- g. All copies of inmate grievances and appeals are to be maintained either in electronic or hard copy format. These document will be maintained for a minimum of three (3) years, after the final response is issued to the grievant.
- h. Grievances accepted for formal processing shall also be entered into the Corrections Information Management System (CIMS), currently referred to as Offendertrak.
- i. Retaliation or reprisals against an inmate for using the grievance program is strictly prohibited and may be subject to disciplinary action.

An inmate may obtain assistance from institution staff or another inmate with proper authorization by the Warden in preparing a grievance or an appeal. However, no person may submit a grievance or appeal on another inmate's behalf, with the exception of a PREA allegation (See Section 5.8 of this policy). All non-PREA related grievances or appeals must be penned by the grievant or the authorized designee as approved by the Warden. The time spent in obtaining assistance may not be considered as a valid reason for exceeding the time limit for submission.

**.3 Informal Resolution**

- a. An informal resolution attempt is encouraged and should be handled at the lowest operational level, but this is not mandatory. An informal resolution is not applicable to emergency grievances.

- b. The informal resolution process is available to inmates through in-person discussion/consultation or via a written inmate request form with the appropriate facility staff member.
- c. Staff and inmates involved in informal resolutions should attempt to make an effort to resolve grievances at this level.
- d. Informal resolutions should be handled without unnecessary delay, and within policy established time frames. Inmates should view the grievance and appeals process as a last resort after all other informal means for resolution have been exhausted.

.4 Filing Procedures

a. Submission

The deadline for submittal of the inmate Grievance is fourteen (14) calendar days from the date on which the basis of the complaint/grievance occurred.

b. Extension

If the inmate demonstrates a valid reason for a delay in writing, an extension in filing time may be allowed by the IGS/FIGO. In general, a valid reason for delay is a situation which prevented the inmate from submitting the grievance within the established time frame. Valid reasons for delay include the following:

1. An extended period in-transit during which the inmate was separated from documents needed to prepare the grievance or appeal.
2. An extended period of time during which the inmate was physically incapable of preparing a grievance or appeal.
3. An unusually long period taken for informal resolution attempts; and unavailability of grievance forms.
4. The inmate is responsible for submitting verification for any claimed reason for delay.
5. Any time delay in receiving a reasonable modification and/or auxiliary aid or service for an inmate with a disability.

c. Form

The inmate shall obtain DCR 8215, Administrative Remedy Form from staff. The form is to be completed legibly with all required identifying information filled in. The inmate shall clearly state the complaint in the space provided on the form. The inmate should submit one copy of supporting exhibits if the exhibits are to be considered in the investigation of the grievance.

If applicable, the inmate should attach a copy of the informal resolution attempt as part of the grievance form. All exhibits will not be returned with the response. The inmate is encouraged to retain a copy of all exhibits for his or her personal records. The inmate shall date and sign the grievance/appeal and deposit it in the mail receptacle in its entirety.

1. **Relevant Grievable Issues:** The inmate may only file “one issue” on each Inmate Grievance form. If there are a reasonable number of closely related issues, then it may be submitted on “one” grievance form.

An Inmate Grievance that is submitted with multiple unrelated issues should be rejected and returned without response, however the inmate will receive notice that the inmate shall be advised to use a separate form for each unrelated issue. The grievance must be individual in nature, regardless of others may be similarly affected.

2. **Exceptions to the Initial Filing:** If the inmate reasonably believes the issue is sensitive, the inmate’s safety or well-being would be placed in danger if the grievance became known at the facility level, then inmate may submit the grievance directly to the appropriate branch or division administrator in a sealed envelope marked “Confidential”.
3. **Emergency Grievances:** Grievances of an exigent nature requiring an immediate resolution or a more expedited process may be given emergency status, and put on a fast-track process.

No stage of the grievance program should be deleted as each step provides a level at which administrative action can be taken however, each step can be accelerated.

Emergency grievances might include, but would not be limited to grievances related to:

- a) Emergency medical treatment;
  - b) Fire/life-safety issues;
  - c) Claims concerning missed release dates;
  - d) The risk of death or serious harm, and
  - e) Other matters for which delay would significantly prejudice or harm the inmate, if not immediately resolved.
4. **Appeals:** An inmate who is not satisfied with the response received may submit an Appeal to the next step within five (5) calendar days from the date of receipt. The inmate shall submit a written statement, or other method of communication approved, regarding the basis of the appeal by addressing the response rendered.

The first level of review for the Inmate Grievance is the Section Supervisor, the next level for appeal is the Warden/Branch/Core Program Administrator and the final review level is the Division Administrator (DA). The decision of the DA shall be final and the ultimate recourse in the Administrative Remedy Process.

5. **Receipt of Acknowledgement:** The inmate shall acknowledge receipt of responses at all steps. An inmate's failure to sign receipt of the response will end the grievance process for that particular issue.

When a Receipt of Acknowledgement (ROA) is sent through confidential mail, the inmate is required to sign, date, and return the ROA prior to any appeals being accepted. Failure to sign and date the ROA will be the same as "refused to sign," thereby ending the grievance/appeal process for that particular matter.

.5 Resubmission

- a. **Rejections:** The IGS/FIGO, at any level, may reject and return to the inmate without response a grievance or an appeal that is written by the inmate in a manner that is obscene or abusive, or fails to meet any other requirements of this policy.

**NOT CONFIDENTIAL**

- b. **Notice:** When a grievance is rejected, the inmate shall be provided a written notice, signed by the IGS/FIGO explaining the reason for the rejection. If the defect on which the rejection is based on is correctable, then the notice shall inform the inmate of a reasonable time extension within which to correct the defect and resubmit the grievance or appeal.
1. Submissions that are too sensitive to be made known at the facility level are not to be returned to the inmate. The inmate will only receive a rejection notice and any other rejected submissions will be returned to the inmate with the rejection notice.
  2. Defects such as a failure to sign a submission, failure to submit the required copies of a grievance, appeal or attachments, or failure to enclose the required single copy of lower level submissions are examples of correctable defects. Five (5) calendar days from the date of the notice to the inmate is deemed a reasonable period for resubmission.
- c. **Appeal of Rejections:** When a grievance or appeal is rejected and the inmate is not given an opportunity to correct the defect and resubmit, the inmate may appeal the rejection to the Inspections and Investigations Officer. Rejections for non-compliance with this policy cannot be appealed.

**.6 Response Time**

- a. If accepted, a grievance is considered filed on the date it is logged into the Corrections Information Management System as received by FIGO or IGS. Once filed, a response shall be made within twenty (20) working days. The initial step assignment is determined by the subject matter of the complaint.
- b. If the grievance is determined to be of an emergency nature, which threatens the inmate's immediate health or welfare, the response shall be no later than three (3) calendar days after filing. This equates to the inmate receiving a response in three (3) days.
- c. If the time period for response to a grievance is insufficient to make an appropriate decision, the time for response may be extended once by twenty (20) working days.
- d. Staff shall respond in writing to all filed and assigned grievances. If the inmate does not receive a response within the time allotted by this policy for a reply, including extensions, the inmate may consider the absence of a

response as a denial at that level. The result is that the inmate is free to proceed to the next step and no response will be forthcoming to the unanswered step/appeal.

- e. Inmates have five (5) calendar days to file an appeal to the Warden/Branch/Core Program Administrator upon their receipt of a denial from the Section Supervisor. The Warden/Branch/Core Program Administrator has twenty (20) working days to respond to the appeal.
- f. Inmates have five (5) calendar days to file an appeal to the Division Administrator (DA) upon their receipt of a denial from the Warden/Branch/Core Program Administrator. The DA has twenty (20) working days to respond to the appeal.
- g. Appeals to the DA shall be the final and ultimate recourse in the Administrative Remedy Process. If twenty (20) working days has lapsed without a response, including any extension period, the grievance/appeal process will be considered exhausted.
- h. The above lapse and lack of a response begins the time and clock for the inmate to seek review of the "final and ultimate recourse in the Administrative Remedy Process" through the legal system.

**.7 Grievability**

Inmates shall not be allowed to file grievances on State and Federal Court decisions; laws and regulations; Parole Board decisions; Hawaii Paroling Authority (HPA) staff, and/or HPA board members, final and ultimate recourse in the Administrative Remedy Process by Division Administrators, Deputy Directors and/or the: Director of DCR; Department Policy and Procedures and agencies outside the exclusive jurisdiction of DCR Corrections Division.

If an inmate raises an issue in a grievance or appeal that involves negligence and cannot be resolved through the Administrative Remedy Process, the respondent will refer the inmate to the administrative tort claim procedure with the Department of Accounting and General Services. It should be noted that any form of monetary compensation is not an option or appropriate resolution for the Inmate Grievance Program or the Administrative Remedy Program.

.8 PREA Standards for Sexual Abuse or Sexual Harassment

- a. DCR, P & P, COR.12.03, Inmate Grievance Program outlines the administrative procedures available to offenders for reporting incidents of sexual abuse, sexual harassment, or retaliation. (PREA Standard §115.52a)
- b. This section is an addendum for COR.12.03, Inmate Grievance Program as it relates to PREA incidents. PREA mandates that there shall be “no time limits or deadlines” for filing a grievance that is reporting an alleged incident of sexual abuse.
  1. DCR shall not restrict the processing of an offender grievance regarding an allegation of sexual abuse.
  2. The filing period set forth in COR.12.03, Inmate Grievance Program is still applicable to any portion of the grievance that does not allege an incident of sexual abuse. The offender must still comply with appeal filing requirements as set forth in COR.12.03.
  3. DCR shall not require an offender to utilize the informal grievance process for grievances alleging incidents of sexual abuse.
  4. The statutory or legal provisions germane to the statute of limitations are applicable to any civil action in a court proceeding (§115.52b)
- c. An offender may submit an offender grievance alleging sexual abuse without submitting it to the staff member, who is the subject of the complaint. This grievance shall not be referred to the staff member, who is the subject of the grievance complaint. (§115.52 c)
- d. DCR’s grievance policy and timelines may differ from the PREA requirement that a decision on the merits of any grievance or portion of a grievance alleging sexual abuse be made within ninety (90) days of the filing of the grievance.
  1. Computation of the PREA 90-day time period does not include time consumed by offenders in preparing any administrative appeal.
  2. DCR may claim an extension of time to respond, of up to seventy (70) days.
