In FY23 Revenue decreased due to the completion of that job but we continue to have our labor-based contract with the DOT Highways Division and have added other smaller labor related jobs for other State Agencies. Also in FY23 much of our COVID and Pandemic related revenue came to an end. In FY24 we do anticipate a steady flow of revenue in Modular Furniture, Commissary and our DOT Highways Division labor-based contract which runs for the next 2 years (FY24 to FY25). We do expect it to again increase in relationship to new business that we are bringing in. FY26 to FY27 we anticipate increase with new print shop opening up. And other new shops being opened.

Legal Authority: HRS §351-62.5

Contact Name: Pamela Ferguson-Brey

Fund Type (MOF): B
Appropriation Account Number S-323-V1

Intended Purpose:

Act 206, SLH 1998 established this account and a system of compensation fees to generate revenue to fund the operation of the Crime Victim Compensation Commission (CVCC).

Source of Revenues:

Funds received pursuant to Section 354D-12(b)(1), 351-35, 351-62.6, 351-63, 706-605, and 853-1.

Current Program Activities/Allowable Expenses:

Moneys received are used for compensation payments, operating expenses, and to fund positions as authorized by the legislature.

Variances:

Restitution collection increased due to the Justice Reinvestment (JRI) project and the focus by the Commission's JRI section on restitution collection. The increase also included an increase in compensation fees collected by the Commission's JRI section. The decrease in revenue for FY2018 is related to a significant decrease in compensation fee collections by the Judiciary as well as a decrease in restitution collection. FY2019 revenue collections show an additional decrease in compensation fee collections from the Judiciary which was somewhat offset by an increase in restitution collections. FY2020 revenue collections show a continued decline in compensation fee collections by the Judiciary as well as decreased restitution collections. The Commission's expenditures for victim compensation, operational expenses, and payroll generally track closely to the Commission's revenue. In FY2019, the Commission's increase in expenditures is attributed to an increase in compensation awards from state funds for crime victims, pay increases to staff awarded by the Commissioners, and the payment of administrative fees for two fiscal years were paid during the one fiscal year. In FY2020, the Commission's expenditures for payroll were higher due to the previously awarded pay increases, state funded victim compensation awards and operational expenses did slightly decrease. From FY 2023 onward, 6.0 positions previously funded through this special fund became general funded positions. From FY 2024 onward, 2.0 additional positions previously funded through this special fund became general funded positions.

 Name of Fund: Victim Restitution Trust Fund
 Legal Authority: Administratively Created

Contact Name: Pamela Ferguson-Brey
 Phone Number: 587-1143
 Fund Type (MOF): T
 Appropriation Account Number: T-915-V1

Intended Purpose:

This trust fund was established for the Commission to use as a pass through for court-ordered restitution and court fees from inmates and parolees when the Restitution Recovery Project began in 2003. Any funds deposited into this account are paid pursuant to court order to a victim, agency or other entity who suffered financial loss as the result of a crime. Any funds in this account are dedicated and directed for payment to a specified person, entity or agency by the courts. It would violate court orders to transfer these funds to the general fund.

Source of Revenues:

Restitution and court fees collected from inmates and parolees pursuant to court orders.

Current Program Activities/Allowable Expenses:

Court-ordered restitution and court fees collected from inmates and parolees are disbursed to a crime victim, agency or other entity who suffered financial loss as the result of a crime as directed by the court order.

Variances:

The Commission generally has a cash balance on hand because as new cases come in, the Commission has to ensure it has the correct mailing address for the named victim of the court order before distributing any payments. Additionally, the Commission audits all new cases including contacting the Judiciary about potential prior payments, looking into co-defendants who may have made prior payments and ensuring that the correct information is collected for each victim. The Commission annually escheats funds, as required by statute, for victims for whom funds have been collected but the Commission has been unable to locate a current address. It is not unusual for victims to move and not provide the Commission with their new address. The Commission does not control the amount paid by inmates and parolees toward their restitution and/or court fees, and therefore has no control over the amount of revenue collected.
