	<b>DEPARTMENT OF CORRECTIONS AND REHABILITATION</b> <b>CORRECTIONS ADMINISTRATION</b> <b>POLICY AND PROCEDURES</b>	<b>EFFECTIVE DATE:</b> January 01, 2024	<b>POLICY NO.:</b> COR.10.F.02
		<b>SUPERSEDES (Policy No. &amp; Date):</b> COR.10.1G.03 (10/29/07)	
	<b>SUBJECT:</b> <b>INFIRMARY-LEVEL CARE</b>		Page 1 of 7

## 1.0 PURPOSE

The purpose of this policy is to ensure that infirmary-level care, when provided, is appropriate to meet the medical, mental health, and dental care needs of incarcerated individuals.

## 2.0 SCOPE

This policy shall apply to all correctional facilities and their assigned personnel.

## 3.0 REFERENCES, DEFINITIONS & FORMS

### .1 References

- a. Hawaii Revised Statutes, §353-1.4, Correctional health care program.
- b. Hawaii Revised Statutes, §353-13.3, Mental health care.
- c. Standards for Health Services in Prisons. National Commission on Correctional Health Care, (2018).

### .2 Definitions

- a. **Infirmary-Level Care:** Care provided to incarcerated individuals with an illness or diagnosis that requires daily monitoring, medication, and/or therapy, or assistance with activities of daily living at a level needing skilled nursing intervention. It is not the physical location that defines Infirmary-Level Care (although the care is often provided in a specific location within the facility); Infirmary-Level Care is defined by the scope of care provided.
- b. **Activities of Daily Living:** Generally refers to ambulation, bathing, dressing, feeding, and toileting. In the mental health field, guidance in accomplishing these tasks, rather than direct assistance, is sometimes required. Incarcerated individuals diagnosed with severe and persistent mental

		<b>EFFECTIVE DATE:</b> <b>January 01, 2024</b>
		<b>Page 2 of 7</b>

illnesses may also require assistance or guidance with other common issues involving activities of daily living, such as decision-making, keeping appointments, and social interaction.

- c. **Infirmary:** An area in the facility accommodating incarcerated individuals for a period of 24 hours or more, expressly set up and operated for the purpose of caring for incarcerated individuals who need skilled nursing care, but do not require hospitalization or placement in a licensed nursing facility, and whose care cannot be managed safely in an outpatient setting.
- d. **Medical/Mental Health Observation: Infirmary Beds** designated for medical or mental health observation for specific purposes, such as watching the incarcerated individual's response to a change in medication regimen, assisting incarcerated individuals through prevention from eating or drinking before a medical test that requires such restriction, allowing incarcerated individuals to recover from day surgeries or medical procedures, or watching the general behavior of incarcerated individuals whose mental stability appears questionable.
- e. **Qualified Health Care Professionals:** Physicians, physician assistants, nurses, nurse practitioners, dentists, mental health professionals, and others who by virtue of their education, credentials, and experience are permitted by law to evaluate and care for patients.
- f. **Qualified Mental Health Professionals:** Psychiatrists, psychologists, psychiatric social workers, psychiatric nurses, and others who by virtue of their education, credentials, and experience are permitted by law to evaluate and care for the mental health needs of patients.
- g. **Sheltered Housing:** Provides a more protective environment than general housing, but does not require 24-hour infirmary-level nursing care. Equivalent to home care for those not confined to an institutional setting. The beds may be located in the infirmary or in other designated areas (e.g., where hospice-level care or transitional mental health care is provided).

#### **4.0 POLICY**

- .1 The scope of infirmary-level medical, psychiatric, mental health, dental, and nursing care available at a specific correctional facility is dependent on the prevalence of disease or disability requiring infirmary-level care in the population at the facility.
- .2 The number of Qualified Health Care Professionals or Qualified Mental Health Professionals providing infirmary-level care is based on the number of incarcerated individuals who require infirmary-level care, the severity of the illnesses, and the level of care required.
- .3 Initiation and discontinuation of infirmary-level care is by order of a physician, psychiatrist, dentist, nurse practitioner, physician assistant, or psychologist.
- .4 Incarcerated individuals who require infirmary-level care are always within sight or hearing of a facility staff member who is trained in Cardiopulmonary Resuscitation and First Aid. At all times, a Qualified Health Care Professional (QHCP) is available to respond in a timely manner.
- .5 At least daily, a supervising Registered Nurse ensures that care is being provided as ordered.
- .6 The frequency of provider and nursing rounds for incarcerated individuals who require infirmary-level care is based on clinical acuity and the category of care.
- .7 Health records for incarcerated individuals who receive infirmary-level care include:
  - a. An initial clinical note that documents the reason for infirmary-level care and outlines the treatment and monitoring plan.
  - b. Complete documentation of the care and treatment provided.

#### **5.0 PROCEDURES**

- .1 The scope of infirmary-level care available at a specific correctional facility is dependent on the prevalence of disease or disability requiring infirmary-level

**NOT CONFIDENTIAL**

COR  P & P M	<b>SUBJECT:</b>  <b>INFIRMARY-LEVEL CARE</b>	<b>POLICY NO.:</b> <b>COR.10.F.02</b>
		<b>EFFECTIVE DATE:</b> <b>January 01, 2024</b>
		<b>Page 4 of 7</b>

care in the population at the facility. The Clinical Services Section Administrator (CSSA) or designee and the Mental Health Section Administrator (MHSA) or designee provide the Medical Director, Physician Manager, Psychiatrist Manager, Responsible Physician, Chief Nursing Officer, Mental Health Branch Administrator, and facility Warden quarterly and annual reports on the prevalence of disease or disability requiring infirmory-level care in the population at the facility.

- .2 When the provision of infirmory-level care is unavailable at a correctional facility, the incarcerated individual is transferred by provider order to a correctional facility capable of providing infirmory-level medical, psychiatric, mental health, dental, and/or nursing care.
  - a. Upon identification of a need to transfer an incarcerated individual to another facility for infirmory-level care, the Clinical Services Section Administrator (CSSA), the Mental Health Section Administrator (MHSA), or designee notifies the facility Warden or designee about the need to arrange for the transfer of the incarcerated individual.
  - b. The sending facility's Clinical Services Section Administrator (CSSA) or designee provides notification of the pending transfer to the Medical Director, Physician Manager, and Chief Nursing Officer (CNO). The sending facility's Mental Health Section Administrator (MHSA) or designee provides notification of the pending transfer to the Psychiatrist Manager and Mental Health Branch Administrator (MHBA).
  - c. The sending facility's Clinical Services Section Administrator (CSSA), Mental Health Section Administrator (MHSA), and/or designee provides notification of the pending transfer to the receiving facility's Clinical Services Section Administrator (CSSA), Mental Health Section Administrator (MHSA), and/or designee, respectively.
- .2 The Clinical Services Section Administrator (CSSA) or designee and the Mental Health Section Administrator (MHSA) or designee develop and maintain staffing plans for the Medical and/or Mental Health Infirmory, which include the number of Qualified Health Care Professionals and/or Qualified Mental Health Professionals providing infirmory-level care that is based on the number of incarcerated individuals who require infirmory-level care, the severity of the illnesses, and the level of care required.
- .3 All infirmory and sheltered housing admissions are by order of a provider (i.e., physician, psychiatrist, nurse practitioner, physician assistant, psychologist, or

dentist). When there is no provider on-site at the facility, nursing contacts the on-call provider for an admission order.

- a. Medical Infirmery and Sheltered Housing admissions require completion of the Medical Infirmery and Sheltered Housing Provider Order form [DCR 0433] and the Medical Provider Order form.
  - b. Mental Health Infirmery and Sheltered Housing admissions require completion of the Mental Health Provider Order form.
- .4 Upon admission to the infirmery, a Qualified Health Care Professional (QHCP) and/or a Qualified Mental Health Professional (QMHP) completes an initial clinical note that documents the reason for infirmery-level care and outlines the treatment and monitoring plan.
- a. A QMHP initiates the Mental Health Treatment Plan [DCR 0438].
  - b. An admission nursing note shall also include a physical assessment, comprehensive skin assessment, complete vital signs, and weight.
- .5 Incarcerated individuals who require infirmery-level care are always within sight or hearing of a correctional employee who is trained in Cardiopulmonary Resuscitation and First Aid. At all times, a Qualified Health Care Professional (QHCP) is available to respond in a timely manner.
- .6 At least daily, a supervising Registered Nurse (RN) ensures that care is being provided as ordered. The supervising RN reviews provider orders for all incarcerated individuals receiving infirmery-level care and verifies execution of provider orders.
- .7 The frequency of provider and nursing rounds for incarcerated individuals who require infirmery-level care is based on clinical acuity and the category of care.
- a. All incarcerated individuals requiring infirmery-level care with acute clinical conditions shall:
    - i. Be seen by a provider no less than once a week and more frequently as clinically indicated. Provider visits shall be documented in progress notes.

**NOT CONFIDENTIAL**

<b>COR</b>  <b>P &amp; P M</b>	<b>SUBJECT:</b>  <b>INFIRMARY-LEVEL CARE</b>	<b>POLICY NO.:</b> <b>COR.10.F.02</b>
		<b>EFFECTIVE DATE:</b> <b>January 01, 2024</b>
		<b>Page 6 of 7</b>

- ii. Have vital signs (i.e., temperature, pulse, respiration, and blood pressure), recorded by nursing staff at least daily or on a scheduled frequency as ordered by the provider.
    - iii. Have weight recorded by nursing staff at least weekly or on a scheduled frequency as ordered by the provider.
    - iv. Have a clinical progress note documented by nursing staff no less than once per shift or as often as clinically necessary.
    - v. Be seen by a Qualified Mental Health Professional (QMHP) at least daily (i.e., business days), when infirmary-level care involves an acute mental health condition. QMHP visits shall be documented in progress notes.
  - b. All incarcerated individuals requiring infirmary-level care with non-acute clinical conditions shall:
    - i. Be seen by a provider no less than once a week. Provider visits shall be documented in progress notes.
    - ii. Have vital signs (i.e., temperature, pulse, respiration, and blood pressure), recorded by nursing staff at least weekly or on a scheduled frequency as ordered by the provider.
    - iii. Have a clinical progress note documented by nursing staff no less than once daily or as often as clinically necessary.
    - iv. Be seen by a Qualified Mental Health Professional (QMHP) at least daily (i.e., business days), when infirmary-level care involves a non-acute mental health condition. QMHP visits shall be documented in progress notes.
- .8 All incarcerated individuals requiring sheltered housing shall:
  - a. Be seen by a provider no less than once a month. Provider visits shall be documented in progress notes.
  - b. Have vital signs (i.e., temperature, pulse, respiration, and blood pressure), recorded by nursing staff at least weekly or on a scheduled frequency as ordered by the provider.

**NOT CONFIDENTIAL**

- c. Have weight recorded by nursing staff at least weekly or on a scheduled frequency as ordered by the provider.
  - d. Have nursing physical assessment and comprehensive skin assessment at least monthly or on a scheduled frequency as ordered by the provider.
  - e. Have a clinical progress note documented by nursing staff no less than once daily or as often as clinically necessary.
- .9 All infirmary and sheltered housing changes in watch status, including discharge, are by order of a provider (i.e., physician, psychiatrist, nurse practitioner, physician assistant, psychologist, or dentist). The provider shall only modify status or discharge incarcerated individuals from infirmary-level care within the applicable professional scope of service (i.e., medical, mental health, or dental). Mental Health Infirmary and Sheltered Housing status modifications require completion of the Mental Health Provider Order form [DCR 0457] by a psychiatrist, psychologist, psychiatric nurse practitioner.

**LONG TERM TREATMENT GOALS**

- Complete incarceration safely and successfully.
- Stop illegal behaviors by using legal means to meet needs.
- Accept responsibility for decisions or behaviors that have resulted in incarceration.
- Decrease mental illness symptoms and/or eliminate substance use.
- Develop effective relapse prevention and risk management strategies.
- Reduce parasuicidal behaviors.
- Reduce self-injurious behaviors (e.g. engaging in risky behaviors, not using safety precautions).
