and abuser, if feasible, request that the alleged victim not take any actions that could destroy physical evidence, and then immediately notify security staff.”

PSD PREA Response Incident Checklist PSD 8313 includes space on page one to delineate first responder actions that were taken.

This auditor reviewed the OCCC lesson plan and training curriculum for Prison Rape Elimination Act of 2003 Corrections & Law Enforcement Training. Slide 88 directs, *“Upon learning of an allegation that an offender was sexually abused, the first staff member to respond is required to: Separate the alleged victim and abuser; preserve and protect any crime scene. If the abuse occurred within 72 hours, request that the alleged victim not take any actions that could destroy physical evidence (washing, brushing teeth, changing clothes, urinating, defecating, smoking, drinking, or eating).”*

The PAQ indicated there were 32 allegations of sexual abuse during the audit review period. A further review of investigations indicated there were 15 allegations of inmate on inmate sexual abuse and three allegations of staff on inmate sexual abuse. While onsite, the audit team interviewed one security and one non-security first responder.

Interviews with random staff indicated they did not understand the distinction between first responder duties with a victim and with an alleged perpetrator.

As part of corrective action, this auditor required the facility warden to send written direction to all staff at OCCC, reminding them of the distinction between prohibiting the destruction of potential evidence with victims and alleged perpetrators.

On April 13, 2022 this auditor was provided with a written memorandum that was distributed to all staff, volunteers, and contractors at OCCC. The memo stated, *“This is a reminder to all staff, volunteers and contractors of first responder duties and that everyone who has contact with inmates are first responders. Volunteers and contractors’ duty will be released when the appropriate staff arrives on the scene. Any report of sexual abuse or assault the following shall be adhered to in accordance with PREA standards, PSD policy and the agency/facility PREA checklist.”* The remainder of the memo reiterated first responder

expectations, with emphasis on requesting the alleged victim not act to potentially destroy evidence and ensuring the alleged perpetrator not act to potentially destroy evidence.

Conclusion:

Based upon the review and analysis of all available evidence, the auditor has determined that the agency is fully compliant with this standard of staff first responder duties as it relates to PREA.

Instructions for Overall Compliance Determination Narrative

The auditor gathered, analyzed, and retained the following evidence related to this standard:

- OCCC Pre-Audit Questionnaire (PAQ) responses
- PSD Policy ADM.08.08
- PSD *PREA Response Incident Checklist PSD 8313*
- OCCC Coordinated Facility Response Plan

(a) PSD Policy ADM.08.08 states on page 43, “Each PSD facility must develop a facility specific written institutional plan to coordinate actions taken in response to an incident of sexual abuse, among staff first responders, medical and mental health practitioners, investigators, and facility leadership. Each facility’s written institutional plan shall incorporate the *PREA Incident Checklist (PSD 8313)* and other *PREA forms*. If a facility has developed a *Facility PREA Coordinated Response Incident Checklist*, then it must incorporate at a minimum all variables included on the *Department’s PREA Response Incident Checklist (PSD 8313)*. Following a *PREA incident*, a copy of the *PREA Incident Checklist (PSD 8313)* shall be forwarded to the *Department PREA Coordinator* via email, fax, or mail within three (3) days.”

PSD PREA Response Incident Checklist PSD 8313 ensures no steps are missed when responding to an allegation.

OCCC’s Coordinated Facility Response Plan outlines the actions taken by facility staff in response to an incident of sexual/physical abuse, harassment, and misconduct allegations. The response includes when the initial disclosure is within 72 hours of a sexual assault incident, investigative actions, the forensic examination, after action and follow-up care, court referral/presentation and the after-action review. The policy was most recently revised and signed by the warden on July 20, 2020.

Conclusion:

Based upon the review and analysis of all available evidence, the auditor has determined that the facility is fully compliant with this standard of coordinated response as it relates to PREA.

This discussion must also include corrective action recommendations where the facility does not meet the standard. The auditor gathered, analyzed, and retained the following evidence related to this standard:

- PSD Policy ADM.08.08
- United Public Workers Unit 10 Agreement
- Interview with agency head/designee
- Interview with warden

(a) PSD Policy ADM.08.08 states on page 44, "PSD or any other governmental entity responsible for collective bargaining on PSD's behalf shall not enter into or renew any collective bargaining agreement (CBA) or other similar agreement that limits PSD's ability to:

- a. Remove alleged staff sexual abusers from contact with any offender pending the outcome of an investigation; or

Nothing in the PREA standards shall restrict the entering into or renewal of a CBA or similar agreement related to:

- a. The conduct of the disciplinary process as long as said CBA or similar agreement is not inconsistent with PREA standard §115.72 (evidentiary standard) and §115.76 (disciplinary action); or

b. Whether a non-contact assignment that is imposed pending the outcome of an investigation shall be expunged from or retained in the staff member's personnel file following a determination that the allegation of sexual abuse is not substantiated."

This auditor reviewed the United Public Workers Unit 10 Agreement, effective July 1, 2017 to June 30, 2021. This agreement is effective until a new contract is negotiated and ratified.

(b) Auditor is not required to audit this provision.

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

The auditor gathered, analyzed, and retained the following evidence related to this standard:

- OCCC Pre-Audit Questionnaire (PAQ) responses
- PSD Policy ADM.08.08
- *Directives for Inmate Behavior*
- Interview with PREA Compliance Manager
- Review of investigative files

(a-e) PSD Policy ADM.08.08 states on page 44 and 45, "*PSD's policy protects all offenders and staff who report sexual abuse or sexual harassment or cooperates with a sexual abuse or sexual harassment investigation, from retaliation by other offenders, staff, or others. The designated Facility PREA Compliance Manager in conjunction with the Warden or the Sheriff is charged with monitoring any issues related to retaliation. PSD utilizes multiple protection measures, such as housing changes or transfers for offender victims or abusers, removal of alleged staff or offender abusers from contact with victims, and emotional support services for offenders or staff; when the individual fears or experiences retaliation for reporting sexual abuse or sexual harassment or for cooperating with a PREA investigation. For a period of not less than ninety (90) days following a report of sexual abuse, the Facility PREA Compliance*

Manager in conjunction with the Warden and other staff shall monitor the conduct and treatment of offenders or staff, who reported the sexual abuse. During this minimum ninety (90) day period following a report of sexual abuse, the Facility PREA Compliance Manager in conjunction with the Warden and other staff shall monitor offenders, who were reported to have suffered sexual abuse, to see if there are any changes that may suggest possible retaliation by other offenders or staff. If it has been determined that the offender has suffered retaliation, then staff shall initiate proactive measures to promptly remedy any retaliation. The Facility PREA Compliance Manager and the Warden shall:

- a. Act promptly to remedy any such retaliation and report their actions through the chain of command.*
- b. Monitor any offender disciplinary reports, housing, or program changes, or negative performance reviews or reassignments of staff.*
- c. Continue such monitoring beyond ninety (90) days, if the initial monitoring indicates a continuing need.*
- d. In the case of offenders, monitoring by the Facility PREA Compliance Manager shall also include periodic status checks, preferably conducted weekly, at a minimum.*

If any other individual, who cooperates with an investigation expresses a fear of retaliation, then PSD shall take appropriate measures to protect that individual against retaliation. The facility or PSD staff shall document all incidents of retaliation and the minimum ninety (90) day monitoring requirement described under this section on the PREA Mandated Reporting Form (PSD 8317). A copy of this form shall be forwarded to the Department PREA Coordinator via email, fax, or mail within three (3) days. The obligation of the Facility PREA Compliance Manager, Warden, and/or Sheriff to monitor shall terminate, if the investigation concludes that the allegation is unfounded.”

This auditor reviewed a draft of the facility handbook, *Directives for Inmate Behavior*. There is no PREA information listed in the handbook. This auditor recommended adding PREA information to the handbook when it is revised.

The facility PCM indicated that OCCC did not receive any allegations of retaliation during the audit period. Documents in investigative files did not reveal any allegations of retaliation. An interview with the facility PCM indicated they are knowledgeable of the requirements associated with retaliation monitoring.

While this auditor found the facility was compliant with the subsections of this standard, a review of investigative files indicated that some cases were determined to be unfounded when they should have been unsubstantiated. As part of corrective action, this auditor required the facility PCM to review investigational outcomes, make necessary changes and check in with victims and/or informants who have had a change in outcome to determine if they have been retaliated against.

During the corrective action period, eight investigations were revised and submitted to this auditor for review. One required a SAIR to be completed. No inmate notifications were required.

(f) Auditor is not required to audit this provision.

Conclusion:

Based upon the review and analysis of all available evidence, the auditor has determined that the facility is fully compliant with this standard of agency protection against retaliation as it relates to PREA.

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

The auditor gathered, analyzed, and retained the following evidence related to this standard:

- OCCC Pre-Audit Questionnaire (PAQ) responses
- PSD Policy ADM.08.08
- Interview with the warden
- Interview with PREA Compliance Manager
- Interviews with staff who supervise segregated housing

(a) PSD Policy ADM.08.08 states on page 46, "Any use of involuntary segregated housing to protect an offender post allegation, who is alleged to have suffered sexual abuse, is subject to the requirements of §27.0 of this policy." Section §27.0 of the policy is outlined in the compliance determination narrative for 115.43.

The facility reported they did not use segregated housing as a means of separation or protection for any inmates' post allegation. Interviews with the warden, facility PCM, and staff who supervise segregated housing confirmed OCCC has not used involuntary segregation as a means of separation or protection for inmates' post allegation. While onsite, this auditor interviewed two inmates in segregated housing that had previously made PREA reports. Both inmates indicated they had requested protective housing in administrative segregation and were housed there voluntarily.

Conclusion:

Based upon the review and analysis of all available evidence, the auditor has determined that the facility is fully compliant with this standard of post-allegation protective custody as it relates to PREA.

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

The auditor gathered, analyzed, and retained the following evidence related to this standard:

- OCCC Pre-Audit Questionnaire (PAQ) responses
- PSD Policy ADM.08.08
- PSD Training Curriculum on Sexual Abuse Investigations
- Interview with PREA Compliance Manager
- Interviews with investigative staff
- Review of administrative and criminal investigations

(a) PSD Policy ADM.08.08 states on page 46, *"When PSD conducts an administrative investigation into an allegation of sexual abuse and/or sexual harassment, it shall do so promptly, thoroughly, and objectively for all allegations, including third-party and anonymous reports."*

While this auditor found the facility was compliant with the subsections of this standard, a review of investigative files indicated that some cases were determined to be unfounded when they should have been unsubstantiated. For corrective action, the facility will conduct a review of their investigational outcomes to determine which ones should be changed. Documentation of changes to investigational outcomes will be provided to this auditor for review.

(b) PSD Policy ADM.08.08 states on page 46, *"If sexual abuse is alleged, a PSD IA investigator, who has received specialized training in sexual abuse investigations pursuant to §21.0 of this policy will conduct the administrative investigation, unless the Director has authorized the Facility to conduct the administrative investigation. The Facility Investigator must have received the specialized training in sexual abuse investigations pursuant to §21.0."*

This auditor reviewed the curriculum utilized for PSD's *Training Curriculum on Sexual Abuse Investigations*. The training includes instruction on interviewing sexual abuse victims, the proper use of Miranda and Garrity warnings, evidence collection in confinement settings, and the criteria and evidence required to substantiate a case for administrative action or prosecution referral. Interviews with investigative staff indicated they were knowledgeable in each aspect of sexual abuse and sexual harassment investigations.

OCCC has three facility investigators and PSD has two agency investigators. This auditor reviewed training certificates for all staff to ensure the required training was received.

(c) PSD Policy ADM.08.08 states on page 39 that agency investigators shall *“Gather and preserve direct and circumstantial evidence, including any available physical and DNA evidence and any available electronic monitoring data. Interview alleged victims, suspected perpetrators, and witnesses, unless a delay of an interview of a victim is requested by county LE. Review prior complaints and reports of sexual abuse involving the suspected perpetrator.”*

An interview with investigative staff indicated they are knowledgeable on evidence collection, interviewing and interrogation techniques and the requirement to review prior reports of sexual abuse involving the alleged perpetrator.

(d) PSD Policy ADM.08.08 states on page 46, *“When the quality of evidence appears to support criminal prosecution, PSD shall conduct compelled interviews of staff by affording the staff member Garrity Warnings. PSD Investigators should consult with county LE or prosecutors as to whether a compelled interview may be an obstacle for subsequent criminal prosecution.”*

An interview with investigative staff indicated they do not conduct compelled interviews; such interviews may be conducted by the appropriate local law enforcement agency.

(e) PSD Policy ADM.08.08 states on page 47, *“The credibility of an alleged victim, suspect, or witness shall be assessed on an individual basis and shall not be determined merely by the person's status as an offender or staff member. PSD staff does not require an offender, who alleges sexual abuse, to submit to a polygraph examination, computer voice stress analysis (CVSA) or other truth-telling device as a condition for proceeding with the investigation. PSD staff may offer the victim or non-staff witnesses the option to participate in this type of technological process (polygraph, CVSA or other truth-telling device).”*

An interview with investigative staff indicated they are conducting credibility assessments properly, and do not require incarcerated survivors to submit to a polygraph or other truth-telling device as a condition for investigation. A victim may request to participate in CVSA but cannot be forced to participate.

(f-g) PSD Policy ADM.08.08 states on page 47, *“Administrative investigations shall include:*
a. An effort to determine whether staff actions or failures to act contributed to the abuse; and,
b. Written reports shall include a description of the physical and testimonial evidence, the reasoning behind credibility assessments, and investigative findings of facts.

The procedures for criminal investigations conducted by county LE shall be dictated by their policies. In practice, the county LE's procedures do require a written report that contains a thorough description of the physical, testimonial, and documentary evidence.”

Agency and facility investigators confirmed they immediately notify county LE if their administrative investigation reveals any criminal conduct.

(h) PSD Policy ADM.08.08 outlines that the county LE agency is charged with the responsibility to make the required referrals for criminal prosecution. The county LE refers substantiated allegations of criminal conduct for prosecution.

(i) PSD Policy ADM.08.08 states on page 47, *“PSD shall retain all written reports referenced in paragraph 8b) of this section for as long as the alleged abuser is incarcerated or employed by PSD, plus an additional five (5) years.”*

(j) PSD Policy ADM.08.08 states on page 47, *“The departure of the alleged abuser or victim from the employment or custody of the facility or PSD shall not provide a basis for terminating an investigation.*

The investigator shall complete the investigation by formulizing a conclusion that the allegation is substantiated, unsubstantiated, or unfounded.”

Interviews with agency and facility investigators confirmed they will continue an investigation until there is an outcome, independent of resignations or releases.

(k) Auditor is not required to audit this provision.

(l) PSD Policy ADM.08.08 states on page 48, *“When an external agency is charged with investigating an incident of sexual abuse, the facility staff shall cooperate with the outside investigators and shall endeavor to remain informed about the progress of the outside agency investigation.”*

Interviews with the warden and facility PCM indicated they have a positive relationship with external law enforcement, and do not experience obstacles when seeking information.

While this auditor found the facility was compliant with the subsections of this standard, a review of investigative files indicated that some cases were determined to be unfounded when they should have been unsubstantiated. As part of corrective action, this auditor required the facility PCM to review investigational outcomes, make necessary changes and check in with victims and/or informants who have had a change in outcome to determine if they have been retaliated against.

During the corrective action period, eight investigations were revised and submitted to this auditor for review. One required a SAIR to be completed. No inmate notifications were required.

Conclusion:

Based upon the review and analysis of all available evidence, the auditor has determined that the facility is fully compliant with this standard of criminal and administrative agency investigations as it relates to PREA.

Standard 115.72: Evidentiary standard for administrative investigations

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

The auditor gathered, analyzed, and retained the following evidence related to this standard:

- OCCC Pre-Audit Questionnaire (PAQ) responses
- PSD Policy ADM.08.08
- Interview with the warden
- Interview with Agency PREA Coordinator
- Interview with PREA Compliance Manager
- Interviews with contractors and volunteers

(a) PSD Policy ADM.08.08 states on page 50, "PSD requires that any contractor or volunteer, who engages in sexual abuse is prohibited from contact with inmates and shall be reported to county LE, unless the activity was clearly not criminal. PSD shall also report the incident to any relevant licensing body applicable to the contractor or volunteer."

The facility PCM indicated that OCCC did not have any contractors or volunteers who engaged in the sexual abuse of an inmate during the audit period.

(b) PSD Policy ADM.08.08 states on page 50, *“PSD shall take appropriate remedial measures and consider whether to prohibit further contact with offenders in the case of any other violations not covered by the paragraph (1) of this section, such as sexual harassment by a contractor or volunteer.”*

Conclusion:

Based upon the review and analysis of all available evidence, the auditor has determined that the facility is fully compliant with this standard of corrective action for contractors and volunteers as it relates to PREA.

Standard 115.78: Disciplinary sanctions for inmates

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.78 (a)

- Following an administrative finding that an inmate engaged in inmate-on-inmate sexual abuse, or following a criminal finding of guilt for inmate-on-inmate sexual abuse, are inmates subject to disciplinary sanctions pursuant to a formal disciplinary process? Yes No

115.78 (b)

- Are sanctions commensurate with the nature and circumstances of the abuse committed, the inmate's disciplinary history, and the sanctions imposed for comparable offenses by other inmates with similar histories? Yes No

115.78 (c)

- When determining what types of sanction, if any, should be imposed, does the disciplinary process consider whether an inmate's mental disabilities or mental illness contributed to his or her behavior? Yes No

115.78 (d)

- If the facility offers therapy, counseling, or other interventions designed to address and correct underlying reasons or motivations for the abuse, does the facility consider whether to require the offending inmate to participate in such interventions as a condition of access to programming and other benefits? Yes No

115.78 (e)

- Does the agency discipline an inmate for sexual contact with staff only upon a finding that the staff member did not consent to such contact? Yes No

115.78 (f)

- For the purpose of disciplinary action does a report of sexual abuse made in good faith based upon a reasonable belief that the alleged conduct occurred NOT constitute falsely reporting an incident or lying, even if an investigation does not establish evidence sufficient to substantiate the allegation? Yes No

115.78 (g)

- If the agency prohibits all sexual activity between inmates, does the agency always refrain from considering non-coercive sexual activity between inmates to be sexual abuse? (N/A if the agency does not prohibit all sexual activity between inmates.) Yes No NA

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

The auditor gathered, analyzed, and retained the following evidence related to this standard:

- OCCC Pre-Audit Questionnaire (PAQ) responses
- PSD Policy ADM.08.08
- *Directives for Inmate Behavior*
- Interview with warden
- Interviews with medical and mental health staff
- Inmate misconduct reports/adjustments

(a) PSD Policy ADM.08.08 states on page 50, *"Offenders are subject to disciplinary sanctions pursuant to a formal disciplinary process following an administrative finding that the offender engaged in offender-on-offender sexual abuse or sexual harassment."*

Inmates are held accountable through an internal disciplinary process, called "adjustments". Adjustments are adjudicated by lieutenants.

(b) PSD Policy ADM.08.08 states on page 50, *"Sanctions shall commensurate with the nature and circumstances of the abuse committed, the offender's disciplinary history, and the sanctions imposed for comparable offenses by other offenders."*

Adjustments are reviewed and signed by the Chief of Security (COS). The COS may approve the sanction, modify the sanction, dismiss the report, or order a new hearing.

(c) PSD Policy ADM.08.08 states on page 50, *"The disciplinary process shall consider whether an offender's mental disability or mental illness contributed to his/her behavior when determining what type of sanction, if any, should be imposed. PSD medical and mental health staff shall provide therapy, counseling, or other interventions designed to address and correct underlying reasons or motivations for abuse."*

If there are concerns about the inmate's mental health, the adjudicating officer will request information from the mental health provider. The mental health provider indicates if the inmate is currently in treatment, the date of their last encounter with mental health and if the misconduct could be due to symptoms of the inmate's mental illness.

(d) PSD Policy ADM.08.08 states on page 50, *“The medical, mental health, and facility staff shall consider whether to require the offending offender to participate in such interventions as a condition of access to programming, privileges, or other benefits.”*

There are no sexual offender treatment programs at OCCC.

(e) PSD Policy ADM.08.08 states on page 50, *“PSD shall discipline offenders for sexual conduct with staff only upon finding that the staff member did not consent to such contact. This type of incident shall result in a reassessment of the offender by utilizing the PREA Screening Tool.”*

The facility PCM indicated that no instances of sexual contact with a staff member occurred during the audit period. OCCC inmates who are victim of staff sexual misconduct are not disciplined.

(f) PSD Policy ADM.08.08 states on page 51, *“PSD shall not discipline an offender for reporting sexual abuse made in good faith and based upon a reasonable belief that the alleged conduct occurred. This is applicable if an investigation does not establish evidence sufficient to substantiate the allegation.”*

OCCC did not discipline any inmates for a report of sexual abuse made in good faith during the audit period. Interviews with the agency PREA Coordinator and facility PCM indicated allegations are determined to be in bad faith only when there is conclusive evidence the allegation did not occur, such as through video surveillance records.

(g) Sexual contact is prohibited between inmates, but it is not considered to be sexual abuse. PSD Policy ADM.08.08 states on page 51, *“PSD prohibits all sexual activity or sexual contact between offenders and shall discipline offenders for such activity or contact. PSD shall not deem such activity to constitute sexual abuse, if it determines that the activity is consensual or not coerced.”*

This auditor reviewed a draft of the facility handbook, *Directives for Inmate Behavior*. There is no information related to the prohibition of sexual activity or sexual contact between offenders listed in the handbook. This auditor recommended adding this information to the next revision of the handbook.

Conclusion:

Based upon the review and analysis of all available evidence, the auditor has determined that the facility is fully compliant with this standard of disciplinary sanctions for inmates as it relates to PREA.

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

The auditor gathered, analyzed, and retained the following evidence related to this standard:

- OCCC Pre-Audit Questionnaire (PAQ) responses
- PSD Policy ADM.08.08
- Interviews with staff responsible for risk screening
- Interviews with medical and mental health staff
- Interviews with inmates who disclosed sexual victimization at risk screening
- Review of inmate files

(a) This subsection of the standard does not apply as OCCC is not a prison.

(b) This subsection of the standard does not apply as OCCC is not a prison.

(c) PSD Policy ADM.08.08 states that any offender who has disclosed a prior sexual victimization or previous perpetration of sexual abuse shall be offered a follow-up meeting with a medical or mental health practitioner within 14 days of the intake screening.

All inmates interviewed because they disclosed sexual victimization at risk screening indicated they were offered follow up meetings with mental health providers. The mental health staff at OCCC utilize a spreadsheet to track how the inmate was referred to them, the date notified, the date and staff assigned, the follow up due date, the date services were offered, and the disposition of the offer.

(d) PSD Policy ADM.08.08 states on page 51, *“Any information related to sexual victimization or abusiveness that occurred in an institutional setting is strictly limited to medical and mental health practitioners and other staff, as necessary, to formulate treatment plans and/or security management decisions, including housing, bed, work, education, and program assignments, or as otherwise required by federal, State, or local law.”*

Interviews with staff indicated they are aware of and adhere to the requirements around confidentiality.

(e) PSD Policy ADM.08.08 states on page 51, *“Medical and mental health staff shall obtain informed consent from offenders before reporting information about prior sexual victimization that did not occur in an institutional setting, unless the offender is under the age of eighteen (18).”*

PSD medical and mental health staff indicated they utilize form DOC0404A *Authorization to Release Medical Information* to obtain informed consent from inmates. Interviews with medical and mental health staff confirmed they obtain informed consent prior to reporting prior sexual victimization that occurred outside of an institutional setting.

Conclusion:

Based upon the review and analysis of all available evidence, the auditor has determined that the facility is fully compliant with this standard of medical and mental care as it relates to PREA.

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

The auditor gathered, analyzed, and retained the following evidence related to this standard:

- OCCC Pre-Audit Questionnaire (PAQ) responses
- PSD Policy ADM.08.08
- Lesson Plan for *Prison Rape Elimination Act of 2003 Corrections & Law Enforcement Training*
- Interviews with medical and mental health staff

(a-c) PSD Policy ADM.08.08 states on pages 51 and 52, *“Offender victims of sexual abuse shall receive timely, unimpeded access to emergency medical treatment and crisis intervention services, the nature and scope of which will be determined by medical and mental health staff according to their professional judgment. If qualified medical or mental health staff are not on duty at the time of the report of a recent sexual abuse, the security staff or first responder shall take preliminary steps to protect the victim as dictated by §32.0 and §35.0. If qualified medical and mental health staff are not on duty at the time of the report of a recent sexual abuse, they shall be immediately notified either by telephone contact to the on-call physician or when reporting for duty. Offender victims of sexual abuse, while incarcerated shall be offered timely information about and provided timely access to emergency contraception and sexually transmitted infections prophylaxis, in accordance with the professionally accepted community standards of care, where medically appropriate.”*

This auditor reviewed the OCCC lesson plan and training curriculum for *Prison Rape Elimination Act of 2003 Corrections & Law Enforcement Training*. Slide 120 states, *“Offender victims of sexual abuse will receive timely, unimpeded access to emergency medical treatment and crisis intervention services (determined by medical and mental health practitioners). IF no qualified medical or mental health practitioners are on duty, security staff first responders will take preliminary steps to protect the victim and will immediately notify the appropriate medical and mental health practitioners.”*

There were no incarcerated survivors at OCCC who had received forensic medical exams within the audit period and were still incarcerated at the facility to be interviewed by the audit team. Interviews with medical staff indicated incarcerated survivors are offered sexually transmitted infection prophylaxis medication and treatment during the forensic medical exam and upon their return to the facility. The audit team interviewed one security and one non-security first responder while onsite.

(d) PSD Policy ADM.08.08 states on page 52, *“Treatment services are provided to every victim without financial cost and regardless of whether the victim names the abuser or cooperates with any investigation arising out of the incident.”*

This auditor reviewed the OCCC lesson plan and training curriculum for *Prison Rape Elimination Act of 2003 Corrections & Law Enforcement Training*. Slide 89 states, *“The Health Care Division staff shall determine whether a victim of sexual abuse will be transported for a forensic medical examination at the Sex Abuse Treatment Center...or at a hospital emergency unit. This will be at no financial cost to the victim.”* This is mentioned again on slides 91 and 120, and additionally notes services are *“provided without financial cost regardless of whether the offender victim names the abuser or cooperates with the investigation”*.

Conclusion:

Based upon the review and analysis of all available evidence, the auditor has determined that the facility is fully compliant with this standard of access to emergency medical and mental health services as it relates to PREA.

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

The auditor gathered, analyzed, and retained the following evidence related to this standard:

- OCCC Pre-Audit Questionnaire (PAQ) responses
- PSD Policy ADM.08.08
- Lesson Plan for Prison Rape Elimination Act of 2003 Corrections & Law Enforcement Training
- Review of inmate files
- Interviews with medical and mental health staff

(a-c, f) PSD Policy ADM.08.08 states on page 52, "PSD shall offer medical and mental health evaluations and, as appropriate, treatment to all offenders (including external referrals), who have been victimized by sexual abuse in any prison, jail, lockup, or juvenile facility. The evaluation and treatment of such victims includes, as appropriate, follow-up services, treatment plans, and when necessary, referrals for continued care following their transfer to, or placement in, other facilities, or their release from custody. PSD shall provide offender victims of sexual abuse with medical and mental health services consistent with the community standard level of care. Offender victims of sexual abuse, while incarcerated shall be offered tests for sexually transmitted infections as medically appropriate."

Files for each inmate selected for a targeted or random interview were reviewed. Referrals to mental health were completed as required. Interviews with inmates who reported previously perpetrating sexual abuse or prior victimization of sexual abuse indicated they had been offered the opportunity to meet with mental health providers. This information was checked against the mental health tracking spreadsheet.

Interviews with medical and mental health services staff members indicated ongoing treatment is provided to victims of sexual abuse, as well as to known inmate-on-inmate abusers. When asked about the comparison with a community-level of care, they indicated they believed the facility's standard of care to be higher, as inmates are scheduled for appointments and do not have to seek these services out on their own.

Interviews with medical staff indicated initial testing for sexually transmitted infections would occur at the hospital during the forensic medical examination, but any follow up testing would occur at the facility. Incarcerated survivors who declined to receive a forensic medical examination would have any testing conducted at the facility, upon their request.

(d-e) PSD Policy ADM.08.08 states on page 52, *“Offender victims of sexually abusive vaginal penetration, while incarcerated shall be offered pregnancy tests. If pregnancy results from the sexual abuse while incarcerated, offender victims shall receive timely and comprehensive information about and timely access to all lawful pregnancy-related medical services.”*

Interviews with medical staff confirmed this testing is available for female inmates.

(g) PSD Policy ADM.08.08 states on page 53, *“Treatment services shall be provided to the offender victim without financial cost and regardless of whether the offender victim names the abuser or cooperates with any investigation arising out of the incident.”*

This auditor reviewed the OCCC lesson plan and training curriculum for Prison Rape Elimination Act of 2003 Corrections & Law Enforcement Training. Slide 89 states, *“The Health Care Division staff shall determine whether a victim of sexual abuse will be transported for a forensic medical examination at the Sex Abuse Treatment Center...or at a hospital emergency unit. This will be at no financial cost to the victim.”* This is mentioned again on slides 91 and 120, and additionally notes services are *“provided without financial cost regardless of whether the offender victim names the abuser or cooperates with the investigation”*.

There were no incarcerated survivors at OCCC who had received forensic medical exams within the audit period and were still incarcerated at the facility to be interviewed by the audit team, to determine if they had been held financially responsible for any charges related to a forensic medical exam or STI prophylaxis or treatment.

(h) This subsection of the standard does not apply as OCCC is a jail.

Conclusion:

Based upon the review and analysis of all available evidence, the auditor has determined that the facility is fully compliant with this standard of ongoing medical and mental health care for sexual abuse victims and abusers as it relates to PREA.

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

The auditor gathered, analyzed, and retained the following evidence related to this standard:

- OCCC Pre-Audit Questionnaire (PAQ) responses
- PSD Policy & Procedures 3C-4
- Interview with the warden
- Interview with the PREA Compliance Manager
- Interview with an incident review team member

(a-c) PSD Policy ADM.08.08 states on page 53, *"The Warden in conjunction with the Facility PREA Compliance Manager shall schedule a Sexual Abuse Incident Review (SAR) at the conclusion of every sexual abuse investigation that renders a finding that the allegation was substantiated or unsubstantiated, unless the allegation has been determined to be unfounded. SAR shall ordinarily occur within thirty (30) days of the when the Warden has been informed of the conclusion of the investigation and its findings, excluding allegations determined to be unfounded. SAR Team shall include upper-level management officials, with input from line supervisors, investigators, and medical or mental health staff. One individual should be identified as the Recorder or Reporting Staff Member."*

(d-e) PSD Policy ADM.08.08 states on pages 53 and 54, *"The SAR Team shall document the following information on the Sexual Abuse Incident Review Report form (PSD 8319):*

- Consider whether the allegation or investigation indicates a need to change policy or practice to better prevent, detect, or respond to sexual abuse.*
- Consider whether the incident or allegation was motivated by race; ethnicity; gender identity; lesbian, gay, bisexual, transgender, or intersex identification, status, or perceived status; or gang affiliation; or was motivated or otherwise caused by other group dynamics at the facility;*
- Examine the area in the facility, where the incident allegedly occurred to assess whether physical barriers in the area may enable abuse.*
- Assess the adequacy of staffing levels in that area during different shifts.*
- Assess whether monitoring technology should be deployed or augmented to supplement supervision by staff; and*

The Recorder or Reporting Team Member shall prepare a report by utilizing the Sexual Abuse Incident Review Report form (PSD 8319) to document the SAR Team's findings, including but not limited to a determination made pursuant to paragraphs (4a-4e) of this section, and any recommendations for improvement. The SAR Team's report shall be forwarded to the Warden to review and complete the Warden's Response Section. The Warden shall decide as to whether the recommendations of the SAR

Team will be implemented or document the reasons for not implementing the recommendations of the SAR Team.”

This auditor reviewed seven sexual abuse incident reviews conducted by the facility during the audit review period and found them to be compliant with the standards. While this auditor found the facility was compliant with the subsections of this standard, a review of investigative files indicated that some cases were determined to be unfounded when they should have been unsubstantiated. As part of corrective action, this auditor required the facility PCM to review investigational outcomes, make necessary changes and check in with victims and/or informants who have had a change in outcome to determine if they have been retaliated against.

During the corrective action period, eight investigations were revised and submitted to this auditor for review. One required a SAIR to be completed. The SAIR was provided to this auditor for review on June 20, 2022. No inmate notifications were required.

Interviews with the warden, facility PCM and other potential members of the incident review team indicated they were aware of the required considerations.

Conclusion:

Based upon the review and analysis of all available evidence, the auditor has determined that the facility is fully compliant with this standard of sexual abuse incident reviews as it relates to PREA.

This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

The auditor gathered, analyzed and retained the following evidence related to this standard:

- OCCC Pre-Audit Questionnaire (PAQ) responses
- PSD website
- Interview with Agency PREA Coordinator

(a) PSD directly operates four jails (to include OCCC) and four prisons and houses additional inmates on the mainland in a privately-operated facility. The agency began receiving audits in the first year of the first cycle. All audits were completed by DOJ-certified auditors, and all final audit reports have been posted on PSD's website, available to the public at [Department of Public Safety | PREA \(hawaii.gov\)](https://www.dhs.gov/department-of-public-safety/prea). During the prior three-year audit period, Cycle Two, the agency ensured that each facility under their control was audited at least once.

(b) This is the third year of Cycle Three.

(h, m, n) While onsite at OCCC, the audit team was provided with access to, and the ability to observe, all areas of the facility. The team was permitted to conduct private interviews with staff and inmates. Inmates were permitted to send confidential correspondence to the auditor, prior to the onsite review. There were no barriers to conducting the audit onsite.

(i) After the onsite review and prior to the submission of the interim audit report, this auditor requested the remaining documentation or information via email on December 29, 2021 and again January 18, 2022. A response from the agency PREA coordinator on January 20th indicated the request was being processed. The information had not yet been received as of the deadline for the interim report, January 30, 2022.

During the corrective action period, all requested documents were provided.

Conclusion:

Based upon the review and analysis of all available evidence, the auditor has determined that the facility is fully compliant with this standard.

The pendency of any agency appeal pursuant to 28 C.F.R. § 115.405 does not excuse noncompliance with this provision. (N/A if there have been no Final Audit Reports issued in the past three years, or in the case of single facility agencies that there has never been a Final Audit Report issued.) Yes No NA
