BANKING & FINANCIAL INSTITUTIONS

A Bank is a safe place to put your money. Research your options. Sometimes banks don't explain fees clearly. Credit Unions often have less fees than regular banks, but often have membership limits. Here are some questions to ask:

- Do they offer free checking accounts? If not, what is the minimum balance to avoid service charges? Are there other costs? Do you get free checks?
- How much is the overdraft fee? (This is the fee charged if you write a check that you don't have enough money in your account to cover.)
- What are the ATM fees?
