6. Each video call shall be monitored by a staff member.

d. In Person Visits (Same Island Only)

1. It shall be at the IDA's discretion to allow an inmate to attend funeral services or a bedside visit in person.

It is important to note that the court does not have unrestricted authority to dictate that DCR transport an inmate to a funeral or bedside visit. Any court orders of this nature shall be referred to the Litigation Coordination Officer (LCO) for appropriate action.

2. The IDA has the discretionary authority to determine whether the situation requires the inmate to attend a funeral service or bedside visit "in person" rather than through video conferencing.
 - a) Bedside visits, if granted, shall be at a hospital, nursing home or convalescence center.
 - b) Attendance at funeral services, if grant, shall be at the mortuary, funeral home or graveside, subject to the IDA's discretion.
 - c) Inmates are prohibited from attending funeral services or bedside visits conducted in a private residence.
 - d) If the inmate is community custody and in a furlough program, the facility has the option to issue a furlough pass to attend funeral or bedside visit. This decision shall be at the Warden's discretion.
3. The inmate and/or inmate's immediate family shall be responsible for all costs surrounding an in-person visit, including the fees for the escorting Adult Corrections Officer (ACO), transportation costs (such as vehicle use fee, mileage, gas), preparation costs, and any other costs associated with the in-person visit.

5. Based on the unique situation, an inmate's custody, and status, if the IDA determines that the inmate shall be allowed an "in-person" funeral or bedside visit, the inmate shall be escorted by an ACO to and from the facility and in compliance with COR.08.01 and COR.08.24.
 - a) The Warden shall issue complete written instructions to the escorting employee.
 - b) All long-distance telephone calls necessary for funeral attendance shall be paid for in advance, whenever possible, by the inmate or their family.
 - c) All funeral or bedside-only attendance shall be limited to one (1) hour.

- a. It shall be the responsibility of the Mainland Branch Administrator to notify the respective out-of-state facility during times of death and critical/terminal illness of a family member of an inmate.
- b. In all cases, after facility notifications have been completed and referred to the facility Chaplain, the inmate shall be allowed to contact their family members via telephone.
- c. With proper authorization from the Mainland Branch Administrator, the out-of-state facilities shall offer extended phone times to the inmate, video visitation if possible, and/or special family visits at the facility of incarceration. In addition, grief counseling shall be provided by the facility Chaplain.
- d. With proper authorization from the Mainland Branch Administrator, the families may send in a copy of the funeral services via videotape or DVD to watch in private in the presence of the facility Chaplain.
